THE MORNING WAR CABLES

London, Nov. 8, 9.35 p. m.—The German and Austrian armies are now on the defensive both in the east and the west. They have, at least for the present, given up their efforts to break through the allied lines around Ypres, in Belgium, where the British and French have taken the offensive and, according to the reports from French headquarters, have commenced to advance, and in the east they have fallen back to and over their own frontiers in East Prussia, and in Poland have crossed the border, while the Russian cavalry has penetrated Silesia, to the north of Kalisz, and cut the German railway.

The Russians also are following up their advantage in Galicia, and it is said, have succeeded in cutting the retreating Austrians off from Cracow, and the German army is retreating through Poland.

In fact, at only one point on the two battle fronts do the Germans claim success. That is to the west of the Artois region, where the German emperor's forces have succeeded in taking from the French an important height near Vienne-le-Chateau.

While the reports of the allies' offensive of the west have given hope in London that Germans will fall back to a line formerly shown wonderful resistance, the presence of the Russians in East Prussia and Silesia, cuperative power. The presence of the Russians in East Prussia and Silesia, however, although the latter are only cavalry, it is believed here, will prevent the Germans from sending any more troops to the west, if it does not compel them to withdraw some of their troops from that front.

Nothing of first class moment has occurred up to the present in the near east, but Turkey is being attacked in isolated spots by the Russians and British, and the Turks are apparently coming very close to war with Greece, the situation having been aggravated by the sinking of a Greek steamer by the Turks, and the threatening of Greeks in Asia Minor. Neither Bulgaria nor Roumania has made any move as yet.

MONTREAL'S HOME GUARD

Three to Five Thousand Expected Within a Few Weeks

A military organization along entirely new lines, known as a home-guard, is planned for Montreal by a committee of business men, headed by J. N. Green-shields, K. C. The home guard will be a volunteer force somewhat on the lines of the new scheme. With troops being danger arises. When needed, however, they will be prepared to gather at a moment's notice. The organization is being organized in five minutes—that is, just that—makes the home guard in the largest selling stomach regulator in the world. If what you eat forces you to cough, your stomach is filled with bile and indigestible waste, remember the moment "Pape's Diapiesin" comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

A large fifty-cent case of Pape's Diapiesin will give you a hundred dollars' worth of satisfaction or your druggist will give you your money back.

It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or at night. It's the quickest, surest and most harmless stomach regulator in the world.

The membership fee in the new Home Guard Association will be \$85. This will cover the cost of rifles, cartridge belt, and 250 rounds of ammunition. Application cards are being sent out to the thousands, and it is believed by the organizers that within a few weeks there to five thousand members can be secured.

The organizing committee are: Chairman, J. N. Green-shields, K. C.; Lieut.-Col. George Barker; Robert Bick-erdie, M. P.; A. J. Brown, K. C.; E. L. Pease, manager of the Royal Bank; H. C.
