

SOVIETS VOTE \$228,000,000 FOR NINE MONTHS' MILITARY WORK

Naval Appropriations Aggregate \$36,000,000 — Army Numbers 1,500,000 Men, Navy and Special Troops 1,700,000—Paid Ten Cents a Day.

Moscow, March 2.—Soviet Russia's military appropriation for the first nine months of 1922 totals \$228,000,000, or about \$228,000,000. Its naval appropriations aggregated \$36,000,000, bringing the total contemplated expenditures for army and navy to about \$264,000,000, according to the budget approved by the recent congress.

This expenditure is based on the present size of the army and navy. The army, according to latest reports numbers somewhat over 1,500,000 men and the combined strength of the soldiers, the naval personnel and special troops is about 1,700,000.

Food and forage for the army is provided for in the appropriation, amounting about \$70,000,000, which is greater than the amount of money America has already given for the relief of famine in the Volga districts and more than the amounts given by all foreign countries to relieve distress in Soviet Russia.

Western soldiers, particularly American soldiers, will be amazed at the low rate of pay for military men. An ordinary soldier's pay is 20 kopecks.

WONDERFUL POSSIBILITIES OF RADIO-TELEPHONY SHOWN

Washington Conference Develops, However, That Five Concerns Control Patents and Make and Sell Apparatus Under Non-Competitive Plan.

Washington, March 2.—The wonderful possibilities of telephony without wires across continents and oceans were unfolded in Washington today at Herbert C. Hoover's conference on radiotelephony. Facts and figures brought forward by the Secretary of Commerce and other speakers, in opening session portrayed a wondrous and revolutionary future for the new and undeveloped possibilities of long distance telephonic transmission.

Even its present is a story worthy of the consideration of Jules Verne. America since the end of last year has become aroused with a practical enthusiasm for radiotelephony, and 1,000,000 people, more or less, are operating their own receiving apparatus. The great electrical manufacturing concerns of the United States are all their orders for individual receiving "stations." East, west, north and south, man, woman and child—soil tiller and city-dweller alike—are "listening in" on grand opera, sermons, speeches, concerts, theatrical productions, vaudeville turns and college lectures broadcasted indiscriminately.

The day's developments showed conclusively to Mr. Hoover that there is a "traffic jam" in the air calling urgently for government regulation. The delay in ways and means for instituting and administering it is the purpose of the conference.

"Five-Power Pact" in Existence. The most striking, if not the most startling, disclosure was the existence of a "five-power" pact for control of professional radio in its virtual entirety. The United States Government has not been aware of the existence of such a combination. Indeed, the government is seeking federal intervention without delay in order that the great possibilities of radiotelephony may not become a private monopoly.

Under questioning of the representatives of the companies in question, the conference developed that a comprehensive "cross license" system is maintained among the American Telephone and Telegraph Company, the Radio Corporation of America, the General Electric Company, the Westinghouse Electric and Manufacturing Company, and the Western Electric Company. It was indicated by the

couldn't do housework heart was so bad

Many women get weak and run down and unable to look after their household duties owing to the heart action becoming impaired or the nervous system unstrung.

Nature intended woman to be strong, healthy and happy instead of sick and wretched. But how can a woman be strong and healthy when day in and day out she has to go through the same routine of work, sweeping, dusting, cooking, washing, etc. Is it any wonder that the heart becomes affected and she gets irritable and nervous, has hot flashes, faint and dizzy spells, smothering and sinking spells and can't sleep at night.

To all women whose heart is weak and whose nerves are unstrung we would recommend

MILBURN'S HEART AND NERVE PILLS

as the best remedy to tone up the system and strengthen the weakened organs.

Mrs. Daniel Benanson, Loganville, N. S. writes:—"I was troubled with a weak heart for nearly two years. I am writing to tell you what your great remedy, Milburn's Heart and Nerve Pills, has done for me. My heart was so bad at night I could not sleep. I would take another pill, and was so weak I could not do my housework. I tried two doctors, but got no results. A friend advised me to try your pills. I used six boxes and am completely relieved. I think they are the best remedy for heart trouble there is."

Price 50c a box at all druggists, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto.

