TORONTOS AT ATLANTIC CITY

Sixteen Men, Under Direction of Manager Barrow, Bat Out Flies and Throw the Ball.

FOUR MEN FAIL TO REPORT.

Regulars Will Play First Practice Game To-Day Against Alloway's Phenoms.

Atlantic City, N.J., April 11.—Manager Barrow of the Toronto club, accompanied by sixteen players, arrived here last night and put up at the Brevoort House. They were up early and put in a few hours getting limbered up at Inlet Park. The players ran to and from the park, which is about a mile and a half from the hotel. Jimmy Bannon is the youngest boy of the lot, judging by the way he took the lead, closely followed by little Mike Roach and Reddy Grey, this morning. The afternoon was devoted to fungo batting and passing the ball.

Manager Barrow believes in gradually working the men into shape, and will increase the amount of work each day. Some of the boys are pretty tired to-night, and there will be some sore arms and bodies in the morning. They are all much pleased with Atlantic City as a training place. It is a trifle cool, but the weather man promised it more like summer to-morrow.

Williams, Walters, Suthoff and Carr are still among the missing. Suthoff and Walters are expected to-night. Carr, who is coaching Lehigh College team, won't be able to report before May 15.

Manager Barrow has excused Williams from spring practice, Pop promising to be on hand in condition to pitch the opening game.

To-morrow the men will be divided into two teams, the Phenoms and the Regulars, and a game will be played in the afternoon. Capt. Alloway of the Phenoms is making all kinds of bluffs about what his team will do. The fun will begin at 2 o'clock.

Montreal's Old Players.

Capt. Dooley, the Frenchman, is in Paterson, N.J., with his gendarmes, and writes of the situation to a friends in Montreal as follows:

"I have had my hands full this winter, and later it has been a case of hustle to get in on some of the players that are on the market, and I have at last secured the release of our old friend Dan McFarlan from Washington.

"As for news, why all I can say is that we have several of the old players—Moran, Felix, Sonders, Johnson, Henry, Schiebeck, Bannon, Odwell, Richter—and new ones in Lezotte, Kenny (catcher), Pitchers Goodwin, Clancy and Knauk, but I think the pitching staff will be about McFarlan, Souders, Felix, Magie and possibly Goodwin.

"Worcester has strengthened up some, and will be quite a club in the race. They have bought lately Pitcher Angee from Washington and Outfielder Blake from St. Louis. Providence has bought Evans back from Washington and also Pitcher Phyle from Chicago."

Toronto Senior League.

The Toronto Senior League delegates met last night at the Hamill House and completed arrangements for the opening of the season. Ed. Reid was appointed official umpire. The committee arranged the constitution and rules of play. The opening game will take place at Old U.C.C. on May 5.

The members of the Garrett Baseball team are requested to attend a practice on the club's diamond, Grace-street, Good Friday, at 9.30 a.m. As this opens the season for this club, the management would like to see both players and supporters out in force.

Brantford had a big turn out at the meeting Monday evening for organization. It was decided to join the amateur league being formed with Galt, Guelph, Stratford, Berlin and other places, and Fred Coulter was instructed to attend the meeting to be held in Guelph, for the purpose of organizing the league. W. G. Killmaster was elected president, and P. A. Errett, secretary.

The Scranton Baseball Association has been organized here to-day, thus completing the circuit of the Atlantic League. John R. Edwards is president and M. Sanders secretary. Walter Burnham was elected manager. The men Manager Burnham will sign include Second Baseman Sam Mills, First Baseman Birmingham, Right Fielder Sheffler and possibly Third Baseman Mike Doherty. GILMORE WRITES ABOUT FORBES.

Jimmy Smith's Opponent Here Next Wednesday in Best Condition—Preliminaries.

Harry Gilmore writes that he was so confident that Harry Forbes would beat the bigger man that he went up against last month at Chicago, that $40 of his good money went up in smoke. The ex-Torontonian was always so confident of Forbes' ability to beat everything at the weight that he invariably had a few centuries up on the lad's chances. Gilmore advises his friends here that his protege will go into the ring against Jimmy Smith next week in the best possible condition and they need not think that the surprising defeat at the hands of Benny Yanger has started Forbes on the down grade.

On the other hand, Smith, fresh from his great victory over Casper Leon by the knock-out process, a trick that no other boxer except Terry McGovern performed on the shifty Italian, will never think of the loser's end. He has trained carefully since he put it all over Sandow Snyder in London. The Canadian champion is in the best hands and will work gradually down to the stipulated 115 lbs. Messrs. Gilmore and Alcock have each posted $100 for appearance and weight and the bout will be strictly for the Canadian professional bantam-weight championship.

