FIRE EXTINGUISHERS SHOULD HAVE GAUGES

An inquest into the death of Captain Moses Thompson of the Portland street fire station, was held in the ity morgue last night, Coroner J. E. lliott presiding. Captain Thompson was killed as a result of a fall from the roof of the house at No. 22 Brant street on Wednesday morning at 10 demic New South Wales has estab-o'clock. It is alleged that the explosion lished border patrols to prevent pasa fire extinguisher which he was ing blew him off the roof.

Coroner Elliott made a thoro in-estigation into the strength of the extinguishers, and a loaded one was pro-duced by Fire Chief Smith, who was present, to show the jury how it was perated. The coroner laid strong emphasis upon the fact that no gauge is in the extinguishing tanks to inform firemen when the pressure is too eavy.

Ther inquiry was adjourned until