TENDER SKINS & SORE HANDS

KEEN winds make the skin harsh and rough. Lips get sore; hands crack and chafe; itchy and smart and "break out" into those blotchy eruptions known as winter eczema.

To restore the skin to a clear, healthy flexibility there's nothing like Zam-Buk. Rub it into the face, arms and wrists at night—let it work while you sleep.

Zam-Buk's refined herbal essences soak into and purify the tissues. They soothe irritation and smothering pain; heal raw sore surfaces and prevent "infection" of the broken skin.

Cold-cream with no medicinal value, or coarse fatty ointments, are powerless to give you the clear healthy skin you desire. You need Zam-Buk the most soothing and successful skin remedy ever discovered.

Also a wonderful healer for Burns, Scalds, Cuts and all Sores, Wounds and Ulcers. Get it at the drug store or direct from Zam-Buk Co., Dupont St., Toronto. Trial sample is free.

Zam-Buk

Girls Advised To Marry For Love

Woman Who Has Eight Husbands Living Goes to Reformatory.

Cleveland, March 2.—Girls who anticipate a happy wedded life should marry for love and not for a home or money. Mrs. Jennie Seaman, who tomorrow will be taken to the Marysville Reformatory to serve an indeterminate term for bigamy, declared here tonight. She admitted she married eight men without obtaining a divorce from any.

"I wouldn't advise any girl to marry unless she knows what she is doing," Mrs. Seaman said. "I married when I was 18, hoping to get a good home. My first husband was a teacher of languages in Nashville, Tenn. I got him through a matrimonial paper. I didn't love him, and in looking back I realize now that I never loved any man. But I wanted a good home, so I kept on marrying. I married a man named Dr. Brink in Pennsylvania and went with him to Nashville."

"We lived together about a year, and I found out he was a crook. When on our honeymoon he got a number of books in Pennsylvania and paid for them. I learned later he had been sent to Sing Sing prison for 15 years."

"My next husband was a bartender. We lived together for about 12 years. He got to drinking too much and was very abusive, so I left him in Mendocino, Cal."

"The third was a waiter, whom I met in a restaurant where I worked in Buffalo. There I married a temple dancer in a bowling alley. My fifth was a Dr. Brink and clairvoyant in Buffalo. Then I married a chef, a laborer and a fake detective, a Cleveland man. He's in the reformatory now."

"With the exception of girl not to marry for a home or money, I see now that the happiness of married life must come through love."

Mrs. Seaman, who is 43, said she never heard directly from any of her husbands after she left them. They may all be living for all I know, she said.

Comb Sage Tea In Faded Or Gray Hair

If Mixed With Sulphur It Darkens So Naturally Nobody Can Tell.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that faded or streaked appearance, this simple mixture was applied, with wonderful effect. By using any of our stores for "Wyneth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyneth's Sage and Sulphur Compound now because it restores the hair naturally and even that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through the hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color, and looks glossy, soft and beautiful.

MODERATES LIKELY TO ACCEPT NEW PROPOSALS FOR EGYPT

Authoritative View Is That Field Marshal Allenby's Recommendations Will Be Welcomed — General Situation Improving.

London, March 2.—The situation in Egypt shows much improvement. The firm action of the military authorities in issuing a proclamation, notifying Egyptian subjects living within the boundaries of Cairo that the severest penalties will be visited on persons carrying arms has had a salutary effect. It is reported that there have been a steady stream of Egyptians to police headquarters, surrendering arms and ammunition.

What arrangements have been made for the British garrisons in Egypt has not transpired, but an authority familiar with the proposals of Field Marshal Allenby, the British High Commissioner for Egypt, informs the representative of the Christian Science Monitor that it is confidently expected that the suggestion Field Marshal Allenby is carrying out in Egypt will be acceptable to the moderates.

In any case it will take considerable time for the present contingents to be completely evacuated; during which the Egyptian Government will have an opportunity to prove their ability to carry on under orderly conditions.

Ample provisions have been made for the safeguarding of the canal, which is clearly recognized even by Egyptians as a vital link in the British Empire. The British will not accede to the widespread demand for the return of Zaki Pasha until a stable government has been formed.