The Crescent Athletic Club yesterday completed its matchmaking for the preliminary contests, making the full program for the Bijou Theatre on April 21, as follows:

Willie McGill v. Jim Lawless, both of Toronto, 5 rounds at 135 lbs.

Jack Roach v. Oliver Brown, both of Toronto, 10 rounds, at 135 lbs.

Harry Forbes of Chicago v. Jimmy Smith of Toronto, champion of Canada, 20 rounds at 115 lbs.

Forbes will train at Gilmore's place in Chicago until next Tuesday and, according to the articles of agreement, they must be in Toronto by Wednesday, or three days before the contest. Smith works on the roads and boxes in the Athenaeum gymnasium.

WHIST CONGRESS OPENS TO-NIGHT.

Compass Games and Pairs First in Order at Temple—Championships on Friday.

Secretary Hunter and his hustling committee have everything in readiness for the fifth Canadian Whist Congress, that opens in the Temple Building to-night. Contestants will be in the game from every important city and town in Canada, besides from many places across the line, including Detroit, Buffalo, Jackson and Toledo.

Many ladies have entered and will compete in the compass and championship events.

The officers for the year will be chosen Friday night, after which the banquet will be held in the Temple Cafe.

Intending players are particularly requested to take notice that the congress will be held at the Temple Building instead of at the Athenaeum Club, as previously announced. This change was necessitated by the increased number of entries, and for the accommodation of members, as the Temple Building provides dressing rooms, and the cafe in connection with the building will enable members to obtain refreshments and meals without leaving the building.

The opening match will be held this evening at 8 p.m., and whist players are reminded that entries for the pair matches may be made up to the hour of play, and that players may enter for a match at any of the sessions on Thursday, Friday or Saturday, same being open to all upon payment of the small entry fee. The delegates to the Lacrosse and Wheelman's conventions are cordially invited to play in any of the matches.

ROWING ON CHARLES RIVER

Ned Hanlan Talks of His Early Spring Work With the Union Boat Club at Boston.

COACHING 200 CANDIDATES.

Harvard Has 400 Under the Watchful Eye of Harry Vail—Some Promising Men.

Ned Hanlan, who returned from Boston to attend the funeral of his brother John, will return to the Union Boat Club headquarters on Saturday. Hanlan states that there is great activity among all the rowing clubs on the Charles River, culminating among the 400 candidates for aquatic honors up the river at Cambridge, where the Harvard students are a perfect swarm on the water. Ned has under his charge 200 Union Club oarsmen and scullers, and will have several eights, fours and singles at the N.A.A.O. regatta in New York, July 20 and 21. He is coaching nine eights, while Harry Vail has no less than 14 octets in training at Cambridge.

Then there is the Boston Athletic Association, that has a splendid boathouse not far from the Union, with hundreds of promising men and also a superabundance of eights.

A notable feature of Hanlan's class is the number of lads of 16 to 18 years from different Boston schools and colleges, who must get in their work from 2 to 4 p.m., after which the Union regulars take their places in the boats.

The three clubs will hold early trial races of all descriptions, and Beautown will surely turn out some crack men in 1900. Ned likes his new place, and says he has plenty of admirers as he accompanies his crews in a shell. Already they have been favored by fairly warm weather, tho an occasional squall comes along to upset a boat.

Next America's Cup in 1901.

New York, April 11.—Major Jamieson, who arrived on the Oceanic to-day, denied the rumor that he was the bearer of a message from Sir Thomas Lipton to the New York Yacht Club. He said he thought it probable that Sir Thomas Lipton would prefer a race in 1901 in August, rather than in October. Major Jameson saw C. Oliver Iselin and Sir Thomas Lipton before he sailed, and declared he could see nothing to interfere with the challenge for the cup races in 1901.

DOG SHOW OPENS TO-DAY.

Record Entry List for Bench Exhibit in Walker Building.

The carpenters finished their work on the benches last night in the Walker building for the dog show, which opens to-day to the public.

The show this season promises to excel all previous efforts. The entries are more numerous and there will be a greater variety of classes on exhibition. The Fox terrier class promises to be a good one, as do the bull and larger classes.

One of the most interesting prizes to be competed for at this great event is a splendid life size oil painting of the winning beauty in the English terrier section. The prize is to be the work of Mr. W. A. Sherwood, and presented by him to the association.

The International League.

