OPINION OF MR. TARTE ON CANADIAN

Says Such Has Become a Necessity--Should Be Ready to Compete Against Combinations--Picks Quebec for Summer Terminus, and St. John and Halifax in Winter.

A despatch from Montreal under date

Hon. J. Israel Tarte, Canadian minister of public works, declared last night to a cessary communications, from the C. P., the Grand Trunk, the Quebec & Lake John Railway, the Great Northern the Quebec Central, while by water it taps t. John (N. B.) for freight. The reason favor St. John for freight is that the C. ust depend almost entirely on the C. P. R. to furnish the freight for a Canadian fast line. The Grand Trunk has spent some \$25,000,000 at Portland, and oring only local freight from along the maritime provinces and the lower portion

"But what will happen should the C. P. R. fall into the hands of the Morgan capi-

"I do not apprehend any danger on that core," he replied. "Even if it did happen I strangely mistake the temper of the peoole of Canada if they would stand it. I believe they would immediately press for he construction of an all-Canadian route across the continent. Oh, no, our great Canadian railway will not be handed over to be usel against us after it has been ountry. There are perhaps \$12,000,000 o the stock held in Canada, and \$50,000,000 the control to pass out of the hands of the Canadian managers of the road."

Buffalo. June 4-The uncertainty in Buffalo, June 4—The uncertainty in the slack cooperage trade continues and will go on until the apple crop is assured one way or the other. If that is large, there is not going to be stock enough to meet the demand, and if it is small, as it was last year, there will be next to no sale for second-class stock.

Hoops are so scarce that there is a movement toward the use of wire hoops. movement toward the use of wire hoops, which the trade does not at all like. Already most of the leading cooperage mills in Canada and the west are practically out of stock and will have to shut down

Ottawa Notes

Ottawa, June 4-(Special)-Rev. Thur-Prevents Montreal's Military Demonstra- Presbyterian church, was last night inducted as a missionary to Formosa.

In the case of Hanson, the Dane, who is under sentence of death in Montreal, for the murder of Eric Amaradde, a 13-year-old boy, it has been decided to al-low the law to take its course. An appeal was entered in the justice department some time ago for the commutation of sentence on the ground of insanity. Hauson will be hanged on June 13. The order-in-council appointing Lieut. Colonel White of the 3rd R. C. R., Hali

fax, D. O. C. at St. John has been can-celled. Lieut. Colonel White will remain at Halifax for the present. Incipient Springhill Strike Settled.

Montreal, June 5 .- Manager Cowan, o the Springhill mines, states that the strike at the mines has been settled. He described it as one of the incipient strikes which frequently occur there and are easily set

It is said that some time ago the rate of pay was raised from two to four cents a box, and a few days ago the miners were notified that they would be reduced to the old scale, and decided to strike. Although the rate did not affect all the hands, al went out in sympathy, and for a time the mine was idle. The basis of settlement

Ready for R ckefeller's \$250,000 Philadelphia, June 5.-Miss M. Carey Thomas, president of Bryn Mawr College, today announced that \$256,000 had been contributed to the institution t meet the conditional offer of \$250,000 made by John D. Rockefeller. Mr. Rockefeller agreed to donate the amount named to Bryn Mawr College to be used for im

provements providing the institution suc-

GREAT DIFFERENCE AMONG BUSINESS MEN.

Board of Trade Delegates at Toronto Conference Show Wide Divergence of Opinion on Question of Trade Relations Between Canada and Mother Land-W. F. Hatheway's Suggestion Modified and Adopted.

chambers of commerce of Canada, which George McLagan, of Greed it as for trade, offered it as for inder presidency of A. E. Ames, of the oronto board of trade and with almost 100 delegates in attendance from all parts of Canada, was unquestionably the marked liversity of opinion manifested as to the rade relations that should exist between Canada and the motherland.

In opening the conference Mr. Ames simply to express their views on some of the questions that would come before the imperial conference in London during the

tion presented on penalf of the Montreal board of trade by Geo. E. Drummond to the effect that the conference was of opin ion that Great Britam could serve best ing for tariff favors. foreign countries, it being believed that such preference would stimulate trade and develop colonial enterprises and, y freeing her from dependence up Mr. Drummond made a vigorous argu

teaching the virtues of free trade would own medicine. If England gave her colonies a preference on foodstuffs within United States and Canada to Great of trade, that negotiations be entered in-

f the conference of boards of trade and ing about a preference.

The next proved an apple of discord. George McLagan, of Stratford board of trade, offered it as follows:

"That preferences between the motherland and the colonies should be entirely voluntary, arather than the result of bargaining, and each independent government should conside the interest of its own people first; that it is possible to continue the Canadian tariff preference in its present form, or modified if need be, so that no interest in Canada an eed suffer thereby; and in the opinion of this conference Britain would be serving the present tax on food stuffs and levying any other duties that may be imposed in such

Around this the debate was waged

Chicago Coroner's Jury Investigating a Strange Case.

