

ST. JOHN STAR, TUESDAY, OCTOBER 10, 1905.

NEWS OF SPORT.

N. Y. Nationals Defeated Philadelphia Americans in the First Championship Game—Terry McGovern Back in the Ring

BASEBALL.

NATIONALS DEFEAT AMERICANS. PHILADELPHIA, Oct. 9.—Mastery pitching by Mathewson, backed up by gilded playing by the men behind him, gave the New York National League champions a victory today over the Philadelphia American League pennant winners in the first game of the series of seven games for the world's championship. Philadelphia failed to score, Mathewson allowing the home team only four hits, while the New Yorkers managed to score three runs off Plank. It was a victory for the victors, the element of luck cutting no figure in the contest.

While the visitors were gathering their runs New York's great pitcher was moving down the home plate in almost one, two, three order. Of the thirty-one men who faced him only eight reached first, four of them on hits, three on fielders' chances and one on Donlin's miff of a short fly. Only one man—Schreck—reached third, and he was thrown out at the plate on a close play.

The only department where the Philadelphians outshone the New Yorkers was in fielding. They gave Plank as brilliant support as has been seen here for a long time. Monte Cross, at short, and Captain Lave Cross, at third, made some phenomenal stops and quick throws while on the run. The team played without an error. For New York, Dublin and Devlin were all over the in-field, the latter making several hard stops and throws. Donlin made New York's only misplay. He started too late on a short fly ball and muffed it. It resulted in nothing, as the runner was doubled up at second on the next play.

New York came near scoring in the first inning. Plank hit Bremanah the first man up, with a pitched ball. He was forced to second by Davis, and McGinn hit into the crowd in left field, the ground rule allowing him two bases. With Browne on third, Merz struck out. In the second inning Devlin and Gilbert bunted safely and worked the double steal. Bremanah was purposely sent to first on balls, but New York was unable to score. The visitors went out in the third, and McGinn hit on a sharp fielding. Mathewson singled to centre in the fifth inning, but was forced at second by Bremanah, who stole second. Browne was an easy out, and Bremanah scored on Donlin's single to left field. McGinn hit on a sharp fielding. Mathewson singled to centre in the fifth inning, but was forced at second by Bremanah, who stole second. Browne was an easy out, and Bremanah scored on Donlin's single to left field. McGinn hit on a sharp fielding.

While the interest in the series is widespread, the crowd was not as large as that which saw any one of the three games between the home team and Chicago when they played their series about ten days ago for first place. The paid admissions were officially announced at 17,465. The two teams will play in New York tomorrow.

THE TURF.
KENTUCKY RACES. LEXINGTON, Ky., Oct. 9.—The feature of the sixth day of the Kentucky Breeders' Association meeting was the trotting of the Walnut Hill Farm cup, \$3,000 guaranteed, by L. V. Harkness. It took four heats to decide the winner. The first heat was won by the favorite, In the first heat the stake record of 2:07.4, made by Hill Buck in 1903, was equaled by Turley. In the second heat Glenwood M. clipped a half second from the record. Past time characterized every heat, and the finishes were close. Citation, the favorite, had no trouble in taking the 2:10 race in straight heats. In the 2:15 trot Forezella, the heavily played favorite, was able to take only the second heat.

FOOTBALL.
NEPTUNES PRACTICE TODAY. The Neptunes held their usual practice yesterday afternoon on the Victoria grounds, and a team of nine men showed up. There were on the field Doug, Robb, McCafferty, Farria, Duke, Masters, of the forward line, and Townsend, Mulhearn and McKendrick of the backs, but the expectations of a full turnout were not realized.

WANDERERS WANT TO COME HERE. The Neptune football team has received a communication from the Wanderers of Halifax asking for the game there on Thanksgiving Day. In view of the autumn carnival not being held as proposed it is likely an all St. John team will be picked to play the Halifaxians.

THE RING.
TERRY MCGOVERN AGAIN. (By Tad.) Terry McGovern will meet Tommy Murphy next Wednesday night at the National Athletic Club in Philadelphia.

MRS. WILLIAM C. ALBERS.
She was with her husband when he was arrested in Nicaragua and imprisoned for refusing to comply with the laws regulating the sale of tobacco. Albers has appealed to the government at Washington, and his wife is now on her way to this country to aid him in securing redress from the Nicaraguan authorities. Mrs. Albers was formerly Sadie Cushman, a vaudeville actress.

