DOTING ROUND A CORNER .- Capt. Travis s his Memphis admirers in a state of confiexcitement in reference to his wonderful exements with the pistol. His last proposition in the pistol. His last proposition is more remarkable than any we have yet from him. He says he will wager \$250 that in hit a mark without seeing it, and that the shall be placed behind the tree from him. shall be placed behind the tree from him, arther says the judges shall select a tree not han six feet in circumference. A boar t. six by five laches in size, shall be placed d the tree, at a distance of thirty yards from bis pistol will shoot around the tree, and out enty dots will hit the target fifteen tines st. making the ball go around the tree beauty. st, making the ball go around the tree best, making the barry of around the tree be-triking the target. The match to come off a twenty days from the 25th instant, in Ar-is, within three miles of the city of Mem-the place to be selected by the judges.

ot. Travis is by no means the first to atthis novel feat, nor is it quite so astonishthis novel feat, nor is it quite so astonish-many might at first suppose it to be. The se operandi of the "bomerang" shooting of found fully illustrated in the following le-which we clip from the Newcastle "Chro-"The belt of wampum mentioned in this it is in the hands of the editor of the

onicle :"— irectly after the purchase of Louisiana from ench Government, Col. Andrew Ellicot, of ster, Pa., with one bundred U. S. treops out fifty topographical engineers, axemen, out they topographical engineers, axemen, cent down the Ohio and Mississippi Rivers littsburg, and, after a safe and speedy pas-n flatbouts, arrived at the point, where abors were to commence in running the ry between Mexico and our newly acquired ry. After spending some time at their land after having penetrated into the interest were surrounded by a large body of both adians, who had fully determined to re the whole party. Ellicot fortunately, had a shrewd, half-

nterpreter, who, learning the intention of ty, made 'big talk' to the chiefs, and I them that his master was a great "medi-capable of even raising the Evil Spirit at. He said that if a man was to stand be tree one hundred and fifty yards he could on, without taking aim or shooting through After some consideration the Indianaled to try their prisoner's power on a tur-The next day one was secured, and the e was measured off. The Colonel took and split a stake, which he drove firmly ground, a few feet beyond the trunk of

er driving the stake into the ground, and tied the turkey to the stake, so that it calculated upon where it would be found of at, he passed to the side of the tree dique direction apparently without care, ground. Taking the position assigned he fired at the chalk mark on the axe, and emaically correct had the angles been ed, that he. with v glanhed bull by accomplished the feat of killing by without having seen it when tak

Canadian Boat Soug.

At Two Mountains the Indians all assembled on the shore in front of the Church, rang the bells, fired guns, and cheered.

At Carillon, where there was a great turn out,

At earmon, where there was a great turn out, two troops of eavalry, &c. he took the cars for G e n ille, and there, after witnessing another livel display, he went on board the Phomix, which was awaiting him, and carried him to Ot The day, though showery, was on the

whole fine.

There were passing demonstrations at various other points along the river, and the Prince much enjoyed the beautiful acenery off the mouth of the Gatineau River.

The visit of the Prince of Wales to Belleville The visit of the Prince of Wales to Belleville is to be signalized by quite a novel procession. It is following notice we find in one of the papers that city:—"To the Ladies:—In order to make the prince of the Beleville as imposing as possible, and in order to give the fair of this and the adjacent courties an opportunity to take part in the feature. The case the Committee respectfully request that

desfrous of taking part in this procession, would oblige the Committee by sending their names to the Secretary, and those who have Side Saddles and do not intend using them, would confer a favour by offering them for use. Saddles so louned will be in above of Mr. James Volumetry, the crally. You will save by so doing all these given and the same of Mr. James Volumetry, the crally. You will save by so doing all these given and the same of the crally. will be in charge of Mr. James Nosworthy, to who me in energy of Mr. James Noswordly, to whom it is requested that they may be seek, and who will see that they are returned." The names of the ledy patronesses of the arrangement are also given, and the call is signed by the "See
