GROCERY REPORTS FROM THREE CITIES OF THE DOMINION

The following comment on the market situation as regards food stuffs appeared in Canadian Grocer last week:

The markets for general groceries are steady with a slight shading in price on some lines and advances on others.

Wholesalers and manufacturers report business more active this past week but retailers generally have adopted the hand-to-mouth buying policy although they too report business more brisk.

Montreal—Lower prices are announced on sugar but merchants seem to be far from satisfied with the decline. Malasses have taken a drop more in keeping with the raw sugar market. Everybody says, "Flour will drop" but there is nothing definite as to how much or when. The vegetable market is still well supplied with local produce at lower prices. Dried fruit and nuts will be dearer this fall. New canned fruit quoted at slightly lower prices. Lubricating oils and greases are dearer. Tea may be cheaper. Butter is dearer this week. Eggs hold to their high prices. Fresh meats are strong, market poorly supplied. Heavy harvest effects dairy products. Sugar is cheaper as is also molasses. Oranges are dearer. Some miscellaneous changes.

Toronto—There are no new develop-
ments in the sugar situation since the
decline last Friday. There is practically
no movement in sugar and whether fur-
ther declines will materialize will depend
somewhat on the American market and
to just how long it will take the available
supply of second-hand sugar to be cleared
off the market. The weak condition
of the corn market, together with the
recent decline on sugar, tend to make an
easier tone in corn syrups and molasses
on this account. The market for honey
is quiet but prices are steady. One
brand of cornflakes which recently ad-
vanced have reduced prices to the old
basis. The cereal market has a weak
undertone and it has been intimated that

lower prices will prevail in the very
near future. Currents have advanced in
primary markets, but local stocks are
unchanged. Sales in the United States
are reported to be heavy but orders from
Canada are not as yet going through very
freely. The Bee Keepers' Association
are holding out for high prices on honey
but produce men state their prices are
too high and are bringing in New Zea-
land honey at considerably less money.
Oranges are quoted higher and the mar-
ket for the same is quite firm. Potatoes
are scarce at present but this condition
is only temporary, due to difficulty in
getting supplies from the farmers who are
now busy with autumn work. Flour has
declined 60 cents to \$1.60 per barrel.
The produce and grocery markets are
good, although prices do not seem to
show any changes this week. Butter and
eggs have advanced slightly. Shortening
has again declined in weak market.
Potatoes and holding steady.

Winnipeg—The main feature this week
was the decline in the sugar market.
Canadian refined sugar is selling cheaper
in the prairie provinces than it is in
Eastern Canada. New packed canned
salmon, strawberries and Cuban pine-
apple arrived on the market this week.
The bean market is very firm and while
inferior qualities are being offered the
better grades remain firm. The dried
fruit situation is noted by the lack of
interest being taken by the jobbing trade,
this is accounted for to a large extent by
the fact that the jobbers have found
the high prices of last year's goods nat-
urally cut down their volume of trade
in these lines, and they are adopting the
policy of deferring the purchase of goods
until in actual need of them. A moder-
ate interest is being shown in the raisin
situation as it is realized that the new
crop of raisins will come on an absolute
bare market, although they consider the
opening prices are unduly high. The
shelled nut market shows a much firmer
tendency.

NOTICE TO CONTRACTORS.

The New Brunswick Electric Power Commission.

TENDERS will be received by the
above named Commission up to
Noon, 21st Day of September A. D.
1920 for the following work:

(1) The construction of an earth dam
across the East Branch of the Musquash
River, including Spillway, intake, by-
pass, etc., and the grading of a bed to
carry a penstock from the dam site to
the power house.

(2) The construction of an earth dam
across the West Branch together with
the construction of a canal and the grad-
ing for the penstock from the dam site
to the power house above mentioned.

(3) The construction of an earth dam
across the Shogomoc River, including
items named above, together with the
construction of a canal and grading for
the penstock from the dam site to the
power house.

Sites one and two are situated about
twelve miles from St. John and about
one mile from the line of the New
Brunswick Southern Railway.

Site three is situated about 40 miles
North from Fredericton on the line of
the St. John and Quebec Railway.

Plans, profiles and Specifications can be
seen and detailed information obtained
at the office of the Commission, Cana-
dian Permanent Building, St. John.

A certified cheque for 5 per cent of the
estimated cost of the work must be at-
tached to tenders.

The Commission does not bind itself
to accept the lowest or any tender.

HE CAN DO TWICE THE WORK NOW, SAYS SCOTT

Everything He Eats Agrees With Him Since He Began Taking Tanlac and Every-
body Tells Him How Well He Looks.

"I can do twice as much work now as I could before I took Tanlac, and I'll tell the world it's the greatest medicine ever made" was the emphatic statement of Arthur Scott, a well known longshoreman living at Randolph (N. B.), two and a half miles from St. John.

"For two years before taking Tanlac I suffered almost continually from the worst kind of stomach trouble. After every meal I had a feeling like a weight of lead in the pit of my stomach and a tightness across my chest that made it hard for me to get my breath. If I ate anything sour, especially, it would keep me feeling miserable for days afterward. It was an effort for me to get through my work, and when the day was over I

just felt completely played out. I would wake up in the mornings feeling tired and worn out and unfit for anything. In fact I felt bad, down-hearted and discouraged all the time.</
