

NO MORE RESCUED ALIVE 37 BODIES RECOVERED

Hopes of Adding to List of Survivors of Mine Explosion at Low Ebb.

BRICEVILLE, Tenn., Dec. 13.—With the passing of another day without the discovery of any more live men in the wreckage of the fifty odd men still unaccounted for in the mine, the hopes of adding to the list of survivors of the explosion today are at a low ebb. The report spread through the village that three more survivors had been found and practically the whole population flocked to the mine for news, only to be disappointed in finding that it was untrue.

Progress in the search was obstructed by a smoldering fire, which raged from early yesterday until 3 o'clock this afternoon, requiring the efforts of half the government helmet crew to extinguish it. Thirty-seven bodies had been brought out of the mine up to nightfall and several more had been located. The owners officially announced today that there were 35 men in the mine when the explosion occurred.

Friends and relatives of miners unaccounted for are manifesting great anxiety because the rescuers are not making more headway. There are about 20 miles of mine way to explore and less than 25 helmet men who can penetrate to all corners. Canary birds are being used to detect the presence of poisonous gases, with great success. Miners without helmets are not permitted to enter chambers in which the birds cannot live.

While Dunlop Traction Tread is a tire any motorist might be proud to own the season through, it is a tire whose virtues will be especially appreciated from now right on to next April. The reason for this tire making good at a time of the year when motorists formerly thought auto-billing was unsafe, is because Dunlop Traction Tread is a real, downright scientifically built Anti-Skid tire; a tire the virtues of which can be seen with the naked eye; a tire which can make headway through slush, rain, mud, or grease, without the aid of chains. There are no fears for the car owner when Dunlop Traction Treads are used.

said that he was no orator, but the remarks that followed showed that the rabbi has the true sense of what real eloquence means. Referring to the work for which the Christmas stamp campaign is being conducted, namely to assist needy consumptives in the Muskoka Free Hospital for Consumptives, he said: "If there is any work that should be dubbed holy it is this work that is being done at Muskoka and Weston for suffering consumptives." He was not an infrequent visitor at the institution on the banks of the Humber, and he could speak from personal knowledge of the attention lavished on the poor sick ones in that institution. "No more loving care, tenderness, and patience could be given to sick ones than that bestowed on patients by the nurses in this hospital."
