

LONDON MAN FORCED TO LIVE ON MILK AND BREAD

Bailey Eats Pork and Anything Else Since Taking Tanlac - Gains Twenty Pounds in Few Weeks.

"When a man's stomach gets in such a bad fix he has to live on bread and milk as long as I did, and then gets a medicine that fixes him up in a few weeks' time so he can eat pork and just anything else he wants, I think it is time for him to talk for the benefit of others. Well, Tanlac has not only done all that for me, but it has built me up twenty pounds in weight, and made me feel better than I have in many years."

The above statement was made recently by Mark Bailey, a well-known carpenter living at 180 Albert St., London, Ontario.

"For eight years," Mr. Bailey continued, "I gradually went down hill on account of stomach trouble. After eating, gas formed and puffed me up, and for hours I had such severe pains I could scarcely stand it. I had an attack of influenza last winter and that left me in a worse fix than ever, and I fell off about twenty pounds. I got where I could scarcely eat anything, and was finally told after an examination that I had an ulcerated stomach."

"I got to worrying a great deal over my condition, and finally decided to see if Tanlac would help me like it did so many who had praised it to me, and the medicine seemed to go right to the spot, and I saw it was just what I had been needing. My stomach feels just like a new one now, and, to make a long story short, Tanlac has made me feel just like a brand new man, and I am working every day without the least trouble. Tanlac is beyond doubt the best medicine made."

Tanlac is sold in St. John by the Ross Drug Company and F. W. Munro; by G. W. McKay, Beaver Harbor; William J. Colwell, Evans; C. V. Parsons, Highgate; John F. Meagher, Debec; O. D. Hanson, Lepreau; E. L. Conley, Leonardville; N. H. Johnson, Clarendon; and by the leading druggists in every town. (Adv.)

Six Year Term for School Trustees Recommended - G. E. Day and E. R. W. Ingraham Reappointed.

At the regular weekly session of the common council yesterday afternoon on motion of Commissioner Jones, seconded by Commissioner Bullock, George E. Day and E. R. W. Ingraham were reappointed members of the board of school trustees, and a motion was adopted recommending that no one serve on the school board longer than six years. An opinion from the city solicitor, Hon. Dr. J. R. M. Baxter, was read in which he said that the city had not full power to sell or lease wharf property. This question arose recently over the project to lease the McLeod wharf to the Canadian Molluscs Company. The opinion of the solicitor upholds the contention of Commissioner Jones in the council recently. The council, after considerable discussion, voted to award a contract for 246,700 granite paving blocks to C. H. Dexter of Hampstead, at \$106 a thousand. The other bids were those of B. Mooney & Sons, Ltd., for \$110 and R. D. Hamilton for \$115. The council voted not to accept tenders for other street material as the bids were considered excessive. Mayor Schofield announced that Hon. E. B. Carvell, chairman of the railroad commission, would hear the issue of the height of the new railroad bridge at the falls tomorrow.

FEATURES AT OPERA HOUSE VERY ATTRACTIVE

Making Motion Pictures Continues to Interest All - Veterans of Stage Renew St. John Visit.

The popularity of the feature act "Making Movies" at the Opera House, continues to grow and the large audience in attendance at the three performances yesterday were kept convulsed with laughter. As is customary at every performance a motion picture of the audience was made after which new scenes in the motion picture drama were taken. The troubles of the police sergeant, the arrest of the villains, their escape and subsequent death were some of the scenes enacted. That it made a big hit was evident from the hearty laughter. This picture, which is being produced with a local cast, will be shown on the Opera House screen commencing next Tuesday.

In addition to "Making Movies", there are four other highly entertaining acts. Following the final episode of "The Silent Avenger", featuring William Dunlop, Peggy O'Hara, a concert violinist who was formerly with the Cleveland Symphony Orchestra, played a number of difficult and tuneful selections. Her technique was good and her efforts were rewarded by hearty applause.

