## ARRESTED ON CHARGE OF CRIMINAL LIBEL

James H. Crockett of Fredericton Gleaner Out on Bail.

Information Laid by Mr. Emmerson—Preliminary Examination Will be May 29th—Lawyers Interested

FREDERICTON, N. B., May 21.—Jas. H. Crockett, managing director of the Fredericton Gleaner, was this afternoon arrested on a warrant issued by Police Magistrate Marsh for alleged criminal libel issued in the Daily Gleaner of March 27th last.

The information being laid by the Hon. Henry R. Emmerson, the information does at length the grounds of complaint, the chief one being where the article accuses the Hon. Mr. Emmerson of being elected from St. Lawrence Hall, Montreal, with two women of ill-repute, making him an object of contempt and ridicule. The arrest was made in the office of the police magistrate, there being present beside the magistrate, Mr. Crockett and Sgt. Phillips, the latter serving the warrant. The warrant was issued under sections 323 and 324, chapter 146, of the Revised Statutes of Canada, which sets forth that any one publishing libel, knowing it to be false, shall be subject to two years imprisonment or a fine of \$400 or both.

Mr. Crockett in receiving the warrant offered as bail H. P. McLeod, druggist, and Chas. A. Burchill, druggist, bondsmen.

These were accepted, each giving bail for \$300 each, which, with Mr. Crockett's own surety of \$400, makes a total of \$800, double the amount of the penalty as by law required.

Mr. Crockett was unrepresented by any lawyer.

The magistrate fixed Wednesday, May 23rd, as the date for taking up the preliminary examination.

It is understood that the defense has decided to offer the evidence in its possession at the preliminary examination.

As far as can be learned at this date it is difficult to say who Mr. Crockett's lawyers will be, but it is likely they will include O. R. Crockett, H. P. McLeod, J. D. Hazen and H. A. Powell.

Mr. Emmerson is represented by J. H. Harry, Attorney General, Fugley, A. S. White and A. B. Copp.

It is thought that when the legal talent gets fighting the case will consume some time.

Magee and McConaghy, the two young boys charged with carnally knowing a young girl, today elected to be tried by Judge Wilson under the speedy trials act.

They pleaded guilty and were remanded until tomorrow when Judge Wilson will deliver sentences.

## C.M.B.A. BALL LAST NIGHT A GAY EVENT

The assembly rooms of York Theatre were the scene of joy and gaiety last night. The occasion was the ball given by Branch No. 134, C. M. B. A., to commemorate the seventeenth anniversary of its founding. The guests consisted of the members of sister organizations and their friends. Between two hundred and two hundred and fifty people were present. The floor of the main hall was in excellent condition for dancing and Country's orchestra furnished music for the following dances as well as extras: Waltz, lancers, two-step, C. M. B. A. quadrille, military polka quadrille, waltz, two-step, waltz, two-step, waltz.

The decorations of ball room, supper room and sitting-out room were extremely tasteful. Palms were used in profusion, also festoons and streamers of tri-colored lighting. The dance list was printed in blue and gold and was ornamented with the association's badge on the cover.

## MEDICAL SOCIETIES OF COLCHESTER AND HANTS COUNTIES, N. S., UNITED

TRURO, N. S., May 21.—For some time past an effort has been made to bring about amalgamation of the medical societies of Colchester and Hants counties in Nova Scotia. The accomplishment of the scheme resulted in the gathering together in Truro this afternoon and evening of quite a large number of physicians and surgeons in the two counties, also several doctors from neighboring counties. The success of the plan was made the occasion of much congratulation.

Following is the list of officers: Dr. H. B. Black of Windsor, president; Dr. Margeson, Hantsport, vice president; Dr. H. V. Kent, Truro, secretary; Dr. F. S. Yorston of Truro, with the officers, will form the executive.

Also a scale of fees.

Dr. Chisholm of Halifax read a paper of much interest to the profession. After the close of the evening meeting the doctors partook of a very fine dinner at the Stanley House, where toasts, speeches, readings and other intellectual entertainment followed the serving of the viands and refreshments.

