

MUNYON'S GOOD WORK. THE BURDEN OF Sickness and the Shadow of Graver Things BEING LIFTED From Thousands of Homes in Canada.

Mr. W. J. O'Brien, brakeman on the Grand Trunk Railway, residing at 211 Logan avenue, Toronto, Canada, says: "My experience with the Munyon treatment for dyspepsia has been most satisfactory. I was in a terrible condition when I consulted Munyon. I was so bad, in fact, with dyspepsia and headache that I never expected to get better. The pains in my head nearly drove me wild, and I was unable to walk the floor for hours. I had dyspepsia so badly, and my stomach was swollen so frightfully after eating heartily that I suffered the greatest agony. I had used all medicines in the effort to get relief, but I kept getting worse. Since I began using Munyon's Dyspepsia Cure I have never felt in better health. I can eat almost anything, and feel no bad results. I am now in splendid health, and attribute it all to Munyon's treatment, and am daily recommending these wonderful remedies. Munyon's Rheumatic Cure seldom fails to relieve in one to three hours, and cures in a few days. Price 25c. Munyon's Dyspepsia Cure positively cures all forms of indigestion and stomach troubles. Price 25c. Munyon's Cold Cure prevents pneumonia and breaks up a cold in a few days. Price 25c. Munyon's Cough Cure stops coughs, night sweats, always successful, and speedsily heals the lungs. Price 25c. Munyon's Kidney Cure speedsily cures pains in the back, loins or groins, and all forms of kidney disease. Price 25c. Munyon's Nerve Cure stops nervousness and builds up the system. Price 25c. Munyon's Headache Cure stops headaches in three minutes. Price 25c. Munyon's Eye Ointment positively cures all forms of eye. Price 25c. Munyon's Blood Purifier cures all impurities of the blood. Price 25c. Munyon's Female Remedies are a boon to all women. Price 25c. Munyon's Catarrh Remedies never fail. The Catarrh Cure—price 25c—eradicates the distressing and dangerous Catarrh of the bladder—price 25c—cleanses and heals the parts. Munyon's Asthma Remedies relieve in three minutes and cure permanently. Price 15c. Munyon's Vitalizer, a great tonic and restorer of vital strength to weak people. Price 25c. A separate cure for each disease. At all druggists, mostly 25c a vial. Personal letters to Prof. Munyon, 11 and 13 Albert street, Toronto, answered with free medical advice for any disease.

CAUTION TO THE PUBLIC.
Beware of imitations who are copying our advertisements, appropriating our methods, and forcing upon the public by us when we introduced our remedies to the people of Ontario a year ago. You can easily distinguish between the original and the imitation. Prof. Munyon, founder of the now school of Homeopathy, does not desire that the public should be imposed upon.

Winter Pastime.

South London Hockeyists on Hand for Business.

Preparing for Spring Events—Baseball, Turf and Cycling Gossip.

HOCKEY.
WINDSOR MAY BE FORCED OUT.

Detroit Free Press: In all probability the Windsor Hockey Club will have to drop out of the Ontario Hockey Association. One of the rules of the association is that, should any club forfeit a game to a visiting team, the club so doing will forfeit its membership. The London club was expected to play a city next Wednesday to play a schedule game, but as the curling rink will do in the use, the Windsor club is unable to secure it, and the London club has refused to postpone the game. The Windsor team, however, will play out the scheduled games, although it will be out of the contest for the cup.

SOUTH LONDON CLUB.
The South London hockeyists have organized, with officers as follows: President, Col. F. E. Lewis; Vice-president, James W. Westcott; Secretary, George L. Sutherland; Treasurer, George L. Sutherland; Captain, Howard Munro; Executive Committee, F. Matheson, Geo. Sutherland, T. A. McLaren, F. D. McLaren.

BASEBALL.
GRAND RAPIDS AND THE INTERNATIONAL.

Port Huron, Mich., Jan. 10.—There is a probability of Grand Rapids being invited to join the recently formed International Baseball League, should the club fail to secure a franchise in the Western League. With the taking in of Grand Rapids the International would either be made an eight-club league or else the town of Guelph would be dropped. The Guelph people have been somewhat slow in organizing owing to a difference of opinion as to whether ladies should be charged a fee to holiday games.

GUELPH AND THE INTERNATIONAL.