Fox and Ward, who have been part of the act since 1918, followed and received quite an ovation. Mr. Fox announced that they first appeared at the Mechanics Institute in this city in 1910 and again in 1915. During their life during their fifty-two years on the stage and in the numbers were really good and evoked prolonged applause.

Grace Hayes and Company made quite a hit in a classic vocal and piano offering. The young lady has a pleasing voice and personality, and her numbers were thoroughly enjoyed. Her accompanist is a clever player and his work was appreciated.

Greene and Dayton brought the programme to a close with some clever dancing, songs and snappy conversation. Both are clever and their dance numbers made a decided hit.

This programme will be repeated to-night and again on Thursday afternoon and evening.

Surely, you want to keep well right through the winter

YOU don't want to suffer with an ulcerated throat or inflamed tonsils. You don't want to be bothered with a racking cough that is disagreeable all day and that keeps you awake at night. You don't want to be in bed for months with pleurisy or pneumonia.

If you wish to keep well, realize at once that a cough is a dangerous, insidious disease, which should be stopped at its very outset, and not allowed to develop into anything more serious. An ounce of prevention is indeed worth many pounds of cure, in the case of a cold.

DOMINION C. B. Q. TABLETS are the ounce of prevention that prevents a cold from developing into tonsillitis, bronchitis, or pneumonia.

These tablets contain Cascara, Bromide and Quinine in a pleasant form, are mildly laxative; relieve headache and neuralgia; and break up a cold in a few hours.

All druggists sell DOMINION C. B. Q. Insist on having them. They are prepared by the National Drug and Chemical Company of Canada, Limited.

Marie Thomas and George Donnelly, charged with a statutory offence were sent up for trial, at the conclusion of the case yesterday afternoon in the police court. Bail was accepted.

DEFILATION A NORMAL PROCESS

"Why keep on referring to this as an abnormal period?" asks a Broadway, N. Y., business man. "Is a period of deflation any more abnormal than one of inflation? Haven't we been having both at recurring intervals for more than a century? If business men could only be educated to look upon times of readjustment as both normal and inevitable."

A Letter to Mothers

Who Have Delicate Children

This mother writes: "My little girl five years of age had been delicate all her life. Pneumonia left her in a very weak, run-down, nervous condition with no appetite. We were very much worried. Our druggist, who is a doctor, said Vinol was the best tonic he knew for one in her condition. We tried it and you ought to see how she has improved by its use. I cannot say too much for Vinol."

HANGES HIMSELF ON BARN RAFTER

(Canadian Press Despatch.)

Yarmouth, N. S., Nov. 16.—The body of William Churchill, a resident of Lake Darling, was found hanging from a rafter in the loft of his barn today. He had been missing since yesterday. He was 34 years of age, a widower and left two sons. The coroner's jury found that he came to his death by hanging, while in a state of mental depression.

SUGAR IN NEW YORK

New York, Nov. 16.—Refined sugar prices at the present time are quoted at about 10 1/2 cents wholesale. This compares with a high price for the year of 23 cents in July. Cuban raw sugar in the same time dropped from a height of 23 cents in May to 6 cents today. Consequently it can readily be seen that the American Sugar Company, as well as other sugar companies, stands to lose considerable money as a result of this drop in sugar prices. No doubt there will still be many trading days for stockholders before the readjustment is completed.

COLLEGE GIRLS START REFORM

(Boston Post.)

A campaign against French heels, too much candy, insufficient exercise and not enough sleep among the girls at Boston University has been undertaken under the name of the "Chevron system." Most girls hate to do the sensible thing simply because it is sensible, the college committee in charge of the campaign says.

The general follies of college girls have been catalogued as follows: They play too much; they take insufficient exercise; they wear scandalously high French heels; they eat too much candy; they are careless of their general appearance.

The "Chevron system" is calculated to change all this. A valuation has been placed on total abstinence from each of the follies and the girls that behave the best gets a long string of beautiful chevrons to wear on the sleeve of her gym suit.

