proved satisfactory to the Firewards.

Fishing at Indiantown. Quite a large number of anglers have visited Indiantown within the past fortnight for the purpose of killing the famous sea trout that frequent the waters of the Southwest Miramichi at that place. On Friday and Saturday last about a dosen rods could be counted within a distance of helf a mile along the best of the south search. of half a mile along the bank of the river, nearly all being wielded by veteran ang-

In a prominent position at the outer end of a small jam of logs, just below Indian-town Brook, Chief Commissioner Kelly was skimming his flies on the surface of the swift-running water with the same the swift-running water with the same artistic touch and vigor that characterises his management of his Department; behind him, within as easy cast, sat Mr. W. Walton of St. John, occasianaly worrying a well-hooked beauty and smoking a short pipe, with a look of calm contentment and pleasure that could only be equalled by Police Justice Gilbert when seated in by Police Justice Gilbert when seated in his boat on Cramberry lake and worming himself into the good graces of his finny victims. The jolly and obese Inspector Hanford, of St. John, Judge Stadman, Col. Robinson, Fred Coleman, Robert Orr, and "Perry" Davis, of Fredericton, as well as Mayor Wetmore of that city FROM THE MAGDALEN ISLANDS.—The St. John Globe says:—A letter from a and greenharts with more or less success. Hon. J. H. Crawford occasionally delivered a fly straight from the shoulder and watched the magnificent casting of the Chief Commissioner with that expres-sion of mingled wonder and admiration peculiar to himself and other young people from the country. Not the least skilful were Messrs. "Sed" and Duncan Shaw who, like the writer, generally left the best and most available spots to their friends while they, themselves, waded through a foot or two of water to rocks

ing level. The weather was not favorable as there was more or less rain both days, and the run of fish was the poorest that has been known at Indiantown for several Constwise. and the salmon of mixed quality-black Hon. Mr. Smith, himster of marine and one salmon of mixed quality—mark and spring. The luckiest rods killed fifteen to eighteen trout and one or two salmon a day while the others did not get CLEARED. Foreign Ports

here has ceased. He is at present at the a small greenhart trout rod made by Agency at Perth, Ont. His successor is Charles Baillie of St. John, an oiled all Mr. t. L. Thompson, late of the Moncton line of about sixty yards with single gnt walked along a log with the intention of Bathurst, has been appointed Superintend- a heavy rise and quickly discovered that ent of the Wiggins Male Orphan Asylum, he had a large fish. The little rod-one St. John. His late parishioners regret of those slight, but scientifically made osing se sealous and estimable a clergy- pieces of workmanship for which Be

home from a three months trip in the United States—whither he went for the benefit of his health—and has resumed the practice of his profession.

The bott states was based with the line and the work in the lucky angler who that the work in 8. Habberley Sag. left town yesterday hand appeared determined to accomplish for a trip to Boston, New York and Phil it. All other rods were abandoned for the adelphia. traction. Everybody tendered advice as to what was best to be done, while the captive sulked near the bottom for, perha five minutes after it was struck. Ther the water, the reel revolved so fast the ahore, a larger fish than was ever caugh at Indiantown before shot out of the water mich a smack with its tail as denoted a vig such a smack withstream as denoted a vigor and capability to fight, that promised to call out all the test of the Early to be minate the contest depositely for him. The fish resumed a place in the deep and strong water, sugging sullenly against the stream, head off shore, and putting a great strain in the rod and wanting tackle, but the game was well handled and soon there other hum of the reel another heavy estimed, line was recited on ready for the ext dash for liberty. It was useless

however, and after a struggle of an hour and a quaster from the strike during which the fish showed up bettutifully several times, it was used up. It was then led in to a convenient place where Mr. Orr fol-lowed it up to his kness and sometimes his waist in water. When the lich would rouse itself and underwor to dmit off derable amusement, but when he made desperate scoop at the prize with a land. ful shout which had hardly subsided when the wet man grabbed the salmon by the head and Mr. Orawford seized it by the

the accident.

Steam Fire Engine.

The long expected hose for the new steam fire engine having arrived on Wednesday evaning, the engine was taken out yesterday merning for a second and more complete trial. At first, with two lengths of hose and 1½ inch account, a stream was thrown as high as the flag-pole on the warehouse on Hen. Mr. Muirhead's wharf, where the engine was playing. A chimney on a blacksmith shop on Mr. Muirhead's streams that the probable That there is a good run at the probable That the point of the pro

North Ten Times its Weight in Gold - Pain was threewa from opposite the Post-office to the top of the flag-staff on the Canada House, and from the same position stroams were thrown great distances and with great force, one stroam being thrown about 250 ft. Mr. Jehnston can testify to the force, as several panes of glass in the Canada House windows were driven in by the water. A little fellow, one of several who were running to and fro across the stream, received the full force of it, and was taken completely off his legs, and that at a distance of about 150 ft. from the nozale. No. I Engine Company, evidently envious of the new favorite's popularity, brought their "machine" to Letson's Wharf, just opposite twe where the steam engine was, and commenced playing "just to show what they could do"; they did it, and then retired, "vanquished, but not beaten."

Mr. Jno. Wilson, who has been in charge of the new engine since its arrival, leaves for St. John to-day, as the machine has proved satisfactory to the Firewards. cannot stay where it is used!
