"The Perfect Food"

Now 10c.

Couldn't be made betterthere's none "just as good," there isn't a better food. Simply delicious. The grocer offering a food "just as good" as Malta-Vita has little respect for your judgment or health.

Toronto Junction, Sept. 25-Harry Rosen, wholesale furrier of Toronto, to-day completed the purchase of Rev. T. E. E. Shore's fine new three storey brick business block on the south side of Dundas-street, between Medlandstreet and Pacific avenue. The sale was effected thru George H. Webb, real estate dealer, and it is understood that the price paid was about \$8000. As Mr. Rosen will carry on an extensive business in furs, this is regarded as an important addition to the many industries which now have their headquarters in Toronto Junction, The board of works met to-night,

Councillor Ryding in the chair. Town Clerk Conron reported that \$4000 had been apportioned for sidewalks, and PUBLIC AMUSEMENTS.

The Company. The Parliament of Canada having passed a special Act incorporating The Sovereign Fire Assurance Company of Canada, with an

Authorized Capital of Two Million Dollars (\$2,000,000), the Directors herein announce that subscriptions for the Company's Capital Stock will be received at a Premium of Twenty-five Per Cent.

The Growth of Fire Insurance in Canada. Canadian Government statistics issued by the Superintendent of Insurance show that during the past thirty-six years the business of fire assurance in this country has increased ten-fold—the total amount of premiums collected in Canada in the year 1869

being \$1,785,539, while that of 1904 was \$13,174,819 for the same purpose. Of this premium income only \$2,688,703 was paid to Canadian Companies, while \$10,486,116 was paid to Foreign Companies. The total amount of fire assurance premiums collected in Canada during these thirty-six years amounted to the enormous sum of \$201,580,555. Of this amount \$156,600,789 was the amount of capital which left Canada in payment of premiums to Foreign Companies.

The Insurance Report shows that for the year 1904 there were but ten Canadian Companies licensed by the Dominion Government to transact the business of Fire Assurance in Canada, and but two of these ten had a paid-up capital for more than \$225,000. With such facts and figures before them, the incorporators of THE SOVEREIGN FIRE ASSURANCE COMPANY have been convinced of the necessity for a sound substantial Corporation—the shareholders and policy-holders of which would be protected by a LARGE CASH CAPITAL PAID UP IN FULL, a Government deposit in excess of the Statutory requirement, and a strong directorate of business men which would conserve these resources for the development of Canadian institutions. To secure this end the Directors offer

Two Hundred and Fifty Thousand Dollars of the Capital Stock of the Company to Investors, until further notice, at a premium of Twenty-five Per Cent.

Every share subscribed for by the management or the general public has been taken

TO HOLD A STRONG FINANCIAL POSITION.

The fund created by the premium on the capital stock is for the purpose of strengthening the financial position of the company, the foundation of which has been laid with far-seeing realization of the possibilities of the future.

THE "SOVEREIGN" MANAGEMENT.

While the primary factor in the success of the Sovereign Fire Assurance Company will be the solid financial basis on which it is founded, the elements which contribute to most lasting and profitable results rest in a capable management. The directors realize this, and in their choice of Mr. Addison H. Hoover, so well and favorably known as the President and Managing Director of the Sovereign Life Hoover, so well and favorably known as the President and Managing Director of the Sovereign Life Assurance Company, to direct the Company's organization, they have selected a man possessed of the necessary knowledge, experience, acumen and business judgment. Mr. Hoover will have associated with him as General Manager of the Company a gentleman of continental reputation as an expert in modern fire insurance methods.

PROFITS OF FIRE ASSURANCE COMPANIES.

The average dividend paid by thirty-two British Joint Stock Fire Assurance Companies for the current financial year, corrected down to September 1st, 1905, exceeded 30 per cent. per annum, and the average dividends for ten years ending December 31st, 1904, paid by 136 Joint Stock Fire Assurance average dividends for ten years ending December 31st, 1904, paid by 136 Joint Stock Fire Assurance Companies of the United States, as compiled from official reports, has exceeded 134 per cent. per Companies of the United States, as compiled by the Superintendent of Insurance covering a period of thirty years, annum. Statistics compiled by the Superintendent of Insurance covering a period of thirty years, annum. Statistics compiled by the Superintendent of Insurance covering a period of thirty years, annum 1875 to 1904 inclusive, show that the dividends paid by Canadian Fire Assurance Companies from 1875 to 1904 inclusive, show that the dividends paid by Canadian Fire Assurance are to-day amounted to \$4,460,885.25, and when it is remembered that the rates for fire assurance are to-day practically 50 per cent. to 100 per cent. in excess of the rates charged during the period covered by the Insurance Department, it will be readily seen that the business is now fixed upon a substantial basis and the profitableness of the future is unquestionably assured.

Without any solicitation whatever, the simple announcement of the Act of Incorporation of the Sovereign Fire Assurance Company has brought forth a large number of applications for agencies from reliable and well-known fire underwriters throughout the Dominion.

THE SUBSCRIPTIONS FOR CAPITAL STOCK.

The capital stock of the Sovereign Fire Assurance Company of Canada is Two Million Dollars, divided into 50,000 shares of \$40.00 each, of which two hundred and fifty thousand dollars is now offered to investors at a premium of 25 per cent. or FIFTY DOLLARS A SHARE.

PRICE LIST OF SHARES.

	-		
5 shares (including premium)	750 1,000	30 shares (including premium)	2,000 2,500 3,750

THE CONDITIONS OF SUBSCRIPTION

A cash payment of not less than ten dollars (\$10.00) per share, with subscription, and the balance in equal payments at 30, 60 and 90 days.