Guelph Advocate: Marr Phillips, of Hamilton, the ambassador and chief scout for Cal Davis, of baseball fame, was in town Friday. Marr is shaking up the dry bones of baseball in the Royal City. When seen this morning the old warrior's face lit up as he said: "Well, this is the chance of a life time to have a splendid eight-club international team. St. Thomas is coming in, and with Hamilton, London and Guelph on this side, and Port Huron, Jackson Bay City and Saginaw across the line, the big cities could easily keep up the smaller. Just think, seven holidays in the States and four in this country! Oh, yes, I think Guelph will be in it. I have just seen Mr. Martin, and am going down to interview Mr. Stearns. The probabilities are that five of the moneyed men in town will run the Leafs next season."

THREE HUNDRED UMPIRES.
New York, Jan. 10.—No less than 300 umpires have applied as President

Nick Young for the positions that have been created under the double umpire system. Up to date he has selected two new officials, and their names are given here for the first time. They are Ed Swartwood, a member of last year's Eastern League staff, and Tom Connolly, an umpire in the New England League. They are both good men, according to reliable reports, and Mr. Young is confronted with the task of selecting four more.

TORONTO'S TEAM.

Manager Irwin had something to add concerning what has already been published concerning the make-up of the Toronto team and his plans for the intended season. As at present constituted, the Toronto team has these players: Casey and Reid, catchers; Williams, Gordon, Johnston and Lipp, pitchers; Carney, first base; Taylor, second base; Gattins, third base; Fox and Cockman, shortstops; White, Sheehan and Freeman, outfielders.

A TOUR OF ENGLAND.

Confirmation of the report was given by Mr. Irwin that the Toronto and Montreal teams would visit England after the close of the championship season in 1905. The schedule will call for the closing of the season on about Sept. 19 next, and the teams will immediately depart for England. It is intended to remain there for a month at least, playing exhibition games where it is impossible to arrange matches with local clubs. Irwin will accompany the Toronto team.

AFTER BRADFORD.

Quelph Mercury: Mar Phillips, the well-known old professional baseballer of Hamilton, is in the city for a day or two. Mar is chuck full of baseball, and is satisfied the new league will be a big success and a money-maker for all parties in it. He will endeavor to have George Bradford reinstated, which will be necessary before he can play in any league under the national agreement. He looks as if Hamilton was desirous of adding the white baseballsmith to their string of pitchers.

FLYS.

Hanson says that Joe Quinn will be the Orioles' utility man next season, and not play second base regularly, as Joe fondly hoped he would. Bill Clark's life is likely to be as happy as a policeman's next season. John Gaffney, formerly "king of umpires," thinks that the double umpire system will be a frost. He claims there is not enough work on the field for two umpires.

V. J. Conner, who was Corbett's advance baseball agent last summer, is in Reading, and says that the Philadelphia League club, through Manager Stallings, has offered Manager Long \$2,000 cash for the reading franchise of the Atlantic league, for the purpose of making it a "feeder" for the Phillies. Stallings has a large number of players signed, and he wants a "farm," where they can be developed for the big league. Conner reports that President Patton, of the Atlantic League, offered Long \$3,000 and others even more, and that he refused all sums under \$4,000. Manager Clarke, of Louisville, says he will only carry sixteen men next season. Watkins has limited his number to fifteen. Cincinnati will keep seven outfielders under contract until St. Louis has had her pick. Under the Brush regime in the big City there is a possibility that Pitchers Foreman and Phillips may both go to St. Louis.

Buffalo had no claim on Catcher Reid, of last year's Londoners, and there will be no wrangle over his playing with Toronto.

QUE.

IVES SKUNKED.
George Sutton "skunked" Ives in a game in Green's Academy at Chicago Friday. Frank Ives, who was playing 100 against the second-class expert's 50, at 18-inch ball line. Sutton won the lead and made five ordinary shots. Ives found a hard one when he went to the table and also missed Sutton quickly got that strike of his into working order and ran the 55 points he needed without a miss. It was the greatest surprise to the crowd about the table, and the blonde player was heartily cheered.

TIPS.

Rosebud, the only living daughter of Goldsmith Maid, 214, is now in the great brood mare lot. She is the dam of eight by Wickfield, record 2:30 in 1901, and of Epoch, sire of Dot Miller, record 2:43, in 1897. Planet, 2:43, is soon to be sold, and George Starr is said to be anxious to again become his owner.

The reduction of the purses at New Orleans under the new rules of the International Curling Club will be played in Montreal.

TRIGGER.