Chicago, June 5.-Jurymen at the coroner's inquest today heard the story of the death of Miss May Thompson, who

expired May 29 after being treated with a "beauty mask," and held Dr. E. W. Johnson to the grand jury for involuntary

manslaughter.

The jury decided that death resulted rom asphyxiation, brought on by paralysis i the respiratory organs, this being caused v some poison, the nature of which the jury could not decide. Johnson was held without ball and was taken to the county

Dr. Johnson was arrested several days ago on suspicion of having caused the death of Miss Thompson, but was released by Justice Eberhardt after he had heard the same testimony on which to-day's verdict was eached.

Chicigo Strike Ended

Chicago, June 5-The packing house teamsters strike came to an end this morning, as the result of a conference between the packers and the teamsters. The agreement is a partial victory for the teamsters, in that the packers have declared that they will not discriminate against members of the union. The scale agreed upon is two cents lower than that demanded by the men.

An "Earl' Dies a Pauper,

Ballston, N. Y., June 5.-Ethan Wilson thro claimed to be the heir to a Scottisl orising of 1745, and who said he was en itled to the courtesy title of Lord Wi on, died yesterday in the Saratoga county almshouse. He was 84 years old. He lived the life of a recluse for many years iear Saratoga Springs.

Frad Pacha's confinement.
[Marsial Fuad Pacha, who was one of the most brilliant Turkish officers in the Russo-Turkish war, was recently suspected of being identified with the Young Turkey party, although his loyalty to the Sultan had never been seriously question ed. He was arrested on this suspicion and tried by court martial on the charge of having entertained seditions designs.

MAIMED BY FIRE CRACKER.

Hillsboro Man the Victim of a Serious Accident, Making Amputation, of Hand Necessary.

Hillsboro, June 3-W. F. Taylor, of Hillsboro, June 3—W. F. Taylor, of Hillsboro, while celebrating the news from South Africa on Monday evening, met with a very painful accident. A large five-cracker that he was exploding, went off unexpectedly, tearing off all the fingers of his right hand, and so badly lacerating the wrist that it was found necessary to amputate the hand. Doctors Marven and Lew's rendered the surgical aid. Mr. Taylor, though somewhat weakened stood the operation well and is not suf

WHAT SCIENTIST SAW IN PELEE'S CRATER.

Professor Back to Fort de France After Exploration.

Fort De France, Island of Martinique, June s here for the National Geographical Sofrom his explorations of the crater on the summit of Mont Pelec. The following important points have been settled by Professor Heilprin: ciety, came into Fort De France last night portant points have been settled by Professor Heilprin:—

The location of the new crater has been accurately determined; it is positively known that there has been no overflow of molten lava from the lip of the crater; there has been no subsidence of the mountain and the height of Mont Pelee is unchanged; the crater does not confain a cinder cone; thero has been no cataclysm and no topographical alteration of the country; the period of violent cruptions has probably ended, although the volcano may continue to be quietly active for a long time to come. Referring to his expedition, Professor Heilprin said:—

"As we stood on the edge of the crater a sublime spectacle began. I now have some

Dorin and Brakeman James Dunn and Car Inspector J. Corsey were thrown under the engine and pinned there in eight feet of water.

The train was telescoped and six cars piled on top of the engine.

Wrecking crews from the east and west are now at work removing the debris and traffic is expected to be resumed at midnight and the bodies of the unfortunate men recovered.

TO LIFE IN A FORTRESS.

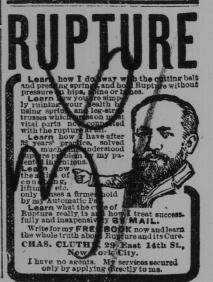

Turkish Officer, of Brilliant War Record, is Under the Ban.

Constantinople, June 5.—The official announcement of the finding of the final courtmartal which tried Fuad Pacha has been found guilty of revolutionary acts and sentenced to life imprisonment in a fortress, to degradation of rank and to be deprived of his decorations.

Fuad Pacha was tried by courtmartial in March but the sentence of this court was not ratified by the Suitan and the cases was referred to another count.

An irade has been issued confirming to the reduced to the unitorior, has not ratified by the Suitan and the cases was referred to another count.

An irade has been issued confirming the depoint of water is going on inside the earth, and have been a spectator of nature's secret interior work. We were assalled with colerative same conception of whint is going on inside the earth, and have been a spectator of nature's secret interior work. We were assalled with noise; far below there was a hissing of stean like a thousand locomotives, as well as violent fearth, and have been a spectator of nasture's secret interior work.