Detroit, April 11.—The Canadian League to-day elected B. Needham of Detroit president, and Cal. Davis of Hamilton, secretary-treasurer. Five Michigan cities were represented and four will be granted franchises on or before April 19, when another meeting will be held, upon payment of $250 as a forfeit to play out the season. Grand Rapids and Saginaw are certain to be in the league. Port Huron, Manistee and Muskegon are the others under consideration. An $800 salary limit will be observed.

Rusholme Lawn Tennis Club.

The sixth annual meeting of the Rusholme Lawn Tennis Club will be held in the parlors of the West End Y.M.C.A., this evening at 8 o'clock.

A cordial invitation is extended to all friends of the club and those interested in tennis to be present.

As the season promises to be an early one, Rusholme expects to have her courts ready for playing on about the first week in May, and a very prosperous year is looked for.

Clinton Bowling Club.

Clinton, April 11.—A large and enthusiastic meeting of the Clinton Bowling Club was held to-night, being the annual meeting for the election of officers and the transaction of other business. The following officers were elected for the coming season: President, John Ransford; vice-president, A. Johnson; secretary, W. Jackson; dent, A. Johnson; secretary, W. Jackson; treasurer, J. P. Tisdal; committee, D. A. Forrester, G. D. McTaggart and James Fair. The club now numbers 40 members, new grounds have been purchased in the centre of the town, which will accommodate 12 rinks, and considerable money will be laid out in erecting new fences, club house, etc.

Bluerock Shooting.

The following scores were made at McDowall's grounds:

Match No. 1, 25 targets—T Rock 22, D Emerson 21, W Turner 21, H Johnston 18, W Moore 18.

Match No. 2, 25 targets—Rock 24, Emerson 22, Moore 22, Johnston 20.

These grounds will be formally opened for the summer to-morrow afternoon at 2 o'clock. All shooters are invited.

Gossip of the Turf.

The Seagram string of thoroughbreds that were to leave Waterloo on a special train on Tuesday night, were not sent down owing to the cold weather, and it is learned from good authority that they will not arrive till Tuesday morning, April 17.

The harrows have done great work at the Woodbine, which is drying out much faster than was expected. The track is now in fairly good condition, and yesterday some of the horses were given slow gallops around the outside edge.

Judge Wardell was a 7-to-5 favorite for the last event Tuesday at Memphis, and he was the pacemaker into the stretch, when he began to back up. Alpaca was winning by the last 100 yards, when she, too, tired, and Brave Lad and Tildy Ann both passed her, the former winning a good race by a head on the post.

Jockey Martin's badge was taken up Tuesday at Memphis, and he will not in future be allowed on the grounds there. This action was taken in accordance with the rules of the Western Turf Congress, which provide a penalty of outlawry against any of its tracks that shall harbor a ruled-off or suspended person.

Riley Grannan is the latest arrival at Bennings. The erstwhile plunger announces that if he finds things to his liking after looking over the ground, he may make a book for the rest of the meeting. This would seem to disprove the statement that the one-time seller of programs was in such bad financial straits that he had to go to Europe to evade his creditors.

Second-Hand Wheel Chances.

R. G. McLeod of 102 West King-street is offering some rare bargains in second-hand wheels at the present time. These wheels are all of the leading makes and have been taken in exchange for new wheels. They have been thoroughly overhauled and refitted and put in first-class condition. Prices range from $8 up and wheels will be sold on time payments. By this plan you can buy a good wheel for less than you would pay for renting one, and own it at the end of the season.

If you stop at the Bennett House when you visit Bowmanville you will be certain of first-class accommodation. The bus man will take you there if you ask him.

SECOND SPRING OPENING

Superfine American Shoes $4, $5, $6.

Obviously, to import and sell American Shoes in Canada they must be better shoes than can be made in Canada—shoes possessing more style and better materials.

I should like you to see the new shoes I have just received. They will meet your most fastidious wishes.

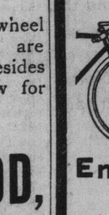
1900 BICYCLES

Our models are distinct in quality, appearance, design and finish.



The grent factor in bringing down prices has been the introduction of machinery which stamps the frame parts out of flat sheet steel and presses these into the required shape when cold. Such connections cost about 1-12 as much as forgings. Some makers have honestly reduced the price of such to their proper value, while others ask just as much for such as we ask for our Eldredge Cycle, in which every connection is forged and in which no casting or sheet steel stamping exists. Our prices in every case represent the true value, and our

Empire, Canadian King of Scorchers and Eldredge Cycles

Are unrivalled at their respective prices. Guaranteed against defects and to give every satisfaction. If you are looking for a really high-class cycle see our Eldredge. It is admittedly the best finished cycle shewn in Toronto, and in running qualities excels others, being perfectly smooth and noiseless.
