In Tropical Countries

Liver Chill Very Common
In Northern latitudes also the liver is a very untidy organ and requires careful watching. The concentrated vegetable juices in Dr. Hamilton's Pills act directly upon the liver and stimulate its action to a normal basis. The blood is purified, the skin grows clear, headaches disappear and robust health is firmly established. No medicine for the stomach, liver or kidneys can compare with Dr. Hamilton's Pills, 25c. box at all dealers.

DOGS KNOW MANY WORDS.

THIS EXPERT IS SURE
According to an expert on dogs, the canine race learns to understand, if not the entire human vocabulary, at any rate many more words than is commonly supposed. Beg, fetch it and cats are by no means the limit of its knowledge. Pet dogs as a rule have a much larger vocabulary than any other kind. Trained dogs, the kind in circuses and on the stage, probably come second, and others are ranged according to the lives they lead.

The dog learns words much more rapidly than generally is supposed. In the first place this animal is a remarkably close observer. Hearing a sound repeatedly it soon learns to associate it with a certain object. Take the well trained hound for instance. He soon learns what is meant by gun, shot, hunt, fox, rabbit, chase and so on.

Experienced hunters can furnish many instances of the understanding of dogs when it comes to words and phrases used in connection with the sport. Although it cannot be claimed that hunting dogs have an extensive vocabulary, they understand enough words to about their work intelligently and at times with a precision that is marvelous.

Pet dogs, however, have a more extensive vocabulary. As a rule they know the meaning of most of the words in common use around the house. An illustration of the understanding of the dog was given at the Toy Spaniel Club of America's show held recently in New York. A chair was placed in the centre of the large judging platform and the owner and the dog were the only ones on this platform. Dogs were barking on their benches and there was everything to confuse the little fellow. It was a severe test made for the purpose of determining the accuracy of this dog's understanding of words.

"I want you to walk on your hind feet around the chair, sit down, then turn around three times and walk back around the chair," said the owner. Forthwith the little dog was off and executed every command to the letter without a motion or word from the owner.

It was a rather intricate command. It was not simply a command to go it was said to go, what to do, and how to return. But the dog understood perfectly this and numerous other commands which were given.

The dog probably has a vocabulary of no fewer than 100 words. This case will show that the pet dog has a wider understanding of words than dogs belonging to other classes and there is a reason for it. They are talked to constantly and naturally learn to associate certain sounds with certain objects.

At the semi-centennial celebration of the grand commandery of the Knights Templars of Minnesota, held in Minneapolis, special honors were paid to three men who became knights more than fifty years ago, before the grand commandery of Minnesota was formed. They are George A. Brackett of Minneapolis, Giles W. Merrill of St. Paul, who is also the oldest 88rd degree Mason in the state, and W. K. F. Vile of Winona.

FINANCIAL MEN IN PUBLIC EYE

"Love laughs at locksmiths," chuckled the young man who had planned to elope with the maiden in her father's touring car.

"Not the locksmith who fitted my car," retorted the old man, who found him trying to start the motor.

ARE YOU STRONG ENOUGH TO WORK?

Mrs. Hubbard Tells How Vinol the Famous Cod Liver and Iron Tonic Built Her up and Made Her Strong.

Covington, Ky. "I was in a general run-down condition and suffered from a bad cough. I have a family of four, and after working for a while around the house I would get so tired I would have to sit down and rest and sometimes seemed as though my back would break.

"I tried cod liver oil emulsions and other remedies but did not seem to get any help. Finally one day I saw Vinol advertised and tried it. I soon noticed a decided improvement, and now it has built up my health and strength."

ALEX. HUBBARD, Covington, Ky.

Vinol is a constitutional remedy for all weak, nervous and run-down conditions of men, women and children.

In a natural manner this delicious cod liver and iron tonic creates a hearty appetite, aids digestion, makes pure and healthy blood and thus creates strength for the run-down and debilitated.

We have never sold in our store a more dependable remedy for coughs, colds and bronchitis than Vinol.

Try a bottle, and if it doesn't help you we will return your money.

How to Make Your Hair Soft, Fluffy, Beautiful

Better than all the so-called "hair-tonics" in the world is a simple old-fashioned home recipe consisting of plain Bay Rum, Lavona (de compose), and a little Neutral Cream. These three mixed at home in a few minutes, work wonders with any scalp. Try it just one night and see. Get from your drug-gist 2 oz. Lavona, 6 oz. Bay Rum and 1/2 oz. Neutral Cream. Dissolve the Crystals in the Bay Rum and pour in an 8 oz. bottle. Then add the Lavona, shake well and let it stand for an hour before using. Apply it by putting a little of the mixture on a soft cloth. Draw this cloth slowly through the hair, taking just one small strand at a time. It cleanses the hair and scalp of dirt, dust and excessive oil and makes the hair delightfully soft, lustrous and fluffy. To stop the hair from falling and to make it grow again rub the lotion briskly into the scalp with the finger tips or a medium stiff brush. Apply night and morning. A few days' use and you cannot find a single loose or straggling hair. They will be locked on your scalp as tight as a vise. Dandruff will disappear and itching cease. In ten days you will find fine downy new hairs sprouting up all over your scalp and this new hair will grow with wonderful rapidity.

Any druggist can sell you the above. The prescription is very inexpensive and we know of nothing so effective and certain in its result.

Dandruff Heads Become Hairless

If you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't.

It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. By rubbing most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it.

You will find, too, that all itching and digging of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.

Elbert Hubbard says: "That is a classic which is so well done as to defy competition." If true, our suits this spring are certainly "classic" — no, not classy, but classic.