It is officially announced that Zaki Pasha and his Nationalist colleagues, who were arrested on Dec. 3, after refusing to obey a decree forbidding them to take part in politics, and taken to Suez, will leave Adea for the Seychelles Islands on March 10.

AMERICAN FINANCIERS DEMAND REORGANIZATION

New York, March 2.—While definite information regarding the reorganization plans of the Canadian Steamship management is not yet available, the activities of one of the corporation's directors, who has been in the city for several weeks, have given rise to a widespread rumor which probably contains at least a modicum of truth.

According to one Canadian banker, who is known to be rather close to the negotiations now taking place in this city, in connection with possible participation of a syndicate of American capitalists in the management of the corporation's affairs, the first step in the reorganization proceedings, if the Americans get their way, will be a drastic financial reorganization.

This will involve a new and much lower valuation of the corporation's steamships and a cut in the corporation's present capitalization, which will probably wipe out the equity of the common shareholders. It is believed that the holders of the preferred will be protected although they will probably receive much less than the present nominal quotations for the shares on the Canadian exchanges for their holdings.

So far as the "trust" is concerned, it is believed that the reorganization will enable the corporation to shake off the shackles of the two resident Londoners who through this trust are able to dictate its policy.

"CASCARETS" 10c. IF SICK, BILIOUS, CONSTIPATED

You're bilious! Your liver and bowels are clogged, your head aches, your stomach distends, bad breath, and stomach misery will end. No griping—noest physic on earth for grown-ups and children. 10c. a box. Taste like candy.

Married Without Thinking About It

Petition for Annulment Refused by Hon. Justice Lathford.

St. Thomas, Ont., March 2.—Declaring that he could not believe the evidence submitted about there not having been any post-nuptial relations, in view of the established facts of the case, the Ontario Marriage Act, for the annulment of the marriage of Pearl Bridgman and James Macleod, of this city, in London, Ont., May 12, on the grounds that both were minors, at the time, and the ceremony was conducted without the knowledge or consent of the bride's parents.

The action was instituted by Miss Bridgman, or Mrs. Edson, and she offered an explanation of the arrangement, yesterday afternoon that she had found out after the marriage that she did not care very much for her husband. The case was heard by Mr. Justice Lathford, in the local court here. He held that the marriage was void, and no decision was rendered, and the Lordship held that the Attorney-General should be notified. Official notice was given the Attorney-General yesterday afternoon.

There is a possibility of an appeal. Justice Lathford did not discuss the words in discussing the case, and he submitted both principals to intimate cross-examination. He asked Mrs. Edson, why she had wanted to get married. She replied that she was not certain, but she guessed she had not taken time to think about the matter at the time. His Lordship remarked that such cases were becoming a force in the province.

Edison is grand nephew of the famous electrical wizard.

PROLONGED FIGHT NOW SEEMS INEVITABLE

Western Canada Coal Operators. Refused to Consider Wage Demands of Miners.

Calgary, March 2.—The Western Canada Coal Operators' Association this afternoon refused to consider the demands placed before them by the miners of District 15, United Assn. of Miners of America, which included wages of \$5.00 a day, and a six-hour day. The operators announced that they were posting up a new agreement, effective April 1, which would provide for a wage cut of approximately thirty-five per cent, and containing a host of living clauses which would automatically adjust wages at certain intervals.

In discussing this, the miners' officials said they would never consent to such arrangements, and a serious and probably prolonged clash between the operators and miners now seems inevitable.

If Skin Breaks Out, Is Fiery, Itchy Or Rough, Use Sulphur

Just the moment you apply Mentho-Sulphur to an itching, burning or burning skin, the itching stops and healing begins, says a noted skin specialist. This sulphur preparation, made into a pleasant cold cream, gives such a quick relief, even in very severe cases, that nothing has ever been found to take its place.

Because of the germ destroying properties, it quickly subdues the itching, stops the irritation and heals the sores right up, leaving a clear, smooth skin in place of ugly eruptions, rash, pimples or roughness.

You do not have to wait for improvement. It is quick relief. You can get a little jar of Mentho-Sulphur at any drug store.