The Walkerville Gun Club defeated the Keystone Gun Club, of Windsor, Saturday in a team shoot, 12 men on a side and 25 birds each, the score being 194 to 154.

WEDEL.

SPOKES.
It was a clever thing for Edward Bald to escape a meeting with James Michael, Michael had been showing his rear wheel to his rivals with such regularity that he has become a very famous proposition for the fastest men in the country.—Pittsburg Dispatch.

In 1898 most of the short-distance racing men will use a higher gear than they did last season. Then 80 was the favorite. This season the gear will run as high as 98.

BETWEEN \$200 AND \$300 GONE.

STILL HIS CATARRH REMAINED.

A 25 CENT BOX OF DR. CHASE'S CATARRH CURE DOES EFFECTIVE WORK.

Catarrh sufferers and those afflicted with Cold in the Head, Hay Fever, Hay Fever and Spitting, Pools, Breath, Loss of Taste and Smell and the many disagreeable and dangerous consequences attendant upon these, should lose no time in procuring Dr. Chase's Catarrh Cure. Mr. J. W. Jenkinson, Gifford, Ont., writes as follows: "I spent between two and three hundred dollars, tried all kinds of treatments, but got no benefit. One box of Dr. Chase's Catarrh Cure did me more good than all other remedies. In fact I consider myself cured, and with a 25 cent box at this."

Sold by all Dealers.
Complete with Blower at 25 cents.

East Middlesex.

A Profitable Farmers' Institute Meeting on Friday.

The Matter of "Home-Made Lightning Rods," "Corn-Growing and the Silo," and Other Topics Dealt With.

East Middlesex Farmers' Institute met at Thorncliffe on Jan. 7. The Institute was well attended, and much enthusiasm manifested in the various subjects. Mr. Thomas Knapton, president, occupied the chair.

The first speaker was Mr. Thomas Baty, of Wilton Grove, who gave an address on "Home-Made Lightning Rods," that proved very interesting and instructive. He drew sharp attention to the danger of lightning, and believed that this could be largely remedied by buildings being properly rodded. He gave very many instances proving the great attraction that lightning has for iron or wire conductors. In Britain, to have all public buildings rodded, was considered a necessary part of their construction. Telephone companies now are placing rods about one-half mile apart on their poles. Mr. Macdonald, president of the London Manual, says that for the last five years they have never had a building burned that was rodded, although about half a dozen were struck. Mr. Baty, in making his lightning rods used nine strands of No. 8 galvanized wire (although, if not being used in a rod, it is more strands of No. 10 wire); a rod of wire is much better than a solid rod of the same weight, as it gives more surface to electricity which penetrates the iron very slightly. These wires would be better not to be twisted tightly, but cut them the proper length, makes one end secure, and fastens the other wire to the end of the rod. A wheel, and by turning this wheel, the wire gives the proper twist. In placing the earth terminals, Mr. Baty said, the earth terminal should be a moist earth; this is especially essential. This end would wind in a horizontal spiral to give more surface to the moisture. The upright end would have about ten feet above the roof, supporting it with a small cedar pole six feet long, stayed with wire. The wire at the end of the rod are spread out slightly and fixed to a brass nut; a copper point is not necessary. He would staple the rods to the building, and have the rods sharp at the end, as possible. On a building 10 feet long he believes three points could be sufficient. Mr. Baty said he had secured a plan to have three ground connections; also he would prefer to have the rods along the ridge of the building, would once or twice around each point. This method of rodding, Mr. Baty said, before Mr. Dearness, P.E.I.; Mr. Hunter, Inspector of Insurance for Ontario; Mr. Lodge, the authority on lightning for Britain, and the authority on this subject at Washington, and each endorsed it, considering that there could be no better system, and that galvanized wire was a better conductor than any other metal.

This address of Mr. Baty's is valuable, and ought to be published from end to end of our province, and thus save our farmers very much money unnecessarily handed to agents, besides the wholesale destruction of farm property. A building of this kind, protected as described would cost about \$30, or 12 cents per foot. "Corn Growing and the Silo" was intelligently handled by Mr. W. C. Shearer, Bright, who keeps a Jersey herd and runs a silage machine. He considers a silo a necessary adjunct of dairying, and with this and 10 pounds of bran and meal, and a little hay and straw, is able in the winter to produce butter at a cost of about 6 cents per pound, and rich creaming 14 pounds per day in winter and 12 in the fall. He gave his system of planting and filling the silo and his experience with different silos. In his address on "Cultivating and Enriching the Soil," many valuable points were given out, and an interesting discussion followed. He believes the majority of his give-and-take, varying their summer fallows after each rain, to hold the moisture, as the past wet summer and dry fall fully illustrated.

