# DYKEMAN'S

## A Great Hosiery Bargain

We have secured two lots of genuine Cashmere Hose, which will go on sale at very special prices.

No. 1 Lot consists of a Seamless Double Knee Cashmere Stocking in large sizes 8 1-2 and 9, 1-2 inches. Regular 40 cent quality, 300 pairs to be sold at 25 cents a pair.

No. 2 Lot consists of a big range of Pure Heavy weight Double knee English Cashmere Hose ranging in sizes from 4 1-2 to 10 inches. The regular price of these stockings would be from 38 to 65 cents a pair depending on size. They are now marked from 25 to 45 cents a pair. Bear in mind that these are an extra fine quality of heavy weight stockings, just the thing for tough wear for the children during the Winter months.

A Big Lot of Girl's plain Cashmere Stockings, also bought at a very special price are placed on sale at from 20 cents to 39 cents according to the size, the regular prices being from 28 to 50 cents.

## W M A OF PORTLAND METHODIST CHURCH

Amount Raised by Women for Missionary Purposes Reached \$653.19—Address by Returned Worker from Japan

The anniversary of the Women's Missionary Auxiliary was held in the evening at the Methodist church on Wednesday, September 28th. The president, Mrs. Duncan G. Lingley in the chair. After the opening hymn and prayer, the reports of the work for the past year, Miss Ada Myles, secretary, presented her report, showing a total membership 90. Miss Florence E. Edwards presented the treasurer's report showing that the ladies had raised \$653.19—Increase over last year, \$29.52. Miss Gertrude L. Wales reported for the Jessie Chipman Mission Circle, total membership 53; amount raised during year, \$78.87. Miss Ada Calhoun read the report of the Jessie Chipman Mission Band, total membership 48; amount raised, \$71.28. The choir rendered several selections. Mrs. Harrison sang a solo, after which Miss Shaw, returned missionary from Japan, addressed the meeting, telling of the great work to be done in Japan, and the great need of more workers. Miss Jane Henderson moved a vote of thanks, and Miss Florence Edwards seconded. A standing vote was taken and the thanks of the meeting were tendered through the president.

## QUEEN SQUARE CHURCH FOR OVERFLOW CROWDS

Local Committee Faces Problem in Arranging for Seating Accommodation for Torrey Meetings.

How to provide accommodation for the Torrey meetings in November is a problem confronting the local committee. An active canvass is being made of the city to ascertain how many additional chairs and benches can be obtained as it is now felt that a seating arrangement of 3000 will not be sufficient for the purpose. In Philadelphia the attendance at Dr. Torrey's meetings in three months reached half a million. In Liverpool, Eng., the large tournament hall erected expressly for the meetings, was not always able to accommodate the audiences and in London where the meetings were held in the Royal Albert hall, the experience was the same. Recently in Scranton, Pa., a comparatively small city where an auditorium was built for the campaign, the attendance for the month averaged 5000 a day. In Australia, where the attendance reached extraordinary proportions, 1700 homes in advance of Dr. Torrey's arrival, and the results attained from those meetings were probably the greatest in his active career. The only other arrangement possible to increase the accommodation will be by means of the Queen Square church directly opposite Queens rink, and which can be kept in readiness.

## CITY NOT LIABLE FOR RODNEY WHARF

This Opinion Presented to Treasury Board Last Evening by Acting Recorder Teed -- Trouble Over Exhibition Bill

At a meeting of the Treasury Board last evening the presentation of a bill for extras on account of repairs to the exhibition buildings got Director Wisely into warm water for a few minutes. A legal opinion was received from M. G. Teed stating that the city was not liable for the dangerous condition of Rodney wharf.

Ald. Baxter presided and there were present Ald. Willet, Sprout, Hayes, Potts, Vanwart, McGoldrick, with the common clerk, the chamberlain, the comptroller and Director Wisely.

Director Wisely stated that the first grant for repairs to the exhibition building was \$1,500. Owing to extra repairs made at the instance of the Exhibition Association, about \$750 over grant had been expended. He had tried to get the Exhibition Association to pay the bill for extras but had failed to do so.

The chairman—"If the Exhibition Association has a surplus it ought to pay the bill. The comptroller said the director should not have incurred this liability without the authority of the council.

Ald. Potts moved that the bill be paid. The director, he said, did not have time to get the authority of the council. The chamberlain wanted to know where the money would come from. The comptroller remarked that he had been recently told by the director that his expenditures were within the grant.

Ald. Hayes thought the bill should have been first presented to the Safety Board. Should Hold it Over. The chairman thought the bill, which was on account of work done by J. H. Teed, would have to be held over till next year.