BUY STEEL BRIDGE FOR CENTRAL RAILWAY

The steel bridge at present in use on the main line has been purchased by the Central railway commissioners to replace the structure at present doing duty over the Kennebecasis at Norton. The bridge consists of two spans, each one hundred and ten feet in length, and will be set on concrete piers, which are now being prepared. The Central commissioners will take possession of the bridge on the 15th, on which date the I. C. R. authorities agree to have it taken up. The I. C. R. will replace it with a heavier structure.

Senator King, who arrived in the city last evening for a conference with his colleagues, George McAvity, said that they were negotiating for several other bridges.

About thirty miles of the right of way has been cleared, and the filling of the six hundred foot trestle over the Washademoak will be begun very soon. A gravitation water system is being installed at Minto.

Clearance Sale still Continues.

DRESS SUIT CASE CAUSED EXCITEMENT.

Thought It Might Be Connected With Winthrop Mystery—Visiting Old Home.

EASTPORT, Oct. 9.—The appearance of a dilapidated dress suit case tied up with stout cord, which drifted into one of the docks during the latter part of the week, caused quite an amount of excitement, and in a short time a large number were on hand expecting that it might contain the dissected body of the missing female from Massachusetts in connection with the Winthrop mystery. The dress suit case was hauled, and while it was being towed ashore for inspection, one of the Canadian boatmen who was near came up and claimed it, saying that the case had fallen out of his boat, and opening it, showed his old clothes to the eager spectators, when the spell was broken.

With indications of coal being considerably higher during the winter, a large quantity of hard wood is being brought into this city from the surrounding country and will be used extensively as fuel about the city, but even wood is high this fall.

Line fishing has been unusually good during the past week several miles down the bay, and a large fleet of the small boats have been at anchor while the fishermen have been gathering in the cod, pollock and haddock, which are now in demand for markets. Line fishing off the wharves has been worked at a profit for some days past, and if the potato crop does not prove a failure, as reported in some sections, there is a chance for fish and potatoes for the winter here.

Mr. and Mrs. Edward W. Bowman and children of St. John, N. B., arrived in the city during the latter part of the week for a short visit at the home of Mr. and Mrs. Daniel Creary, who are parents of Mrs. Bowman. Mr. Bowman was for a number of years clerk at the former Quoddy hotel in this city, is now manager of the New Victoria hotel at St. John, N. B., and is a great favorite with the travelling men who visit the maritime city, especially from the American side.

PARENTS ARE INVITED TO ATTEND.

Parents and all others interested in education, and that should include everyone, are invited to attend any or all of the sessions of the United Teachers' Institute, which will be held in the High School building Oct. 11th and 12th inst.

This is not the first occasion on which the teachers of St. John and Charlotte counties have been invited to attend. Once before the teachers of Charlotte came to St. John, and once the St. John teachers visited with Charlotte teachers in Washington county, Maine, at St. Stephen.

It is expected that at the ensuing meeting there will be about 300 teachers present.
Hon. W. W. Stetson, state superintendent of education of Maine, will be one of the chief speakers at the public meeting on Thursday evening. St. John has few people as an orator, and his services are much in request in the United States as well as in Canada.

Miss Eleanor Robinson, whose ability is well known and whose work is so justly appreciated, will be the subject of a paper at one of the sessions. The programme has been varied in some degree at this meeting in that in addition to the lecture programme, a presentation of the schools from the point of view of parents will be given by a lady and a gentleman who have been patrons to the public schools.

All meetings—day and evening—are free to the public.

WELCOMED NEW MEMBER OF THE SUPREME COURT

OTTAWA, Oct. 9.—Hon. James MacLennan, new member of the supreme court, signed the commission and took the oath of office this morning. The other judges extended their congratulations to the new member of the court. In doing so Sir Eliezer Taschereau made the remark that he had been a member of the supreme court G. T. Blackstock, a justice of the peace, who is confined to his house by illness, and Justice Groulx not having yet returned from leave of absence in England, there was no quorum to hear appeals, and consequently the court adjourned until Monday next, when it is expected Mr. Justice Groulx will be present.

FREDERICTON NEWS.

FREDERICTON, N. B., Oct. 9.—Messrs. Harry P. McLeod and John Fairley of this city, and N. P. McLeod of St. John, have returned from a moose hunt in the vicinity of Melville. H. P. McLeod succeeded in capturing a bull moose with antlers spreading fifty inches.

