## GREAT RACING SEASON

### ON THE MARITIME TURF.

Halifax Recorder Tells of Some of the Fast Ones

—Notes on Bowling—News of the Ring—General Items on Sporting Topics.

#### THE TURF.

##### Maritime Trotters.

Tuesday's Halifax Recorder says: Horsemen are already talking of the coming season's racing, which promises to be the best in years, and Halifax will again be well represented by the stable of J. A. Leaman & Co. This firm has for several years been the leading representative from Halifax in turf matters, and their great enterprise in securing fast horses deserves every success.

The speedy black mare *Almestree*, 2:08, the queen of the provincial turf, has wintered well, and now that she is thoroughly conditioned, and promises faster than ever, she should do even better than last season, when she made the fastest time of any horse owned in the province.

*Daisy Dewitt*, 2:24, will be their representative in 2.25 classes, or in those two or three seconds faster. *Daisy* is a trotter, and a stayer, and she should make matters interesting in her class, even against the pacers, particularly when the latter have some two or three more heats.

Their last pacer, *Glenmary*, who took a mark of 2:54 in his first race in 1903, will be their representative in the 2.25 classes. He is a very fast horse, and gives every promise of lowering his record this season.

For the slow classes, they have two good ones, *May Partridge* for the trot and *Kremella* for the pacing event. *May Partridge* showed how speedy she was at Halifax last year when she was second to *Houma* M. 2:29, 2:27, and at Charlottetown she was second to *Benito* in the first heat of the 2.30 class in 2:24.

*Kremella* proved himself last season to be a remarkably fast horse, and he has been showing such speed on the snow path that even the fast *Lady Patton*, recently purchased by the Springfield stables, was second last October. *Kremella* is a remarkably well bred animal, and apart from his speed, will be a valuable stock horse.

These horses will, as usual, be handled by the popular and clever reinman *Frank Boutiller*, who has piloted so many horses to victory, and he will have several more horses to handle when the season for training begins.

**Matched For \$5,000.**

A match race for \$5,000, a side has been arranged between *Audubon* Boy, 2:08, owned by J. Y. Gattcomb, of Concord, N. B., and *Brookdale*, 2:07, owned by *Bearing Brook Stable*, Boston, Vt., and represented in the matchmaking by *John Dwyer*. *Brookdale* has been posted and the match is to be held on the *Headville* track, on Aug. 26, the fourth day of the *Grand Circuit* meeting, and will be mile heats, two in three. The match is the result of *Dwyer's* challenge to produce an "unknown" that he was willing to back to win over *Audubon* Boy.

#### BOWLING.

##### Chris Nichols Ahead.

The ninth game in the candle pin series proved another very interesting game, and was won by *Chris Nichols* team after a very exciting

Treated by Three Doctors

#### A CAUSE OF HEADACHE.

##### One Very Common Cause, Generally Over-looked.

Headache is a symptom, an indication of derangement, or disease, in some organ, and the cause of the headache is difficult to locate because so many diseases have headache as a prominent symptom; derangement of the stomach and liver, heart trouble, kidney disease, lung trouble, eye strain, or ill-fitting glasses, all produce headache, and if we could always locate the organ which is at fault, the cure of obstinate headaches would be a much simpler matter.

However, for that form of headache called frontal headache, pain back of the eyes, and in forehead, the cause is now known to be catarrh of the head, and throat, when the headache is located in back of the head and neck, it is often caused from catarrh of the stomach or liver.

At any rate, catarrh is the most common cause of such headaches, and the cure of the catarrh causes a prompt disappearance of the headache.

There is at present, no treatment for catarrh so convenient and effective as *Stuart's Catarrh Tablets*, a new internal remedy in tablet form, composed of antiseptics like red gum, back root, which act upon the blood, and cause the elimination of the catarrh. *Stuart's Catarrh Tablets* are a cure for catarrh, and are used daily from a severe frontal headache, and pain in back of the eyes, as times as the patient is so inconvenienced by the daily duties.

It has been found from catarrh, more or less for years, but is very much the cause of my headache, but finally became convinced that such was the case, because the headache was always worse, whenever I had a cold or fresh attack of catarrh.

*Stuart's Catarrh Tablets* are sold by druggists at fifty cents per box, under the guarantee of the proprietor, that they contain absolutely no cocaine (found in so many catarrh cures) no opium (so common in cheap cures), nor any harmful drug. They are simply the most wholesome and the most necessary to destroy and drive from the system, the germs of catarrhal disease.

#### OBITUARY.

##### Dr. John P. Lombard.

Dr. John P. Lombard, one of Boston's most successful physicians, died on Tuesday at his home in Boston. He was 44 years of age.