In the evening the question box proved interesting, many practical questions being answered in an instructive manner.

Mr. Shearer's address was on "Butter-making in the Home Dairy," in which he gave his essential points in the making of his butter, and the which at the different points, first and second prizes. Mr. Shearer's address was "Past, Present and Future of Our Country." "A Talk to the Boys" was the text of the next speaker, D. Z. Gibson. Choice selections of instrumental music were rendered by the Logan string band. The meeting closed at 10:30 p.m., with "God Save the Queen."

WESTERN ONTARIO.

Elmira is to have a skating rink. A branch of the Canadian Bank of Commerce will be opened in Dresden shortly.

During 1897 there were registered in Tisbury 22 births, 19 marriages and 17 deaths.

Mr. DeWitt Martyn, of Kincardine, was elected mayor of that town the other day by 135 majority.

Mr. A. Mitchell's has purchased the planing mill and saw and door factory at Rodney from F. A. McCallum.

A special meeting of the K. O. T. M. was held on Wednesday evening, when four new candidates were initiated. Sterling Bros., of Amherstburg, have made an assignment to John Duncan & Son, for the benefit of their creditors.

Charles Crofton, formerly manager of the Paris Review, but now of Leamington, has purchased the Leamington Post from J. E. Johnson.

Mr. George W. for two years editor and manager of the Niagara Falls Record, has resigned. He is succeeded by Mr. Ryan, of Brantford.

Mr. Trafford Campbell, ex-reeve of Lillian Rowland, at 124 McDonald avenue, Toronto, on Thursday.

Chatham city council rushed through an agreement with the Standard Natural Gas Company on Monday night for the supplying of the city with gas.

Peter McIntosh, sen., a resident of Kintola township for nearly 50 years, died on Friday. He was in his 81st year and leaves a wife and small family.

The annual meeting of the West Elgin Reform Association will be held in the town hall, Ridgeway, on Wednesday, Jan. 12, at 2 p.m. It is expected that J. F. Lister, M.P. Sarnia; A. Campbell, M.P. Kent; G. E. Cusey,

M.P. R. Ferguson, M.P.P., and others will be present and deliver addresses. Drs. Ling and Patterson, of Rodney, amputated part of Mr. Stolicker's foot, but his friends will be sorry to learn that, owing to old age, they give no encouragement for Mr. Stolicker's recovery.

Mr. W. C. Rhodes, accountant of the Moisons Bank, Woodstock, Ont., having been appointed manager at Edmonton, N.W.T., his friends made him a valuable present on Friday evening.

Lawyer Beyer, on behalf of a Ridgeway "ratepayer," has sent written notices to several members of the newly-elected council, forbidding them to take their seats, the ground being that councilors-elect had an unsettled claim against the corporation.

Mr. W. J. Williamson, M. C. R. brakeman, while leaning out of the head end of a way car at Ridgeway, setting air out of the pipes struck a fence, bruising both legs at the knees, and being cut over the eye. He was taken to the hospital at St. Thomas.

Mrs. John Patterson, of Ingersoll, passed away on Friday after a brief illness. She had a paralytic stroke, due to the doctoring she had received, and again regained consciousness. Mrs. Patterson was 71 years old, and leaves, besides her husband, her only child, Mrs. Henry Robins.

Dr. W. R. Hall, of Chatham, Conservative candidate for West Kent, was thrown from his lawn from Friday night while returning from a meeting in the adjoining township, and sustained a fracture of an arm. He will be obliged to go about on crutches for several weeks to come.

GOOD-BYE, DYSPEPSIA!

That's What Dyspeptics Say, When They Use Dodd's Dyspepsia Tablets.

"First, Last and All the Time." That's what Dodd's Dyspepsia Tablets give relief and cure to those suffering from Dyspepsia, Indigestion, Sick Headache, Sour Stomach, Heartburn, Bloating, or any other stomach trouble. The first Tablet taken gives relief, and begins the cure; the last one taken completely and clinches the cure, and the Dyspeptic is cured for all time. You can't go wrong in using Dodd's Dyspepsia Tablets.