There were a number of St. John people registered at the several hotels here today. Among these were: J. D. Eason, M. P. F. W. W. Hubbard, R. W. Estabrook, Aaron A. Wilson, T. H. Duffin, Miss R. P. French, V. V. Elected, James Barry, E. Cowan, E. O. Nagle and H. W. Cole.

Mr. Col. Frank Gregory, who has been visiting his parents here for some days, returned to Victoria, B. C., today. He went to St. John this morning. Mrs. A. W. Macrae and J. Fraser Gregory of St. John, who were here spending Sunday with their parents, also returned to their homes this morning, having enjoyed the family reunion.

JURY DISAGREED IN THE COLE MURDER TRIAL.

And Were Discharged as There Was No Possibility of Reaching a Verdict--Were Out Nearly Seven Hours--The Addresses to the Jury.

PORTLAND, Me., Oct. 9.—Shortly after midnight the superior jury came into court and reported a disagreement in the charge against Edward F. Cole of Hillsboro of murdering his friend, John F. Steves. As the foreman said that there was no possibility of their reaching a verdict, the members of the jury were discharged. Cole will remain in jail pending the county attorney's decision as to another trial.

Mr. Wilson's argument for the defense was brilliant. He dealt in detail with the evidence of the state, and ruled out the possibility of an identification after the lapse of two weeks by persons who had seen a man but casually and at a distance on a country road. The witnesses contradicted one another as to the clothing worn by the man, he declared. Some of them have denied elsewhere in conversations the fact that they had seen the man on the day of the murder. This is a great favorite with the travelling men who visit the maritime city, especially from the American side.

PROGRAMME OF W.F.M.S.

The following is the programme of the twenty-ninth annual meeting of the Women's Foreign Missionary Society to be held in the Andrews' Presbyterian Church, this city, October 11th and 12th:
Tuesday, October 10th, at 7:30 p.m.—Special meeting board of management. Reception at 8:30 p.m.
First session, Wednesday, Oct. 11th, at 8:30 a.m.—Invocation; hymn 80; prayer; Bible reading; hymn 402; prayer; hymn 184.
Nominating committee called.
Appointment of committee on credentials; appointment of committee on resolutions and courtesies. Prebaptist reports; hymn 402; prayer.

Second session, Wednesday, October 11th, at 2:30 p.m.—Hymn 268; prayer; Scripture reading; minutes of previous meeting; president's address; greetings; corresponding secretary's report; report of committee on credentials; report of publication committee; treasurer's report; hymn 345; prayer.

Third session, Wednesday, Oct. 11th, at 8 p.m.—Public meeting. Addresses by returned missionaries and others.
Fourth session, Thursday, Oct. 12th, at 9:30 a.m.—Hymn 248; prayer.
Scripture reading; minutes of previous meeting; foreign secretary's report; report of secretary of supplies; discussion on Miss Carmichael's resolution; Mrs. R. P. Fraser's notice of motion; report of committee on credentials; report of nominating committee; election of officers. Hymn 484; prayer.

Fifth session, Thursday, Oct. 12th, at 12:30 p.m.—Hymn 361; prayer.
Scripture reading; minutes of previous meeting; report of Young People's conference of Mission Band Workers; appointment of nominating committee; report of committee appointed to rearrange Article 4 of Constitution; question drawn answered; discussion; unfinished business; new meeting report of committee on resolutions and courtesies. Hymn 438; prayer; hymn 601: "God be with you till we meet again."

NEW BOAT FOR P. E. I. ROUTE.

CHARLOTTETOWN, Oct. 9.—Ernest Ings of the Steam Navigation Company has just returned from England, where he was arranging for a new steamer on the Sumner route. The new steamer will be 235 feet long and have a speed of seventeen knots. She will have blue keels to keep her steady and she will steam seventeen knots an hour. But she will not be a turner. There will be an elegant smoking room on deck and she will be furnished with up-to-date lavatories, etc., all her fittings being of the most approved, substantial and modern kind. The builders are Swan, Hunter, William Richards & Co., Newcastle. She will be ready for next spring.

Is your Coal Wasted or Used?

It is comparatively easy to build a range that will make a lot of heat, but it requires the exact science of Pandora range building to produce a range that will use all the heat in the coal without waste.

A common range may burn twice the coal that a Pandora will, and yet do only half the work.

If you use a Pandora range you can be certain that your coal money is not wasted, but used.

McClary's Pandora Range
Warehouses and Factories: London, Toronto, Montreal, Winnipeg, Vancouver, St. John, N.B., Hamilton