## OFFICERS ELECTED FOR MONCTON BOARD OF TRADE

MONCTON, N. B., May 21.—The board of trade held its annual meeting tonight and there was a very large attendance. The principal business was receiving committee reports and the election of officers. In the election all offices except the council were filled without contest. F. McLaughlin and W. Y. Smith withdrew as candidates respectively for the offices of president and vice president. The officers for the year are therefore as follows: President, J. T. Hawley, vice president, E. C. Cole; secretary, J. W. Y. Smith; Hon. C. W. Robinson, W. F. Humphrey, W. H. Edgett and Dr. C. A. Murray. The treasurer's report showed the finances to be in a good condition, the year's surplus being \$33.69. There was a large increase in membership during the year and the board's work increased in importance. The various committees submitted satisfactory reports.

## ABOUT HARGREAVES CIRCUS

White Deputy Minister Butler was here today he was waited on by a delegation in reference to an overhead bridge to cross the railway line at the west end of George street. The land is to be leased to the city for making the extension to Truro farm, a portion of which will be used for a natural park. The proposition received the favorable consideration and the minister gave every encouragement.

Visions of childhood! Stay, O stay! Ye were so sweet and wild! And distant voices seemed to say, "It cannot be! They pass away! Other themes demand their lay:—The road to a child's day!"

The above lines, from the prelude to Visions of the Night, by Henry W. Longfellow, will doubtless remind every nature reader of the delightful days of childhood—days more prolific of genuine happiness and golden enjoyment than any other period in the entire gamut of life. If, you, my reader, will recall to mind the visions of your childhood, I think you will agree with me when I say the one event which stands out in your memory with transcendental vividness is the first visit you made to the circus. You can conjure it up now—that day away off yonder in the past. The circus may have been a small unpretentious affair—even infinitesimally insignificant, when compared to the great Hargreaves' Railroad Shows, which are advertised to give afternoon and evening performances in St. John Wednesday, June 6. But that first circus will always linger in the memory.

The great Hargreaves' tented amusement enterprise is everywhere acknowledged to be America's greatest circus. There is a unique distinction between the managers of the Hargreaves show and that of any other show, in that this great zoological display contains the largest pachyderm known to be in existence. This remarkable big elephant, "Jumbo, the Second," is over twelve feet in height and weighs twelve thousand, five hundred pounds. Miss Nabel Hall, the only woman elephant trainer in the world, makes "Jumbo, the Second" execute a series of difficult tricks.

RUSSIA.

Russia was a duchy until 1557, when it became a grand duchy of Vladimir, remaining such until 1325, when it was called the grand duchy of Moscow. The Russian rulers began to call themselves emperors in 1547. Peter the Great assumed the title of emperor in 1721.

## TWO CREMATED; FOUR BADLY BURNED

Only One Man Escaped from Injury in Accident.

Explosion in Pittsburg Furnace Occurred Without a Moment's Notice With Awful Results

PITTSBURG, Pa., May 21.—Two Americans, well known mill men, and three foreigners were terribly burned tonight when an explosion occurred in the gas furnace No. 1 of the Jones & Laughlin Steel Company, Limited, in the Hazelwood district of the city. Of the accident, happened, only one, a foreigner, escaped uninjured. The dead: E. B. Willard, assistant furnace superintendent; John A. West, blower.

Three unknown foreigners.

The accident occurred without a moment's warning. The ten men were about ready to draw off the molten metal when the explosion occurred. The heavy weight of the ore forced the gas with terrific pressure, through the first dust catcher, which was unable to stand the strain and burst. A tremendous roar accompanied the breaking of the dust catcher, and before the men could escape they were caught by the flames. Willard, West and the three foreigners were directly in front of the furnace. The five other men were back several yards. For fully ten minutes the flames shot out of the furnace for a great distance, and when finally the gas was turned off, only a few bones of the five men were found.

Willard and West are said to be two of the most prominent furnace men in the country. They were experts at a great distance, and for this reason it is believed the accident was without warning, as these two men would have known there was something wrong.

NONSUCH HOUSE.

Nonsuch House erected on London bridge in 1585 was built entirely of wood, no iron being employed in its construction even for framework. It
