Yesterday's Games.

Great War Veterans Team.

North End Baseball.

To the Editor of the Times:—

Sir:—Representatives of our baseball nine attended a meeting of the North End Baseball Club, and found that they were barred from entering the league. The plea of the executive which gave this decision was that the league would not progress favorably with five teams and yet, Mr. Editor, the fourth team admitted in preference to our own had not a single delegate at the meeting. Perhaps the executive forgot that the league was formed to give the young men of North End a chance to enjoy their favorite sport, or it might be that they doubt our prowess in the game. If it is the latter we will at once remove these false fears by challenging the Douglas avenue team in nine given the preference over our team—the Thistles), to a game on Wednesday next. We hope the executive will reconsider their decision and if they should not, let them remember that a new executive is required often in the best of baseball clubs.

Thanking you, Mr. Editor, for your valuable space.

THE TURF.

Spectator Causes Trouble.

The Glace Bay Gazette, in its report of the horse races there Monday, says: "The races were marred by two unfortunate incidents, due in a measure to a 'smart aleck' in the grandstand, who undertook to do the starting of the races. In the first heat of the free-for-all, this mischief-maker shouted 'holdup' several times after the horses had been given the word to go by Starter Lawley, with the result that Charlie Sweet pulled up. Mac at the stables, and before he got him away again, Vanza and Wingo hocken had circled the oval once. The next trouble was in the first heat of the 224 trot and pace class. As the horses were scoring down to the wire, this same grandstand starter repeatedly shouted 'go' and though Starter Lawley was sounding the gun for the horses to come back, they kept on. At the half, a racer, driving Fleet Banito, realized what was wrong and pulled up his mare. J. Dunholme, Crown Jay and Wingo, who went the full mile, which, of course, had to be called 'no heat.' Chief of

of Police Costey and his officers made a diligent search for the cause of the trouble but he had evidently got away as he was heard of no more during the day.

Woodstock's Purchase.

The Woodstock Driving Club syndicate who recently purchased Ora Fimo, 2384, at the Redville sale for the free-for-all on the Maritime & Maine circuit this year, have completed arrangements with J. J. All future events conducted under the auspices of the Playground Association will have similar medals.

Y. M. C. A. Track Team.

At a meeting of the physical department committee of the Y. M. C. A. held yesterday at noon, the question of pushing outdoor athletics was discussed and it was decided to get busy and organize a track team to start training in the evenings on the Barrack Green at once. Later in the day George A. Margrett, the local sprinter and all round athlete, agreed to come out and coach the fellows two evenings a week, commencing next Friday, June 4, and every Monday and Friday following.

Prospects are bright for a strong line up and training will have to be started at once to get the team in condition for the events to be held June 26, at the East End grounds.

The following athletes are asked to be on hand on Friday, and any others not mentioned who would like to try: W. Swetka, L. Ryan, E. Dykeman, W. Latham, M. Latham, A. Gillis, R. B. Turner, A. The step taken by the house of assembly looking to the holding of a conference of the governments of the maritime provinces for the purpose of formulating a plan for the joint presentation and enforcement of the just claims of our claims, and it is gratifying to note the government has given assurance in the closing speech of the lieutenant-governor that it will "press this important matter with the utmost vigor." It is

to be hoped, then, that no time will be lost in arranging the proposed conference, and that the case of the maritime provinces will be formulated, presented and pressed upon the federal authorities at the earliest possible moment. So far as Nova Scotia is concerned, the government will have the unanimous support of the people in their effort to secure just recognition of their rights.
