WILLIAM GRAY RETURNS.

Conservative Candidate in London Election Back From Europe.

LONDON, Nov. 13.—William Gray, president of the London Conservative Club, and Conservative candidate in the 110 vote election of a year ago, arrived from Europe this morning, where he had been three months. Asked concerning the disclosures which have been made in the Toronto police court touching the means by which his defeat was accomplished, Mr. Gray said he did not wish to make any statement at this time.

At 8 o'clock this afternoon an exhibition drill will be given for visitors from Halifax at fire headquarters, Lombard-street, by the men of Aerial L, when the 85 foot ladder will be raised.

HOME AGAIN.

BRONCHITIS CAN BE CURED

Dr. Wood's Norway Pine Syrup Will Do It.

Bronchitis is generally the result of a cold caused by inclement weather or exposure to wet, and is a very dangerous inflammatory affection of the bronchial tubes.

The symptoms are tightness across the chest, sharp pains and difficulty in breathing, and a secretion of thick phlegm, at first white, but later of a greenish or yellowish color.

Neglected Bronchitis is one of the most general causes of consumption, so cure it as soon as possible by the use of

Dr. Wood's Norway Pine Syrup

Mrs. S. Fidler, Linton, N.B., writes: "I feel my duty to let you know of my experience with Dr. Wood's Norway Pine Syrup. My little girl was very low with Bronchitis and our doctor did all in his power for her, but could only give her relief for a short time. My husband saw your medicine advertised, and immediately procured some much relief in so short a time. It stopped the annoying cough at night and she is now perfectly cured. I am so glad I can hardly express my gratitude for what Dr. Wood's Norway Pine Syrup has done for us."

Price 25 cents at all dealers.

RICHIEU CANAL SCHEME BEFORE DEEP WATERWAYS

Company Proposes to Make Lake Champlain a Storage Basin and Use Water for Power.

(Canadian Associated Press Cable).

LONDON, Nov. 13.—Prof. Richard Jebb, lecturing on Imperial Organization before the Royal Colonial Institute to-night, said the question could only be solved by a process of evolution. He conceived imperial union as an international alliance, the central principle of which should be sought in consultations between the nations by means of conferences and with permanent ambassadors, who would be privy councillors and members of their governments.

He emphasized the importance of preferential trade as a means to making the empire a reality to its people, and denied that England was being asked to sacrifice her national interests on the imperial altar. Home tariff reformers should make the question a domestic one and exclude the idea that a new imperial machinery was required to deal with it.

Imperial Alliance.
Regarding imperial defence his conception of an imperial alliance would be fulfilled when each partner state gave its young men rudimentary military instruction, entrusted its home defence to an efficient citizen army and supplied contingents to an imperial striking force stationed, perhaps, in South Africa, and furnished a squadron to the imperial navy. (Applause.)

Under these conditions there would be an all-round ability to fight if ever the alliance occurred in willingness to fight.

In foreign relations he claimed that our foreign friends who had this ability inevitably outweighed the claims of imperial dependents who had it not. The lecturer made much appreciation from subsequent speakers.

The Free Press, referring to the Alberta Mormons, says their peculiarities are so mixed with their ordinary life that they are bound sooner or later to come in conflict with the general body politic.

J. J. Hill's Speech.
The Edinburgh Scotsman has a long editorial on J. J. Hill's advice to the States' traders to make a bid for the Canadian market, emphasizing the railway manager's alertness. "If there is the same alertness on the part of Canadian like Right Hon. Mr. Asquith, it is hopeful the atmosphere would be created for an imperial conference."

Augustine Birrell, president of the board of education, speaking at Bristol, referred to the education bill as amended by the lords and said the Liberal government have no use for such a measure. He hoped the house of lords would realize that the bill as sent up was in accord with the pledges the government meant to keep.

GASTRUE UNDER BEDCLOTHES AGED MAN'S METHOD TO DIE

East Toronto Resident Found Dead in Bed—Left Money to Pay for Notifying Brother.

For years Charles Bartholomew, a well-to-do and highly respected citizen, who lived a solitary life in the premises belonging to him in East Toronto, called every morning at the postoffice of the village and then made his purchases for the day. The fact that he did not call at the postoffice, as usual, on Monday morning attracted attention. When he was missed again on Tuesday morning, some alarm was felt that he might be ill, and a search was made for him. He was found dead in his bed, and a coroner's inquest was held. The coroner's jury returned a verdict of death by natural causes, and the body was buried in the family vault.

A note addressed to the mayor and Mr. Cobley asked them to notify his brother, Thomas C. Bartholomew, of Norwich, Ont. There was also a statement that he could no longer endure the suffering caused by his disease, and that he was unable to undergo further operation. He left \$100 to pay the telegraph charges in notifying his brother.

The remains are held awaiting an order from the brother. He is not known to have any other relatives.

KNOX COLLEGE M.S.

The Work of a Year Under Review at Annual Meeting.

The annual meeting of the Knox College Missionary Society was held in the College Chapel last night. Rev. John Neill of Westminster Church presiding. Rev. Dr. E. H. Oliver, one of the 20 missionaries sent out to the west by the society, gave an interesting account of his experiences in the railroad and lumber camps of British Columbia.

The financial secretary, F. H. Moyer, reported that the society had started out with \$3288. Of this \$3288 had been expended for student workers' salaries and board and \$1838 for railway fares. The total expenses for the year amounted to \$3836, leaving a balance of \$452. Mr. Moyer stated that 33 missionaries, mostly students, were sent out and the results were very satisfactory.

OBITUARY.

Harry Webb.
The death took place yesterday of Harry Webb, president of the Harry Webb Co., bakers and confectioners. Mr. Webb retired from active business twelve years ago. He was 68 years of age and leaves a widow.

Archdeacon Pentworth of British Columbia was in Toronto yesterday on his homeward journey to the west.

PROBE WEST HURON.

Bribery Enquiry Resumes and May End To-Day—Is More Witnesses.

The London bribery investigation will be resumed in the police court this morning, and Mr. DuVernet said last night, will probably be wound up before the day is ended.

The West Huron election is to be probed. Eighteen Goderich Liberals have been subpoenaed, among them W. L. Horton, president of the local association; Jas. Yates, division court clerk; and a number of others who acted as deputy returning officers, including H. L. Watson, John Edwards, A. Smith, R. Young, Wm. McCarthy and Police Magistrate Hunter. A. M. Todd of the Goderich Star, who acted as returning officer, has also been served.

A state of affairs similar to that existing at Brockville is to be revealed. The witnesses are also expected to corroborate Pritchett's evidence.

The crown has been unable to induce Farr, who knows a great deal about the misconduct of elections in Western Ontario, to return from the United States to give evidence.

CONFERENCE TO-DAY.

Between Mr. Beck and Western Municipalities Association.

A meeting of the hydro-electric power commission is to be held this morning. There will also be a meeting of the municipalities commission in the mayor's chambers at the city hall at 10.30.

Hon. Adam Beck was in town yesterday, and expected to meet representatives of the western municipalities' power organization to-day. The outlook for cheap power was more favorable than ever, he said.

Ald. J. H. Fryer, Galt president, and J. W. Lyon, Guelph secretary, of the western power organization, arrived at the King Edward last night, and will attend the mayor's conference this morning. Mr. Lyon reports that a number of farming communities have about completed organization in order to make a request for electric power to be supplied by the commission.