##### Joseph S. Bailey.

Joseph S. Bailey died in Somerville, Mass., on Thursday last. He was at one time station-master at Haverhill.

##### Mary A. Marwin.

On Wednesday, March 15th, Mary A. Marwin died at her home, Sussex, aged 45 years. She was the widow of the late Thomas Marwin, and was an aged mother, five sisters, and two brothers.

##### Miss Maud Wry.

Miss Maud Wry, died in Sackville, on Tuesday last, at the home of her brother-in-law, *Alfred Wry*, aged 89 years. She had lived in Lynn, (Mass.) for the past seven years. She is survived by a mother, three sisters and three brothers.

##### James B. Logan.

James B. Logan, an aged and respected resident of Armstrong's Corner, died on Monday afternoon at his home. He was 80 years of age, and was the oldest man in that locality. His wife, one daughter and one son survive.

##### Edward Crawford.

Edward Crawford, of Sussex Corner, died yesterday afternoon at his home. He was 80 years of age, and was the oldest man in that locality. His wife, one daughter and one son survive.

##### Robert Bell.

Robert Bell, a respected resident of Sackville, died suddenly on Wednesday morning, March 22nd. He was 55 years of age.

##### A SWISS RAILWAY RULE.

Londoner's Courier-Journal: "When we reached Switzerland," said the tourist, "we found in the railway stations, alongside of the ticket office, machines for measuring the height of children. I said to the agent at Geneva:

"A half-tick for my little girl." "Isn't she too tall?" the man asked. "Let her step on the measure, please."

"My daughter's height was duly taken. It was four feet five." "All right," said the agent. "She passes after all."

"Then she can explained to me that on account of insurmountable disputes over the age of children half-fares were now sold in Switzerland according to height instead of according to age. Children under three feet travelled free. Those between three feet and four feet six paid full fare."

"The new rule is a good one. We have no more disputes. The children are measured at the ticket office, and that is the end of the matter."

##### PAT'S LATEST VIEW.

(Continued.) "When did you last see your brother?" asked a magistrate, in a recent trial in a New York court.

Pat replied: "The last time I saw my brother, your worship, was about eight months ago when he called at my house and I said to him:

"DO YOU READ THE TIMES AND LIKE IT? WELL, YOUR FRIENDS IT IS YOUR FAVORITE PAPER."

## CHANGES IN LAKE OF WOODS.

### The David Russell Interest Sells \$1,800,000 of Stock.

#### Toronto Syndicate Buys Out the Holdings of Mr. Russell and His Friends—St. John Directors Retire—Announcement a Big Surprise Even to President Meighen.

Montreal, March 22.—The controlling interests of the Lake of the Woods Milling Company, one of Canada's greatest industrial enterprises, has changed hands.

The recent sharp advance in the price of the preferred stock, on the Montreal exchange, gave rise to various rumors, which today, took definite shape, in the announcement that David Russell and his friends had disposed of \$1,800,000 of preferred and common stock to a Toronto syndicate, acting through B. Wood, manager of the Central Canada Loan & Savings Bank, of which, Hon. G. A. Cox is president.

It was erroneously stated here today that Montreal parties were also interested in this syndicate, but this probably arose through the fact that the Canadian Bank of Commerce are acting as financial agents of the Central Canada Loan Company, in payment over the money, and that P. H. Matthews, local manager of the Bank, and James Orsinger, one of its directors, are retiring from the directors, and their places will be filled by representatives of the Toronto syndicate.

Robert Meighen will retain the presidency, and the present Montreal directors, Messrs. Robert Bedford, Thomas F. Wood, and Hon. Robert MacKay, will probably retain their seats.

In 1903, David Russell purchased the entire capital stock of the Lake of the Woods Milling Company, for \$2,500,000, which sum was advanced to him by the Merchants' Bank of Canada, and was repaid by the company had been virtually a close corporation, with a small capital, and a few shareholders. But he then re-organized the company, raising \$1,000,000, of six per cent. bonds, and \$2,500,000, of common shares.

Robert Meighen, who has been president of the company since its inception, is not a member of the

new board, but will continue to act as a director.

There is a thing which every visitor to Japan at once notices—her love for children.

An American woman who became acquainted with a Japanese mother, noticed that she allowed her little children to ramble through the streets at will, and one day spoke of it.

"Why," said the Japanese lady, "what harm can come of it? Our children never quarrel, and no grown person would harm a child."

"But," said the American lady, "the child might get lost."

"That would make no trouble," was the smiling reply. And then she showed how in little children's eyes, the world was a vast playground, explaining that should they stray, any person finding them will first give them a good meal and then bring them home.—Christian Guardian.
