Nuxated Iron

STURDIER MEN
Annually.

Dr. T. Alphonse
us Wallace,
formerly of
the British
Naval Medical
Service.

Each dose of two tablets of Nuxated
Iron contains one and one-half
grains of organic iron in the form of
iron peptonate of a special specific
standard, which, in our opinion, pos-
sesses superior qualities to any other
known form of iron. By using other
makes of Iron Peptonate we could
have put the same quantity of actual
iron in the tablets at less than one-
fourth the cost to us, and by using
metallic iron we could have accom-
plished the same thing at less than
one-twelfth the cost; but by so doing
we must have most certainly im-
paired their therapeutic efficacy. Glycero-
phosphates used in Nuxated Iron is
one of the most expensive tonic ingre-
dients known. It is especially recom-
mended to build up the nerve force
and thereby increase brain power, as
glycero-phosphates are said to contain
phosphorus in a state very similar to
that in which it is found in the nerve
and brain cells of man.

As will be seen from the above two
important ingredients of Nuxated Iron
(Iron Peptonate and Glycero-phosphat-
es) are very expensive products as
compared with most other tonics.
Under such circumstances the
temptation to adulteration and subver-
sion by unscrupulous persons is very
great and the public is hereby warn-
ed to be careful and see every bottle
is plainly labelled "Nuxated Iron" by
the Dae Health Laboratories, Paris,
London and Detroit, U.S.A., as this is
the only genuine article. If you have
taken other forms of iron without suc-
cess, this does not prove Nuxated
Iron will not help you. We guarantee
satisfaction to every purchaser or
your money will be refunded.

Manufacturers' Note: Nuxated Iron
which is prescribed and recommended
above by physicians is not a secret
remedy, but one which is well known
to druggists everywhere. Unlike the
older inorganic iron products it is easily
assimilated, does not injure the
teeth, make them black, nor upset the
stomach. The manufacturers guaran-
tee successful and entirely satisfactory
results to every purchaser or they
will refund your money. It is dis-
tributed in this city by Watson's and
all other good druggists.

JAPAN CAUSING SOME WORRY

Has Virtually Threatened War
With China if That Country
Sidelights Jap Orders.

Washington, Feb. 11.—Japan's atti-
tude toward China in the peace con-
ference is causing grave apprehen-
sion among the representatives of the
other associated powers. According
to official diplomatic information
reaching here, Japan virtually has
threatened war if China makes public
secret treaties between the two coun-
tries and fails to carry out an agree-
ment to make Japan the successor of
Germany in rights, property and con-
cessions held by Germany at the out-
break of the European war.

MAJOR J. J. BULL TAKES DISCHARGE

Was in the War from the Start
and Made Most Excellent
Record.

Special to The Standard.
Fredericton, N.B., Feb. 11.—Major J.
J. Bull, who has been second in com-
mand of the district discharge depot
in this city for some time, has taken
his discharge from the Canadian Ex-
peditionary Force. He will go to his
home in Woodstock tomorrow. In a
short time he expects to be appointed
to the Soldiers' Settlement Department
where his experience in farming will
stand him in good stead. Major Bull
went overseas with the original first
division in the autumn of 1914. In the
year following he again went overseas
with the 55th Battalion. After that
unit was drafted to France he was
transferred to the 26th Battalion, and
with it served in France for some
time seeing service on the Somme and
in other actions. He was invalided
home on account of ill health.

WILL CHANGE THE ARMISTICE POLICY

Believed Allies Would Have
Better Grasp on Germany
by so Doing.

Paris, Feb. 11.—A proposal to change
the Allied armistice policy and greatly
shorten the armistice periods, is
under consideration by the Supreme
War Council. This proposal calls for
the limiting of the armistice periods
to about ten days, at the end of which
time new terms would be imposed on
Germany.

TURK LEADERS IN MASSACRES

Now on Trial in Constanti-
nople—Effort Will be Made
to Punish All Responsible
for the Armenian Horrors.

Paris, Feb. 11, (Havas).—The trial
of those responsible for the Armenian
massacres by the Turks has begun in
Constantinople. The leader of the
Turks at present is Kemal Bey, gov-
ernor of Diarbekir. The prosecutor,
in opening the trial, declared it was
necessary to punish the authors of the
massacres which had filled the whole
world with a feeling of horror.

