

HAS NOT MUCH USE FOR HOHENZOLLERNS

Socialist Deputy Proposes to
Transfer Their Property
to State.

Berlin, Dec. 1.—Disorderly scenes occurred in the Prussian assembly yesterday, following a debate on a motion presented by the Majority Socialists, which would transfer property owned by the Hohenzollern family to the Prussian state, and would assign a suitable income to members of the former reigning house. So serious was the situation that the vice-president was compelled to suspend the sitting.

Herr Hellmann, a Socialist, who introduced the motion, argued that for every million marks paid to the Hohenzollerns, former enemies of Germany would "claim another billion in reparations." He declared there was no desire to deprive the Hohenzollerns of a livelihood, but, strictly speaking, they were not entitled to a penny, and "ought to be thankful for our magnanimity." He insisted there was danger to the German republic in affording members of the Hohenzollern family the "means to pursue their pretensions to the German throne."

Disorder began when Herr Kaufmann, a Conservative, attacked Herr Hellmann. The Socialists shouted and one threw a paper missile at Herr Kaufmann.

MONTREAL'S MAYOR OBJECTS TO CURB

Says Raising Sum Settlers
May Hinder Canada's
Progress.

Montreal, Dec. 1.—The federal government's decision to raise to \$250 the sum of money which mechanics, artisans and laborers must have in order to qualify for admission into Canada as immigrants, has aroused the indignation of Mayor Martin. Discussing the subject, he expressed his strong disapproval of the federal attitude. The progress of the country depends entirely on increase of population, he maintained, and if the natural means were not sufficiently rapid, immigration was necessary, and with prairies going to waste for want of cultivation, it was foolish to think of curtailing immigration.

SASKATCHEWAN LIGNITE TO REDUCE PRICE OF COAL

Ottawa, Dec. 1.—The development of Saskatchewan lignite coal by the manufacture of briquets is expected to materially reduce the price of coal in Canada, according to J. M. Leary, power commissioner for the province of Manitoba, who is staying at the Chateau. Commissioner Leary stated that the experimental factory being erected at Estevan, Sask., at a cost of \$300,000 by the federal, Manitoba and Saskatchewan governments, would be completed by February 15 next.

MANITOBA OUT MILLION THRU APPEAL OF KELLY

Winnipeg, Dec. 1.—(By Canadian Press).—The Manitoba appeal court today cut \$815,213 from the award made to the provincial government by an arbitration board against the firm of Thomas Kelly and Sons for alleged faulty construction of piers under the new Manitoba parliament building. The judgment means a loss to the province of approximately \$1,000,000.

NO WARRANT FOR CAR SHORTAGES

President Beatty of C.P.R.
Says Railways Should Give
Full Service.

Minneapolis, Minn., Dec. 1.—Railroads in both the United States and Canada should be able to give prompt and full service without appreciable car shortages for some months to come, as a result of the relaxation of peak demands for transportation, E. W. Beatty, president of the Canadian Pacific Railway Company, said today. President Beatty spent five hours here during a tour of inspection of the Soo Line, a Canadian Pacific subsidiary, and the Wisconsin Central Railroad, a Soo Line subsidiary. "Canadian business conditions are fundamentally sound," Mr. Beatty said. "Industrial operations have decreased, but there has probably been less credit expansion in Canada than in the United States. Canadian labor is accepting wage reductions here and there with good grace, although this does not apply to railroad labor, which comes under the Chicago wage decision, just as American labor does. "American complaints regarding the importation of Canadian wheat are causing Canada no anxiety," he said, "neither are they arousing any bitterness across the border." Mr. Beatty said he looked for remarkable immigration into western Canada in the next few years.

TWO VITAL SUBJECTS FOR COUNCIL OF AGRICULTURE

Winnipeg, Dec. 1.—(Canadian Press).—Two important questions—political organization throughout Canada and co-operative marketing of grain—are to be discussed at a meeting of the Canadian Council of Agriculture in Winnipeg on December 7 and 8, and vital decisions may be reached. The public meeting will be addressed here on December 10 by Premier Drury of Ontario, and Hon. T. A. Cramer.

D'ANNUNZIO FORCES TAKE BRITISH STEAMER

Triest, Dec. 1.—The British steamer Narenta, which was captured Tuesday by D'Annunzio's army near Pola, has been ordered to be taken to Fiume. The steamer, which is loaded with flour and fodder, will be taken into service by D'Annunzio for the conveyance of troops and ammunition to the island of Veglia. The Narenta was bound from Pola to the island of Lussin when she was captured by D'Annunzio's men. Soldiers of the D'Annunzio forces carried out several minor raids today along the coast of the Gulf of Quarnero.

POWER DEAL STILL HANGS IN BALANCE

(Continued From Page 1). The members of the Toronto board of control, all the members of the traffic commission, Messrs. Ellis, Wright and Miller, as well as the general manager, H. H. Cousins, and the general secretary of the Toronto Hydro Electric Commission, Mr. Ashworth, are to meet today at 10 o'clock to discuss the proposed deal between the city and the Niagara Power Co., which would leave the city only \$5,000 p. of this company's production. This would be ample to handle the street railway system when the city takes it over next fall.

May Pay \$31,500,000. It is understood that Mr. Clarkson's estimate of the value of the properties is \$31,500,000, and an effort will be made today by Sir Adam Beck to get the price down to that figure, and if he succeeds the board of control is prepared to recommend to council that a 15-year lease be granted to the Niagara Power Co. for the properties, and that the city should continue to operate the properties until the expiration of the lease.

Originally negotiations were carried on with a view to the hydro purchasing the properties and turning over to Toronto the section of the Metropolitan within the city limits and the Toronto & Niagara Power Co., which is the old T.E.L. It is said that the provincial government declined to approve the deal on behalf of the hydro commission, and it was then suggested that Toronto should take over the properties itself.

Three Communists Returning From Moscow Congress Drown

Paris, Dec. 1.—Three French communist leaders, who participated in the recent communist congress at Moscow, have perished in the wreck of a sailing boat which they leased at Murmansk for the return trip to France, says a despatch from Stockholm. The three men who were lost, it is said were Mm. Vergent, Lepetit and Lefevre.

QUARTET IN SALT LAKE CITY.

Salt Lake City, Utah, Dec. 1.—Mrs. Vina T. Knight, wife of a farmer at Plain City, Utah, gave birth to four children, three boys and a girl, last night. Dr. George Baker, of Ogden, reported that the mother and children are progressing favorably.

PAYROLL, NOT EMPLOYEES.

Brockville, Ont., Dec. 1.—A ten per cent. reduction in payroll was effective in the engine shops of the C.P.R. here today. No men will, however, be laid off as the employees have agreed to reduced working hours on the part of all.