If you would only try "CANADA" BLACK OR TEA GREEN

we are sure you would no longer be satisfied with ordinary tea. The flavour is unique and its richness unexcelled. Your grocer sells it.

one of the controls of the airship and that the forced landing was unfortunate in that the airship hit a series of his tension wires at the army base near Norfolk. Had the navigator been able to go a few hundred feet farther, he said, the airship would have landed in the water, causing a wreck, undoubtedly, but not so complete a disaster.

Soviets Insuring Delegates' Return

Genoa Representatives Must Leave Families and Goods as Guarantees.

Moscow, Mar. 2.—In order to insure the return to Russia of the delegation sent to Genoa, only those persons who have families or possessions that may be considered good hostages or guarantees, will be allowed to go there.

The Soviet has had too many examples of its agents willing to work abroad, but unwilling to return. Several Government agents will accompany the delegation under the guise of secretaries to insure the good conduct and return of the delegates.

The example of the death of Mr. Bravin by assassination in Afghanistan last summer is held as a warning to slackers that the Communist discipline will be upheld and that its arm is long. Bravin, a Bolshevik leader, went there as ambassador, with 2,000,000 gold rubles, but declined to return when ordered. It was believed that he had entered into close relations with British agents, or that he wished to keep a part of the gold.

No Chance To Learn. "You don't seem to be able to manage your money, my boy."

"I know it, father, you see my acquaintance with it is too short."

England has a new form of prohibition. The transport workers are boycotting beer as a protest against a threat of reduced wages by the brewers.

Children Cry for Fletcher's CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. It is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA? Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulence, Wind Colic, and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

GENUINE CASTORIA ALWAYS Bears the Signature of

Harry Wills Was The Winner

New Orleans Artist Put "Kid" Norfolk of Baltimore Away in the Second Round.

New York March 2.—Harry Wills, heavyweight fighter of New Orleans, tonight knocked out "Kid" Norfolk of Baltimore, in the second round of their scheduled 15 round bout in Madison Square Garden. When they came out of their corners in the second round, Norfolk was into a clinch and a moment later fell backwards to the floor, taking the full count.

No one at the ringside saw the blow that felled him. After the count, he walked to his corner and did not seem hurt.

Wills said the blow was a short jabbed right to the jaw. Referee Kid McFarland told newsmen that he saw the blow delivered and that it did not travel more than six inches.

The crowd expressed its disapproval of the manner in which the match was terminated. It did not appear to them that Norfolk had been hit. They were sure that he really went down under a powerful punch Norfolk did not play a deep cut in his mouth caused by the blow.

In the first round Norfolk took the aggressive and swung a left to Wills' head. Wills returned a straight right to the chin and followed Norfolk into a corner, landing a left to the jaw. They sparred for an opening. Wills landed a light left to the body and Norfolk fell heavily to the floor, where he missed the long swing to the head. Wills landed a left to the jaw at the bell.

In the second, they met in a clinch and after a short interchange Norfolk fell away from Wills landing heavily on his shoulder after twenty-six seconds of fighting.

Wills said he had scored Norfolk with a short left to the body and a right short right to the jaw.

Bowling Results In Local Leagues

WELLINGTON LEAGUE

Last night on the G.W.V.A. alleys in the Wellington League series, the Customs won three points from the Purdie team team.

SMOKER WAS GREATLY ENJOYED

Large Gathering in Trades and Labor Hall Heard Numbers of Addresses Last Evening

The Amalgamated Association of Street and Electric Railway Employees Division No. 663, held a most enjoyable smoker in the Trades and Labor hall last night. There was large attendance and Percy Moore presided. Addresses were delivered by Felix McMillin, president of the Trades and Labor, Ira D. Harris, Philip J. A. Barry, J. A. Sinclair, P. Sharkey, James Sugrue, Thomas Kilien, John Moore, John McKinnon, G. S. Ward, and Albert Kirkpatrick. Captain C. Maxwell gave a reading and Thomas Kilien was heard to a vantage in a vocal selection.

The affair proved to be most enjoyable to the large number who were present.

A Feminine Job At Post. George Hansen has accepted a position as waitress at the Empress luncheonroom, commencing his duties today.

The inevitable link—the wireless—will bring the outposts of Canada in touch with the world's domain.