KEEP URIC ACID OUT OF JOINTS

Tells Rheumatism Sufferers to
Eat Less Meat and Take
Salts.

Rheumatism is easier to avoid than
to cure, states a well-known authority.
We are advised to dress warmly; keep
the feet dry; avoid exposure; eat less
meat; but drink plenty of good water.
Rheumatism is a direct result of
eating too much meat and other rich
foods that produce uric acid which is
absorbed into the blood. It is the
function of the kidneys to filter this
acid from the blood and cast it out in
the urine; the pores of the skin are
also a means of ridding the blood of
this impurity. In damp and chilly cold
weather the skin pores are closed,
thus forcing the kidneys to do double
work; they become weak and sluggish
and fail to eliminate the uric acid
which keeps accumulating and circu-
lating through the system, eventually
settling in the joints and muscles
causing stiffness, soreness and pain
called rheumatism.

CITY RECALL CASE BEFORE COURT

Argued at Fredericton Yesterday — Court Considers —
Other Cases of Local In-
terest.

Fredericton, Feb. 11.—The appeal
division, supreme court, began its sit-
tings this morning with a lengthy doc-
ket. Appeals under the prohibition
act from large. The hour of the King
vs. J. K. Fleming is on the docket,
and probably will be reached later in
the week. There also is an appeal by
the Nashua Paper and Pulp Company
against alleged over-assessment in
the town of Marysville and the pub-
lic utilities case connected with the
increase of water rates at Milltown,
also is to come up.

JAPAN'S PLAY ON CHINA IS NOW REVEALED

(Continued from page 1.)

"Simultaneously the Peking mili-
tarists brought great pressure to bear
in presidential quarters, with a view
to securing the adoption of the Japa-
nese viewpoint.

"Following numerous reports of
Japanese pressure upon China in con-
nection with the peace conference,
this revelation of Japan's determina-
tion permanently to secure the privi-
leges gained during the European war,
created astonishment throughout
China, especially as a section of the
Japanese government is known to be
opposed to the policy of force against
China. The newspapers, however, em-
phasized Japan's latest and greatest
diplomatic blunder as proving that
the Japanese government is still tied
to the wheels of the military chariot,
whose purposes is to destroy China,
regardless of the fact that its action
is calculated to force Japan outside
the League of Nations."

According to the reports received at
Washington the threats against China
were conveyed to the Chinese foreign
minister by the Japanese minister in
Peking in thinly veiled terms. The
Japanese minister is said to have
pointed out that Japan had an army
of more than a million men idle at
home, fully equipped and with arms
and munitions enough to conduct a
long war, and to use and waste the
that Japan had more than a half mil-
lion tons of shipping, with the intima-
tion that this would be ready on short
notice for active work. He also said
to have referred, pointedly, to large
sums of money owed to Japan by
China, and to the fact that China
had been unable to live up to her in-
financial agreements.

Upon arriving in Paris, without the
copies of the treaties which they had
been instructed to use in seeking to
break Japan's grip, the Chinese dele-
gates made verbal protests of the sub-
stance of these threats to some of the
peace delegates of other countries.
This led the Japanese authorities to
demand of China to disavow this ac-
tion on the part of her delegates, and
that she keep secret the treaties.

PREMIER HOME FOR OPENING OF SESSION

(Continued from page 1.)
need for revenue is not the time to
tinker with matters fiscal, but there
are others in the cabinet, particularly
representatives of the west, who hold
altogether different views. These feel
that unless the Unionist-party is to
be seriously injured in the west, there
should be tariff concessions to the
western farmers this session, and they
are prepared to begin by an all round
reduction of the duty on agricultural
implements and restoration of the
British preference to what it was be-
fore the war. Between these two lines
of thought, those who favor tariff con-
cession and those who favor doing
nothing for the present, Sir Robert
Borden will probably have to decide
when he gets home.