Fearing the significance of the chevrons would be misunderstood, it was decided to prohibit the wearing of the multicolored chevrons except in the gymnasium blouses worn by the girls in their physical training classes.

Ten points are awarded for sleeping eight hours; five points for abstaining from candy between meals for twenty-eight days each month; ten points for abstaining from French heels for ten days; ten points for abstaining from candy between meals for twenty-eight days each month; ten points for abstaining from candy between meals for twenty-eight days each month; ten points for abstaining from candy between meals for twenty-eight days each month.

The wholesale price of bread in the city is now fourteen cents while the retailers sell at fifteen and sixteen cents.

WINE MERCHANTS ARE SENTENCED

(Canadian Press Despatch.)

Montreal, Nov. 16.—Joseph A. Pesant and Rene Ricci, beer and wine merchants of this city, were sentenced to 12 months in jail each, at hard labor, and to a fine of \$2,000 each or an additional twelve months each on a charge of false pretences, made in the same case was dismissed on the ground of the accused being already acquitted.

Had An Annoying Hacking Cough

GET NO REST AT NIGHT

Hacking coughs are very wearing on the system. The constant coughing disturbs the rest, and keeps the lungs and inflamed condition that unless you get immediate relief the cough may become settled and serious and lung trouble ensue. There is no better remedy than Dr. Wood's Norway Pine Syrup for relieving all kinds of coughs or colds, coughing as it does the lung healing virtues of the pine tree with which is combined wild cherry bark, and the soothing and healing expectorant properties of other excellent herbs and barks.

Mrs. E. J. Ross, Penhold, Alta., writes: "About three years ago I caught a very bad cold, accompanied with a sore throat and hoarseness. I was so hoarse you could not hear me speak. I could get no rest at night with the terrible annoying hacking cough. I tried several remedies, but they did me no good. I finally saw Dr. Wood's Norway Pine Syrup advertised so I got a bottle. It at once gave me relief, and after using four of them my cough had a gone. Now I always keep it in the house."

"Dr. Wood's" is put up in a yellow wrapper. Three pine trees the trade mark; price 35c. and 60c. a bottle. Manufactured only by The T. Milburn Co., Toronto, Ont.

Catarrh Of The Stomach Is Dangerous

"Thousands Have It and Don't Know It," Says Physician. Frequently Mistaken for Indigestion—How to Recognize and Treat.

"Thousands of people suffer more or less constantly from furred, coated tongue, bad breath, sour burning stomach, frequent vomiting, rumbling in stomach, bitter eructations, gas, wind, and stomach acidity and cat it indigestion when in reality their trouble is due to gastric catarrh of the stomach," writes a New York physician.

Catarrh of the stomach is dangerous because the mucous membrane lining of the stomach is thickened and a coating of phlegm covers the surface so that the digestive fluids cannot mix with the food and digest them. This condition soon breeds deadly disease in the fermented, unassimilated food. The blood is polluted and carries the infection throughout the body. Gastric ulcers are apt to form and frequently an ulcer is the first sign of a deadly cancer.

In catarrh of the stomach a good and safe treatment is to take before meals a teaspoonful of pure Bismarck Magnesia in half a glass of hot water as hot as you can comfortably drink it. The water washes the mucus from the stomach walls and draws the blood to the stomach while the Bismarck Magnesia is an excellent solvent of mucus and increases the efficiency of the hot water treatment. Moreover the Bismarck Magnesia will serve as a powerful but harmless antacid to take before meals any excess hydrochloric acid that may be in your stomach and sweeten its contents. Easy, natural digestion with out distress of any kind should soon follow. Bismarck Magnesia is not laxative, is harmless, pleasant and easy to take and can be obtained from any local druggist. Don't confuse Bismarck Magnesia with other forms of magnesia milks, citrates, etc. but get it in the pure Bismarck form (powder) in tablets, especially prepared for this purpose.