You don't need to "diet" or starve yourself while using Dodd's Dyspepsia Tablets. You don't have to wait weeks or months for a cure. It is assured in a few days, and the cure is permanent. You don't die, the better for yourself. You may, with perfect safety, eat any whole food, pure and clean, and be afraid of your old trouble. That was killed the day you began using Dodd's Dyspepsia Tablets.

Every box of Dodd's Dyspepsia Tablets contains a full double treatment. The larger, white Tablets digest the food perfectly and naturally. The little brown fellows attend to the stomach and bowels. They strengthen, tone and invigorate the system and regulate the latter.

Do you doubt the truth of the statement that Dodd's Dyspepsia Tablets will cure the worst case of Indigestion, Dyspepsia or any other stomach ailment? It is a simple test. Buy a box of the medicine and use it. You'll never doubt again. All druggists sell Dodd's Dyspepsia Tablets, or they will be sent on receipt of price, 50 cents a box, six boxes for \$2.50 by the Dodd's Medicine Company, Limited, Toronto.

In Cheshire about 31,000 tons of cheese are made annually. Don't Go On!

Don't go on suffering from nervous troubles that make strong men weak, impotent, and unable to do the right thing at the right time, all because the blood is impure and the system is out of order. You need a tonic to give you the strength and energy, and the man who feels old they make young and happy again.

The castle of Heidelberg is the largest in Germany. Why will you allow a cough to irritate your throat or lungs and run the risk of losing a valuable voice? By the timely use of Kieck's Anti-Consumptive Syrup the farmers make a mistake in not taking it. This syrup is pleasant to the taste, and unsurpassed for relieving, healing, and curing all affections of the throat and lungs, coughs, colds, bronchitis, etc., etc.

The True Remedy.
Wm. Duggan, St. Albans street, Toronto, says: "We won't keep house without Ransom's Five Syrup and Tonic for consumption, coughs, colds, croup, whooping cough, and all the ailments with many others, but never got the true remedy until we used Ransom's Five Syrup and Tonic. No other remedy can take its place in our home, as in it we have a certain and pure cure for all the ailments of the chest, throat, and lungs, etc. We would not be without it in the house."

It is idle to experiment with other remedies, even if they are urged on you as "just as good" as Ransom's Five Syrup and Tonic. They are not as good, because this remedy has a record of cures, and besides, is guaranteed. It never fails to satisfy. 25 cents.

The clock in Westminster Abbey is the largest in the world. "Old, yet ever new, and simple and beautiful ever," sings the poet in the words which might well apply to Ayer's Sarsaparilla—the most efficient and scientific blood purifier ever offered to suffering humanity. Nothing but superior merit keeps it so long at the front.

The colder the climate the greater the size of the human brain.

CARTER'S LITTLE LIVER PILLS.

Positively cured by these Little Pills. They also relieve Distress from Dyspepsia, Indigestion and Too Heartly Eating. A perfect remedy for Biliousness, Nausea, Drowsiness, Bad Taste in the Mouth, Coated Tongue, Pain in the Side, TORPID LIVER. They regulate the Bowels. Purely Vegetable.

Small Pill. Small Dose. Small Price.

CASTORIA

Navigation and Railways

Intercolonial Railway OF CANADA

The direct Route between the West and all points on the Lower St. Lawrence and Bait de Chaleur. Province of Quebec also for New Brunswick, Nova Scotia, Prince Edward Island and Cape Breton Islands, Newfoundland and St. Pierre.

Express trains leave Montreal and Halifax daily (Sundays excepted) and run through without change between these points. The through express train cars of the Intercolonial Railway are brilliantly lighted by electricity, and heated by steam from the locomotives. They are provided with the comfort and safety of travel.

Comfortable and elegant buffet, sleeping and day cars, and all through express trains. The popular summer sea bathing and fishing resorts of Canada are all along the Intercolonial, or are reached by that route.

Canadian-European Mail and Passenger Route.
Passengers for Great Britain and the Continent can leave Montreal Tuesday morning and join outward Mail Steamers at St. John on Wednesday, or they can leave Montreal on Wednesday morning and join outward Mail Steamers at Halifax on Thursday.

The attention of shippers is directed to the special facilities for the forwarding of grain and produce intended for the European market, either by way of St. John or Halifax.

Full particulars and all information about the route, also freight and passenger rates, on application to:
General Traffic Manager,
Board of Trade Building, Montreal.
D. POTTINGER,
General Manager.
Railway Office, Montreal, N. B.,
21st May, 1907.
