LANGUID AND DEPRESSED BY
WITHERING SUMMER WEATHER.

In these hot summer months, when weary muscles and shattered nerves make you feel so tired, depressed and worn out that you can hardly put one foot before the other, Dr. Chase's Nerve Food will lift you from that horrid overpowering weakness and ever present languor worse than pain. It makes you feel well because it creates the new, vigorous tissue that quickens you into enjoyable life.

Summer Sufferings | The Broken Health of of Women. | Busy Men.

It requires an enormous amount of vitality to withstand the weakening and trying effects of the withering summer weather, to overcome the languid, worn-out feelings and to fight off the fevers and dreadful fatal diseases which are especially prevalent in the summer time and ever ready to attack those in a low state of health.

There is nothing so trying on the system as the hot summer weather, and none who suffer more from the heat than the woman with the cares of a family on her hands, requiring work in the hot kitchen and over the house. Many a worried, despondent woman who could scarcely drag herself about the kitchen has been restored to health and strength by the use of Dr. Chase's Nerve Food (pills), the great blood builder and nerve restorative.

Mrs. M. A. McCrea, Tarrytown, Ont., writes: "My system was all run down when I began to use Dr. Chase's Nerve Food. I was weak and very nervous and felt sore and worn out that I could scarcely drag myself about the house. It seemed impossible for me to get rest or sleep at night, and I felt that I was gradually growing weaker and more nervous and irritable. Since beginning the use of Dr. Chase's Nerve Food I feel altogether different. It has gradually strengthened my nerves and built up my system wonderfully. I sleep well now, and am being thoroughly restored to health and strength. I believe it is the best medicine to be had for the nerves."

Mrs. S. Dempsey, Albury, Ont., writes: "My little granddaughter, nine years old, was pale and weak, she had no appetite and seemed to be gradually growing weaker. Dr. Chase's Nerve Food proved invaluable in her case, restoring health and color and making her strong and well."

Instead of holidaying in the wilds of Muskoka or on the shores of the great lakes, many a man finds it necessary to plod on day after day and week after week at his desk, in the workshop or at the factory, and the strain of the toil and worry, combined with the enervating and debilitating effects of the summer heat, is usually almost more than he can bear.

What wonder that so many suffer from nervous headaches, nervous dyspepsia and brain fag, and find it difficult to remember and to concentrate their thoughts! The regular use of Dr. Chase's Nerve Food entirely overcomes these symptoms of a breaking down nervous system and revitalizes the body and mind. Dr. Chase's Nerve Food contains in condensed form the most effective tonics known. It is sold in the standard sizes of 10¢, 25¢ and 50¢.

Mr. A. R. Fawcett, the well-known editor and proprietor of The Leader and Recorder, Toronto Junction, writes: "It is very seldom that I need medicine of any description, but this spring I got so badly run down and out of sorts generally that I became somewhat alarmed. Chancing to read a testimonial about the results derived from Dr. Chase's Nerve Food, from a gentleman who case seemed to be identical with my own, I purchased a box and commenced using it.

"The result was simply marvellous. I was benefited from the first, and soon restored to my usual good health. I never felt better in my life than I do now. To tell the simple truth, I did not have very great faith in any medicine until I used Dr. Chase's Nerve Food, but now I have no hesitation in strongly recommending this great remedy to others, as a valuable and effective remedy."
