ONTARIO'S MOST BEAUTIFUL

The World is asking its readers to name the most beautiful thing in Ontario. Here are some of yesterday's entries. All replies received to-day will be considered and the result announced to-morrow morning:

The most beautiful thing in Ontario and it was magnificent. First the pale light which heralds the dawn of another day, then, after a while, the sky gets pink and the light gets stronger, then the sky gets red, and then after a while a little piece of bright gold appears on the horizon, which gradually gets larger until it rises clear of the horizon, in its full glory. That is the most beautiful thing to me in Ontario.