In any case the tariff promises to
play a big part in the controversies
of the session. The Laurierites will
probably open an offensive by moving
an amendment to the address in reply
to the speech from the throne, de-
manding abolition of the war tariff
increases, and the so-called "ginger
group" led by Col. J. A. Currie, are
expected to move a resolution calling
for a complete boycott of all German
goods. The Currie resolution, how-
ever, is likely to prove far more em-
barrassing to the Laurierites than to
the government. The government's
announced intention of mercilessly
prosecuting bootleggers selling liquor
to returned soldiers, has been received
with great satisfaction. The Ottawa
Citizen, usually hostile to the cabinet,
hails the measure as a courageous
step and has high praise for General
McNair. The decision to see to it
that military deserters in Quebec get
no easy absolution is also widely ac-
claimed.

UNIFORMITY IN M. S. A. SENTENCES

Act Now Before the Cabinet
With That Object in View.

Ottawa, Feb. 11.—Certain problems
which arise out of the enforcement of
the M. S. A. are understood to be
engaging the attention of the govern-
ment. Among them is the lack of uni-
formity of sentences, which have been
imposed for infractions of the act, or
failure to comply with its require-
ments. While there have been some
plaints that unduly light sentences
have been imposed in some cases, it
has also been reported that excessive-
ly severe punishments have been in-
dicted. In some cases, it seems that
sentences were imposed largely as ex-
amples to others. It has been pro-
posed, therefore, that a number of
these sentences to long terms of im-
prisonment be reduced. A draft order-
in-council is said to be before the cabi-
net.

JUDGE LANCELIER ON DEFENSIVE

Said He Had Only Conscience
to Guide Him in Imposing
Sentences on Absentees.

Quebec, Feb. 11.—In a statement to
the Canadian Press today Judge Lan-
celier, of the police court, who has
been dealing with the absentees, says
he has been acting under written in-
structions emanating from the fed-
eral department of justice. He quotes a
New York paper, treating on juris-
prudence to show that he acted in the
best interests of justice and the coun-
try.

"If my decision are erroneous, under
the law, the appeals courts are
there to bring redress. If I have act-
ed through corruption there is also a
remedy; I am subject to impeachment
before parliament. But no one has
the right, Mr. Newcombe not more than
anyone else, to dictate to me in what
manner I must administer justice."

He also finds that before filling the
press with stories about him, the au-
thorities should have spoken to him
about the matter. He adds: If the
Ottawa government finds it conveni-
ent to change its instructions and
show more severity, let it say so, but
it will find that the number of ab-
sentees will singularly slump.

I find it improper on the part of the
Ottawa government to fill up the
press with stories absolutely unfound-
ed and unjust against me before com-
munication with me. In the execution
of my duties as a judge nobody has a
right to interfere. I have but one
guide, my conscience.

London, Feb. 11.—Progress on the
formation of the Society of Nations
as very satisfactory, Premier Lloyd
George said today in the House of
Commons, in discussing the work of
the peace conference. He said that
a report would be issued soon by the
commission appointed to consider
responsibility for the war and enemy
outrages.

TO INVESTIGATE HUNGARIAN ACTS

Responsibility for Hungary's
Participation in the War,
Also Cruelties and Barbari-
ties to be Probed.

Basel, Monday, Feb. 10.—A full in-
vestigation of responsibility for the
continuance of Hungary's participa-
tion in the war, and also concerning
"cruelties and barbarities committed
in Serbia, Belgium and France, the
ruthless submarine war, the inhuman
war in the air and the use of gases
and bombs, Count Karolyi, the pres-
ident of Hungary, demanded today at
a meeting of the Hungarian Consti-
tuent Assembly, according to a despatch
from Budapest.

STIFF SENTENCE FOR BOOTLEGGERS

Selling Liquor to Soldiers in
Uniform Won't be Coun-
tenanced.

Ottawa, Feb. 11.—Stiff penalties for
the sale of liquor to officers or men
in uniform are contained in the pro-
visions of an order-in-council which
has been provided by the government.
The order provides that any person,
other than a medical officer, physician
or surgeon, no matter whether licen-
sed to sell liquor or not, who sells
liquor to soldiers in uniform may be
tried by military court martial and if
found guilty be sentenced to a term of
imprisonment not exceeding twelve
months, or a fine of \$500, or both.

patch from Berlin. The president will
reside in Berlin. He will select his
