Spring ailments are not imaginary. Even the most robust find the spring months most trying to their health. Confinement indoors, often in overheated and nearly always badly ventilated rooms, the school, taxes the vitality of even the strongest. The blood becomes thin and watery, and is charged with impurities. Some get the shivers, others are troubled with nervousness, and still others are troubled with skin eruptions, while some get up in the morning feeling just as tired as when they went to bed. These are all spring symptoms that the blood is out of order and that a medicine is needed. Many people take preventive medicine in the spring. This is a serious mistake. You cannot cure yourself with a medicine that gallops through your system and leaves you weaker still. This is all that a purgative does. What you need to give your health and strength in the spring is a tonic medicine that will enrich the blood and soothe the tangled nerves. And the one always reliable tonic and blood builder is Dr. Williams' Pink Pills. These pills not only banish spring weakness but guard you against more serious ailments that follow, such as anaemia, nervous debility, indigestion, rheumatism, and other diseases due to blood. In proof of this Mrs. Emma Duck, Carleton Place, Ont., says: "I was greatly troubled with weak spells, dizziness and extreme nervousness, and did not find anything to help me until acting on the advice of an aunt I began the use of Dr. Williams' Pink Pills. After using five boxes I found my health fully restored, and cheerfully recommend the pills to others. If you are ailing this spring you cannot afford, in your own interest, to overlook so valuable a medicine as Dr. Williams' Pink Pills. Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont."

"Fruit-a-tives" Cured Me.

Chesterville, Ont., Jan. 25th, 1911.

"For over twenty years, I have been troubled with Kidney Disease and the doctors told me they could do me no good. They said my case was incurable and I would suffer all my life. I doctored with different medical men and tried many advertised remedies, but there was none that suited my case. Nearly a year ago, I tried 'Fruit-a-tives.' I have been using them nearly all the time since, and I am glad to say that I am cured. I have no trouble now with my Kidneys and I give 'Fruit-a-tives' the credit of doing what the doctors said was impossible. I am seventy-six years old and am in first class health."