The comptroller again protested because the director had incurred a liability without authority. The chairman read the director's lecture on his duties. Unless the director found out the cost of work before having it done, it would be impossible to conduct the city's business in any reasonable system. It was the comptroller's place to see that no money was spent without due authority.

Ald. McGoldrick said his department was not allowed to spend five cents over its appropriation.

The bill was referred to the Safety Board. A letter was received from M. G. Teed, acting recorder, giving it as his opinion that the city was under no legal liability to provide fences on Rodney wharf. It was decided to write to the Attorney-General, informing him of the fact that in the opinion of his legal advisor, the city had no liability, and also to notify the council to that effect.

Ald. McGoldrick said the opinion of Mr. Teed put the responsibility upon the street railway. He had an unfortunate interest in the matter and wanted the responsibility determined as soon as possible.

The chamberlain was authorized to receive \$1 in full payment of rental for one year for the restaurant stall in the market occupied by Mr. Gunn. M. G. Teed, acting recorder, presented a bill of \$315 for legal services. It was recommended for payment. The chairman then requested the reporters to withdraw as there was some business of a private nature to be brought before the board.

## To Montreal in Early October.

With richly wooded Mount Royal in its beautiful autumn tints the magnificent stores brisk with fall trade, the theatrical and concert season at its best, and that contagious snap in the air, so peculiar to the Canadian climate in early October, no more ideal season could be selected for a trip to the Canadian metropolis. The hundreds of satisfied passengers who are now returning to the Maritime Provinces from the September excursion and the eucharistic congress will, no doubt, prove good advertising mediums for the people's railway.

When it is taken into consideration that the rates quoted are less than single fare for the round trip, from all points on the railway, in the Maritime Provinces, it should certainly provide another opportunity for the intercolonial to demonstrate its excellent facilities for transporting a large number of people from St. John to Montreal, and no doubt it will. October 1, 3, and 4, are the going dates with a return limit leaving Montreal not later than the 18th, and it would be advisable to make early application for sleeping car reservations on those popular trains, the Ocean Limited and Maritime Express.

## ST. JOHN STANDARD YOUNG LADIES' BERMUDA & NEW YORK CITY TOUR GOOD FOR ONE VOTE

Address: District: If presented at the St. John STANDARD and NEW STAR Office on or before the above date. Trim neatly for filing purposes.

## EXHIBITS OF SCHOOL WORK AT RIVERSIDE

Consolidated School Principal Adopts Novel Scheme to Arouse Interest--Grand Display This Afternoon.

A somewhat novel plan of interesting the parents and ratepayers of the district as well as the general public, in school life, is being undertaken this week at the Riverside consolidated school. A school exhibits day has been planned for Friday, the 30th inst. On this occasion it is proposed to exhibit all branches of school activity, including manual training, domestic science, school and home garden, drawing, etc., etc.

In addition classes will be held in the various departments of school work, including physical training. It is understood that the Riverside school is the first one of more than three or four departments to provide for the new system of physical training in all its departments.

A feature of the exhibit is to be the exhibition of the landscape gardener's grounds. Another exhibit of sewing from the domestic science department which won the medal and diploma at the Dominion exhibition this fall.

Novel advertisements posted in frames on the school vans and elsewhere are being made use of to interest the school public in what is probably the first thing of the kind in the country, if not in the province.

As the exhibit is held Friday afternoon from 2 to 4, it is hoped that a number of teachers and others from surrounding districts will be present.

## Strong Programme at Nickel Today.

"From Tyranny to Liberty" is the leading picture feature at Nickel this evening. It is a sumptuous production from the studios of the Edison Company and tells an exciting tale of intrigue and oppression in the Czars' empire. Another feature of the evening will be the stirring drama, which is replete in appropriate costumes, fine scenic effects and superb acting. The Millionaire and the Ranch Girl, is a bright, breezy romance of the prairies and in addition there will be a sweet little home story led by Little Hands, and a searingly fierce The New Motion Picture Man. The MacBrady children will entertain the audience with their engagement with the double number, 1, a musical sketch, in imitation of Anna Held, and 2, Sambo and Dinah, an English colored song with dance.

Myers will sing the illustrated ballad Someone is Lonesome. On Saturday afternoon the Nickel will be headquarters for the children and on Monday three very strong pictorial items will grace the opening bill.

