A Professor on Land Nationalization
Prof. DeLury of Toronto University addressed the Canadian Socialist League in
St. George's Hall last night on "Land Nationalization," and quoted the works of Locke, Dove, Spencer, Mill, George and Wallace to show the growth of the land nationalization movement, and the various methods proposed to secure it. Sam Jones and S. T. Wood spoke for the single taxers. Mr. Wood commended the address, and said he had no criticism to oner. Philips Thompson said the Socialists generally believed in securing land mationalization by taxing land values, but they considered other questions of equal importance. Several others took part in the discussion, which was very interesting. Professor on Land Nationalization

I was giving him medicine, and the thought unnerved me. I hesitated for nearly all spent, I threw off all fear and determined to make an effort to save our home from the ruin I saw coming, at all hazards. I sent for your Samaria Prescription and put it in his coffee as directed next morning, and watched and prayed for the result. At noon I gave him more and also at supper. He never suspected a thing, and I then boldly kept right on giving it regularly, as I had discovered something that set every nerve in my body tingling with hope and happiness, and I could see a bright future spread out before me—a peaceful, happy home, a share in the good things of life, an attentive, loving husband, comforts, and everything else dear to a woman's heart, for my husband had told me that whiskey was vite stuff much intoxicated and his week's salary and he was taking a dislike to it. It was only too true, for before I had given him the full course he had stopped drinking altogether, but I kept giving the medicine till it was gone, and then sent for another for tell you how thankful I am. The trouble between the "big syndicate" and John Moodle, jr., is not over yet. Last night the electrical power was cut off and Mr. Moodle has fallen back on steam power. The syndicate's transforming station on Victoria-avenue is to be enlarged. A permit to erect an addition, at a cost of \$8000, was issued to-day by the Building Inspector. Another Right-of-Way.

Another right-of-way for the projected Guelph Electric Railway has been proposed. It is said it could be procured for a smaller sum than would be required to widen York-street. It would run entirely on private ground, north of York-street, on an almost straight line from Bay-street, opposite Vine-street, to Inchbury-street and then strike York-street.

An Alleged Cure. An Alleged Cure.

It is alleged that a Christian Scientist has effected a wonderful cure here. About a week ago John Connor, foreman at Brennen's Planing Mills, had his leg caught in the belting and badly hurt. Since getting back to work he has been using both crutch and stick. Last evening, in the presence of the employes a Mr. Allingham, also a mechanic, was taken to the mill, had the man's boot and bandages remoyed and passed his hand over the swollen and discolored part. Then Foreman Connor replaced

The seventh annual at home of the staff and pupils of the Jaryis-street Collegiate Institute held last night was a pretty affair. The school building was superbly decorated for the occasion with flowers, flags and bunting. A delightful program of regitations, vocal and instrumental music, was rendered by Miss Harvey, Miss Proctor, Miss Geddes, and the Glee Club. Addresses were made by Mr. T. C. Irving, president of the Old Boys' Association, and J. W. Mallon, B.A., LL.B., chairman of the Board of Trustees. D'Alesandro's orchestra supplied excellent music for the promenade through the corridors of the building after the concert. At the Criminal Court.

The grand jury in the Criminal Sessions yesterday returned true bills against R. Thompson, seduction; E. E. Anderson, theft. No bill was reported in the case of Frank Longeway, charged with theft.

The trial of Thomas R. Jackson on a charge of stealing some oats and a horse blanket from Henry Miles of York Township, occupied the whole of the day. The jury failed to agree, and Jackson was admitted to bail to appear for trial at the next court.
