ON NY PLAYS

The procedure of the juries was not explained. Mr. Enright said, however, each jury would contain both women and men, but the jurors will not be aware of the identities of their colleagues. To insure further secrecy, "service" on the jurors will be performed by a "confidential agent," and no agent will serve more than three persons for one jury.

Each juror will report his findings to the Police Commissioner in writing. It was even hinted that one jury might visit several plays in one week, so that with four juries available for immediate use—unless some jurors are unable to serve—it is possible that all the 13 plays on Broadway against which complaints were on file last week would be studied this week.

system is the cough;

The nervous system is the vital force of your body; the force that gives energy to every organ and every muscle. So great is the power of the nerves that a tremendous shock, such as fear, may cause death.

A lesser nerve shock will pale the cheeks, make the knees tremble, cause the heart to bat wildly or almost paralyze breathing.

To keep our vitality and strength we must nourish the nervous system. When we restore lost nerve power we quickly regain lost strength!

Nervous, exhausted men and women can soon regain their nerve force and as they rebuild their nerves they see the signs of returning vigor.

Wincarnis gives to the nerves the very elements they must have to be rour instance to mourished back to energy. For fifty years this nerve restorative has reinvigorated those who were weak, thin, pale and so discouraged that life seemed to hold no real happiness.

If you need more nerve power go to your druggist today and begin the safe Wincarnis treatment. A sixteen ounce bottle, which is a fourteen day Wincarnis treatment, is sold by all leading druggists for \$1.50. Wincarnis is so effective that only three tablespoonsful a day need be taken.

Try Wincarnis gives to the nerves the very elements they must have to be nourished back to energy. For fifty years this nerve restorative has reinvigorated those who were weak, thin, pale and so discouraged that life seemed to hold no real happiness.

If you need more nerve power go to your druggist today and begin the safe Wincarnis treatment, is sold by all leading druggists for \$1.50. Wincarnis is so effective that only three tablespoonsful a day need be taken.

PLAN

Rev. C. T. Clark, of Fairville Baptist church, gave a very interesting account of the recent missionary convention which he attended in Washington before the meeting of the Tabernacle W. M. S. last night. Mrs. R. D. Colgan, the president, was in the chair and led the opening devotions. A solo was pleasingly rendered by Miss E. Dryden and Miss Eunice Floyd gave a reading which was much enjoyed.

ANALYSE VISITOR.

The St. John Character Analysis Club met last night in the Natural History Society's room with Rupert Taylor presiding in the absence through increase of Steve Matthews, the president. The address on "The Handshake and Expression" was given by H. Richardson and at the close of the meeting two of the members analysed one of the visitors.

GOOD THINGS COMING TO THE THEATRES OF ST. JOHN

Imperial Tonight And Tomorrow

The week-end programme at the Imperial Theatre is another of the melodramatic type with big good-looking Reginald Denny in the leading role. "The Reckless Age" is a speed drama of the swiftest sort and is worthy of being the leading feature of the week, but because all the Imperial's pictures are so good nowadays it is held back for the school-free days as juveniles enjoy adventure stories more than the social kind. The fourth chapter of the new Indian pioneer serial, "The Way of a Man" will be shown also.

## Photo-Musicale Imperial Monday

The pictorial-musicale arranged by Imperial Theatre for Monday and Tuesday of next week will be another extraordinary occasion like the "Dorothy Vernon" and "Peter Pan" engagements. The coming of Emile Ta auto, violin virtuoso, and the screening of the English story, "Madonna of the Streets," will combine in making a programme of the best possible quality. The Imperial will adhere to its usual price scale nevertheless. The leading picture feature with Nazimova and Milton Sills has been seen in private in St. John and is considered not merely a high-class motion picture but a series of portrayals of Old Country characters and places that will interest

INJURED WHILE SKATING. While skating on the Victoria rink Miss King, who resides in Brindley street, fell and received a bad cut on a leg from the skate of another skater who was following. First aid was rendered by the rink attendants and the injured young woman was conveyed to the General Public Hospital by George Hamm, the manager of the rink, for further treatment. After the wound was treated at the hospital, Miss King was able to proceed to her home.