## BOLD ROBBERS MAKE BREAK AT SACKVILLE

Wearing Apparel Taken from Miller Clothing Store and Carried Away in Stolen Wagon--Suspects Arrested

Sackville, Sept. 29.—Last night burglars broke into Harris Miller's clothing store on the hill opposite the Brunswick House, and stole a lot of wearing apparel of various kinds. They also took an express wagon from the stable of the Intercolonial Hotel, leaving in its place a dilapidated cart. Three men supposed to be the criminals were captured this morning at Calhoun's Mills on the Intercolonial, and the stolen wagon was found at Amherst. They must, therefore, have driven to that place and then gone by rail to the place of capture.

## MRS. GRAY HEAD OF MARITIME W.C.T.U.

Heartland, N. B., Sept. 28.—The W. C. T. U. convention will not close until Friday. At this morning's session the election of officers resulted as follows: President—Mrs. (Dr.) J. H. Gray, Fairville. Vice-president—Mrs. (Dr.) Howard Sprague, Sackville. Corresponding secretary—Miss Nellie Asker, Campbellton. Recording secretary—Mrs. C. R. Flanders, St. John. Treasurer—Mrs. Margaret McWha, St. Stephen. Auditor—Mrs. R. G. Ross, St. Stephen. Secretary—Mrs. Geo. Colwell, Bristol.

## BROOKINS MAKES AMERICAN RECORD

Continued from page 1. ence from a practice flight. I knew I could make it. It was one of the prettiest flights I ever made. The country between Chicago and here is delightful. Everywhere was flying low enough, and we were as low as 300 feet several times. I could see the people staring up at me from every acre almost. There must have been three-quarters of a million looking at me. My arms are tired and it was quite a strain.

"Wilbur Wright's first comment was, 'As the woman said, I told you so.' After the aeroplane had been stored away, Mr. Wright added: 'There was never a time I felt he would not make it. There was a strong wind right in his face most of the way, so he had to use so much more gasoline and oil than he otherwise would and this caused the first stoppage.

"It was the broken pump, however, heating up his engine that made it necessary for him to alight at Mount Pulaski. Otherwise he would have gone the whole distance to Springfield from Gilman. The machine will go for any distance, the only differences between this and a practice flight is that the operator has to work longer. He flew better the farther he went, because he used up more gasoline and the machine was lighter. I think this has shown conclusively that the aeroplane is a successful navigator of the air, and those who followed the machine from Chicago in the train with me, probably feel as confident and sure of it as I do."

Used Knees to Steer. Only water, oil and gasoline and a balky pump stood between Brookins and a continuous, sustained flight between Chicago and Springfield. Brookins said that when his arms got tired he set the apparatus with his knees and rested. Then he took hold again and soared higher, ready to glide up and down were less effort was needed to control the machine.

Never was there a prettier race, say those who witnessed a part of it, than that between the aeroplane and the special train on the Illinois Central. Sometimes when Brookins had to rise to get above the rough air currents, the aeroplane fell behind the train, but when he glided down again, he forged ahead, and stayed there.

Two locomotives were used, each running about half the distance, but neither was ahead when the aeroplane made its descents.

Ignoring Wilbur Wright's instructions to fly only half an hour more, because of the broken pump, Brookins aimed for the dome of the Maine building in the fair grounds. With no further trouble he sailed about 2,000 feet up, until ready to make the daring swoop with which he landed safely in the fair grounds. As soon as he had his machine stored and guarded, Brookins, who is 22 years old, went to Springfield to keep his luncheon appointment with the reporters. The American record for continued flight, previously held by Glen H. Curtiss, at 141 miles, has been set at 192 1-2 miles by Brookins in a Wright biplane.

## WEDDINGS.

Johnsten-Barker. The parlors of the Ben Lomond House, Ben Lomond, were the scene of a pretty wedding yesterday afternoon at 3 o'clock, when Miss Mildred Blanche, second daughter of the late Sterling H. Barker, was united in marriage to W. A. Johnston of this city. The bride wore a gown of white silk mulle and carried a handsome oval bouquet. She was unattended and was given away by her brother, David Barker. Rev. Canon Hoyt performed the ceremony. After a wedding luncheon Mr. and Mrs. Johnston motored to the city and left on the C.P.R. express for a trip to Montreal. The bride's travelling costume was of dark blue, with hat to match. On their return they will reside at 163 King street east. The wedding was performed in the presence of immediate relatives only, and during the afternoon the house was closed to visitors. The parlors were decorated with ferns and autumn leaves, and the bridal party stood under a white wedding bell. The dining room was handsomely decorated with white and red flowers. A very large number of hand-drawn presents were received. The groom's gift to the bride was a beautiful set of mink furs.

## Is Your House Ready For the "Indoor" Months

For the majority of people the next half year means practically indoor life. People will be receiving and visiting and seeing the inside of one another's houses continually. Is your house ready for such inspection? If not come in and let us show you the latest fall styles of furniture.
