M.P.P. for Vancouver city, took place on retary, Mr. Thomas Mathews, Colonel Falk. Warren occupied the chair, the business transacted being very much to the point, as muy be judged from the following resolution passed, which, significant as it is in its verbiage, is understood to be a good indication of the sentiment that is more or less general throughout the constituency and province: "We, the undersigned, who, were supporters of the Hon, Joseph Martin, at the last provincial election, desire to express our disapprobation of his present conduct. We desire to direct his attention to the fact that he was electand that, in allying himself Turner party, he has betrayed the trust reposed in him by the electors of Vancouver. Further, we earnestly protest against his present course in the Legislative Assembly, as being a deliberate attempt to destroy the party whom he was elected to support, and we can no longer recognize him as the representative of our politica" opinion." Copies of the above resolution will be left at the offices of the city newspapers for signature by all who are in accord with its sentiments.-News Advertiser.

Passengers who came in on Tuesday's train from the East say that the mudslide on the line near Agassiz is nearly all cleared away, and in a couple days there will not be enough of it left to catch the notice of passers-by. A new fire alarm was put in yesterday at the police station, so that in future alarms will be sounded there as soon as they are in the fire halls them-
