DYKEMAN'S New Spring Dress Goods

shown in abundance and at prices peculiar to this store.

When you start to buy your new spring dress and have the money to pay for it, why not come to a cash store? Why spend your money at a credit store where their profits have to be large enough to cover the loss to credit customers? Another thing to consider is that this store buys all its goods for cash and so this firm are enabled to mark their goods at a smaller marginal profit. We buy from first hands, eliminating all middlemen's profits. That is why the prices are so satisfactory.

The goods are always right because they are not allowed to get out of style on the shelves.

Is not the above enough to convince you that you ought to come direct to this store for your new spring dress goods?

Prices from 45c to \$2.50 a yard

TRANSFER THEIR HEAD OFFICE TO SUSSEX

C. T. White & Son's Plans - St. John Man Buys House

Arrangements have been completed for the transfer of the head office of C. T. White & Son, lumber manufacturers, to Sussex. The firm has leased the office in the Fred Fowler block and will occupy it at once. The extensive business of the concern, whose mills are at Apple River, Point Wolfe, West River and Little Salmon River will all be directed from Sussex. It is understood that H. H. Reid, of St. John, has purchased Abner Cripps' share and will remove to Sussex at once. Mr. Reid will have charge of the head office of C. T. White & Sons, here.

It is understood that A. B. Pughley, who has for many years conducted the Depot House, will shortly leave for the west, where he has large business interests. Mr. Pughley is one of the most widely known hotel men in the maritime provinces. Mr. and Mrs. W. Cook Hunter left for Moncton this week, where Mr. Hunter will manage the Record foundry and its eleven acres of plant. A number of Sussex young ladies left during last week for Newburyport, where they will take a course in nursing at the hospital. Sussex has contributed a number of graduates to this institution but the present exodus is a large one. The delegation included Misses Lillian Dole, Margaret McAfee, Ethel Chapman and Jennie Gamblin. Miss Teresa Decoursey, who will also train for nursing, goes to night to Providence, R. I., where she will enter a leading hospital. It is understood that M. Garfield White will at once commence the erection of his new Sussex home. Mr. and Mrs.

White will take up their residence here as soon as their residence is completed. A few weeks ago W. N. Robinson, manager of the Sussex Manufacturing Company, went west with a view of opening up new markets for the firm's output of small threshing machines. Mr. Robinson had no trouble in making a sale of a trial order of two machines, which will leave Sussex for Winnipeg in time for the next threshing season. Another line which the company has been most successful in producing is refrigerators. So far this season three trials of refrigerators have been shipped to points west of New Brunswick and other large shipments are to follow. While in Toronto, Mr. Robinson secured an order for eight of the company's largest grocer's refrigerators, which are to leave Sussex for the Argentine Republic the latter part of April.

ALBERTA TOWN AFIRE

Serious Outbreak in Langdon, Twenty Miles From Calgary

Calgary, Alberta, April 4—Langdon, a town twenty miles east of Calgary, is burning. A telephone message was received in Calgary at one o'clock this morning, stating that a fire, starting in a livery stable, had consumed that structure and spread to a hotel. A strong wind was blowing and the roof of the hotel had just fallen as the operator was telephoning. Help was asked for and the motor truck of the Calgary fire department left a few minutes later for Langdon. The roads are good and the firemen were expected to make the run in twenty-five minutes. A later telephone message said the fire had consumed the hotel and jumped across the street where there were several business places directly in its path. It is thought to have been caused by a cigarette.

The occasion was a most enjoyable one, and the evening was spent in a pleasant manner in games, Mrs. G. O. AUTO DRIVER FINED \$10

In the police court this morning the case of John Marr, reported for speeding his car, not sounding his horn, driving on the wrong side of the street and using his cut-out, came up before Magistrate Ritchie. Commissioner McEllen said that he had seen Marr coming up Charlotte street on the evening in question and that he thought he was exceeding the speed limit. Police Constable O'Neill also gave evidence. Harold Wood and Phillip Simms, who were in the car at the time, told the court that the horn was sounded before the car came to the corner, and that they did not think the defendant was on the wrong side of the street any longer than was necessary for the car to turn the corner. A fine of \$10 was struck against Marr for using his cut-out unnecessarily and the other three charges were allowed to drop. E. A. Bent was fined \$2 for not having a light on the fence which has been built around the site of the new post office, on the night of March 22.

FRED. LUPEE WILL GET HIS PIPE

Frederick Lupee, charged with beating his wife, was again in the police court today and further remanded. His wife, who displayed a deeply colored optic, told the magistrate that she received it as a result of being pushed against the sink by her husband. Lupee said that he was not drinking, but he objected to some friends his wife had in the house, and perhaps went a little too far with his objection. On his being sent back to jail he was assured by his wife that she would send him his pipe and tobacco to him right away. Edward Hanlon was fined \$8 or thirty days in jail for profanity in Mill street last night. Felix Blanchard, arrested this morning between two and three o'clock for wandering about South Water and not being able to give a satisfactory account of himself, was fined \$8 or two months in jail. NICE STEP AHEAD FOR MR. MILBURNE

Popular Winter Port Official Becomes Superintendent of Canadian Northern S. S. Lines

The following from the Montreal Herald of recent date brings good news of an official who has been very popular in West St. John in connection with the winter port business. The Herald says: "H. Milburn, assistant superintendent of the Canadian Northern steamship lines, has been appointed to the post of superintendent, taking the place of Captain F. J. Thompson. Captain Thompson has taken command of the Royal George, which it will be remembered, went ashore below Quebec some months ago. "Mr. Milburn has had twenty years' experience on the Montreal wharf, and has been in turn connected with the Furness, Withy, Allan, Leland, White Star and Hamburg-American steamship lines. He is consequently well-fitted for the duties of his new position. "Mr. Milburn had the responsible task of floating the steamer Uranium, which grounded off the coast of Halifax. Only by the use of compressed air was this remarkable feat of engineering skill accomplished."
