PUBLIC AMUSEMENTS

It is due to the Meister Glee Singers that the best art of glee singing has been revived in England. They have had their repertoire includes specimens of the old English classical glees, quartets, both grave and humorous; folk songs, baritone and alto and plantation melodies, with bouche ferree and imitation harp accompaniment. This will be the great holiday attraction at Massey Hall tonight.

On his appearance at Massey Hall on Monday evening next, Eugene Ysaie, the violinist, will be accompanied by Miss Morgan, soprano, and Miss de Berve, a Belgian pianist, who is M. Ysaie's accompanist. Ysaie has just arrived in America and makes his first appearance this evening at Philadelphia.

MEISTER GLEE SINGERS AT MASSEY HALL TONIGHT

ing role, that of Herman Von Shubert, in the melodramatic success, "On the Bridge at Midnight," which is the attraction of the Massey Hall next week, believes that in order to attain success in a role of this character in real life. In order to do this, he must first of all be a good actor. He remained long enough to prepare himself for that difficult role for which he was cast this season.

THERE IS GREAT DANGER IN CATARRH.

Catarrh causes its poisons throughout the entire system. The stomach and lungs are affected by the poisons that fall into the throat and are swallowed during sleep. Dyspepsia, indigestion of the stomach, bronchitis, and consumption are the results. The blood also becomes contaminated and carries the poisons to all parts of the system. Frequently in the more advanced stages the bones of the head become decayed and the sin passages are a mass of pus and a stench so foul and offensive as to be unbearable. The expression, "rotten with catarrh," is not overdrawn or exaggerated.

WORKMEN IN PANIC.

New York, Nov. 16.—Three hundred men and girls, employed in several manufacturing concerns in a five-story building on the Bowery, were thrown into a panic by fire today, but by prompt work on the part of firemen and volunteer rescuers all were taken to safety. The building was practically destroyed.

HOW TO GAIN FLESH

The life of food is the fat within it—the more fat the more real benefit from the food; that is why cod liver oil is a powerful builder of flesh. Scott's Emulsion of pure cod liver oil solves the problem of how to take cod liver oil. That is one reason why doctors have been prescribing Scott's Emulsion for all wasting diseases, coughs, colds and bronchitis for almost thirty years.

EDUCATION BOARD HONORS TO WHOM THEY WILL GO?

As Yet, Interest Seems to Be Confined to Present Members, Tho There's One Vacancy.

Tuesday night was a brief session of the board of education. The year is drawing to a close, and the argumentative facilities of the members seem fatigued, for the reports of committees glided thru without a hitch and were transformed from recommendations into accomplished facts. The communications supplied the only items of interest and there was a paucity of even those.

The secretary announced that the government had forwarded its grant of \$125 for the kindergarten and \$120 for the night school. Miss F. T. Wood of Cottingham-street resigned. The proximity of election day with its consequent depositing of the lowest six members of last year's election and the abdication of Chairman Gooderham, in order that he may enter the mayoralty campaign, has created an unsettling tendency. The first six in last year's election and those who by law will have to run again to hold their positions are Trustees Kent, Levee, Keeler, Ogden, Gooderham and Brown. None of these has announced his intention of quitting.

Another matter discussed in educational circles is the chairmanship for next year. The fight last year was between George H. Gooderham and A. B. Brown, and also defeated Mr. Brown made a close run. Mr. Brown will in all probability run in the contest with him will be Trustees Shaw and Parkinson. Mr. Shaw has served as chairman of the finance committee, and Mr. Parkinson has a good record as chairman of the management committee. Mr. Shaw was also mentioned as a possible starter, but he declines the honor.

PICTURES OF THE DEVIL.

A strange discovery is reported from some workmen were repairing a room in a basement and in the process had to remove an old carved chair which had been found painted on the wall a picture of the devil, and the men being frightened by the sound of the brush. One of them accidentally hit a concealed spring and an iron door hid it swung open, and disclosed a heavy safe built into the wall, and containing a large sum of money in bank notes and gold.

THE INCREASE OF APPENDICITIS.

The white race, it seems, has no monopoly of appendicitis, for it is announced that the Japanese minister at London has just been operated upon. The disease grows ever more common, and everyone wants to know why. The medical doctors say, it is largely of an infectious nature, but it is transmitted in many cases that would be, in order that they might get his money.

THE ANIMAL MAN.

These are the words of a London Argus, as to the animal man, being able to endure all classes of climate as against every other animal. Take for example the West Indian in 1870, 1977, 1978, 1979, 1980, 1981, 1982, 1983, 1984, 1985, 1986, 1987, 1988, 1989, 1990, 1991, 1992, 1993, 1994, 1995, 1996, 1997, 1998, 1999, 2000, 2001, 2002,
