Secrets of Health and Happiness

What Inflammation Is, and Some Diseases It Accompanies

By DR. LEONARD KEENE HIRSHBERG. A. B., M. A., M. D. (Johns Hopkins University).

It is the intro-duction of such dis-turbing elements as bacteria and other micro-para-sites which incite rebellion in the tissues.

or any kind of in-

The word inflam. means con- made given. Nero set fire to Rome he started an inflammation which is only slightly mag-nified over the fires and burning-ups which assault your scratches, and microbes enter those

open sores. An inflamed gum or a festering finger, you may sadly remember, is swolle painful, hot and inclined to be vermil painful, hot and inclined to be vermilion in hue. A boil, carbuncle, inflamed knee-cap, wrist or elbow also have these signs. Therefore there is little doubt left in the doctor's mind when you have parts of your body red, painful, swollen and hot, but when matter and pus are added to the other things, not the shadow of a doubt can remain. The injured member has become infected with those micro-organisms called becteria nicro-organisms called bacteria.

Typhoid fever is for the most part an inflammation of the lower portions of your digestive canal. Pneumonia likewise is an inflammation of the lungs. Indeed, it is so-called in German and Indeed. It is so-called in German and other languages. Acute febrile arthritis is the correct name of "inflammatory rheumatism." It means a sudden inflammation in the hinges and joints of your body. Tonsilitis, bronchitis

hepatitis, nephritis, appendicitis, stoma-titis, gastritis, meningitis and derma-titis are all inflammations of the ton-sils, the bronchi, liver, kidneys, appenix, mouth, stomach, brain covering and the skin.

Just as fires are put out when the burn other objects, so they must be quenched in the tissues. Water is there as elsewhere the greatest inflammation extinguisher. Ice, water and fire-dar ening drugs such as hexamethylene-tetramine—name enough to stop any fire—are all fire laddies and fire com-

The News That Alice Holcombe Told To Madge.

The news of Kenneth Stockbridge's killed her long ago"—Alice Holcombe's arrest, which Alice Holcombe brought face twisted itself into a grimness unme, was a surprise only in the quickness with which the law had acted. I served a violent end it was she, but hess with which the law had acted. I had feared from the first that there could be no other ending to the sordid train of circumstances surrounding Milly Stockbridge's death. And while my sympathies were strongly with my school without when their testimon. But the vital part of their testimon.

my sympathies were strongly with my school principal—whose long provocation to anything short of murder no person familiar with the history of the family could deny—yet I could not blind myself to the fact that there were a number of circumstances which needed explanation, to put it mildly.

"What Did He Do?"

With a little thrill of fright I remembered that one of those circumstances, the word damping of the same kind kenneth had in his photographic studio, was enough for that set of crooks in was enough for that set charge of the farce today.

THURSDAY, SEPTEMBER 18, The planetary testimonies again point to an unusually important, interesting at all! On what are they basing their charge?"

I awaited her answer brerathlessly, Had that secret telephone conversation been rehashed at the coroner's inquest?

"Oh, on those marks on her wrist," she replied contemptuously. "And the rage her people say he was in when he came to their house. Oh, the way they turned against him today was something horrible. You would think he had been a fiend incarnate all these years, instead of being gentleness and tenderness itself to Milly. He ought to have

Reduce Wrinkles Remember that wrinkles and baggi-

wrinkles or sags.
To remedy this condition, there's nothing so effective, so quick-acting, as a simple wash lotion easily made at home. Just get an ounce of pure powdered saxolite at your druggist's, and a half pint of witch hazel, mix the two and bathe your face in the liquid. This at once tightens the skin and solidifies the underlying tissues—which, of course, smooths out the lines and draws in the sagging skin. It also stimulates capillary circulation, bringing natural color to faded cheeks.—Advt.
