

## NAME OF NEW U. F. O. HEAD AND POSSIBLE PREMIER TO BE KNOWN TOMORROW

Farmers Sub-Committee and Labor Leaders To-day Recommend Coalition to Committee of Nine.—Doherty of Peel may be Minister of Agriculture.—Seven Sleepers Sit Quiet and Wait.

"If a U. F. O.-Labor Government is formed, it will be a true coalition Government. The Independent Labor Party, as a party, will be asked to take their full share of responsibility for every Government measure that is introduced into the House and enacted. If the affiliation as at present intended is effected, Labor's responsibility and privilege will not be limited to Cabinet representation and the mere casting of their votes for the Administration."

TORONTO, Oct. 28.—Secretary Morrison of the U.F.O., in the above statement, declares that the U.F.O. and I.L.P. intend to form a Coalition Government which will take charge of the public affairs of Ontario.

The United Farmers will make their momentous statement as to the Leadership to-morrow. The committee of the Liberal members-elect likewise meets to-morrow. The Labor members gather jointly with the farmers on Wednesday afternoon.

Secretary J. J. Morrison, of the U.F.O., states that nobody at headquarters knows whose name will be put before the meeting on Wednesday, but there will be a final decision and announcement on the question Wednesday evening.

The sub-committee of three Farmers members, Peter Smith, South Perth; R. H. Grant, Carleton, and Rev. Edgar Watson, North Victoria, reported back to-day to the committee of nine the results of their conference

with the Labor men at Hamilton. With them were Walter Rollo, Hamilton, and Mayor MacBride, Brantford, Labor's leaders. The sub-committee's recommendation was for a Labor-U.F.O. alliance.

Mr. Manning Doherty, the unsuccessful U.F.O. candidate in Peel County, is considered by those "on the inside" to be the logical successor of Hon. Mr. Henry. There is no doubt that either of the two men most prominently mooted as Leader of the coalition—Mr. J. J. Morrison and Sir Adam Beck—would welcome Mr. Doherty as head of the important Department of Agriculture.

Nothing is forthcoming from the Prime Minister as to when he would hand the resignation of his Government to the Lieutenant-Governor. There was a meeting of the Cabinet yesterday. A large amount of routine work was put through, but no definite decision was reached as to when the Ministers should quit office.

## HOW OTHER CITIES GET AFTER NEW INDUSTRIAL PLANTS

Hamilton's Only One of Many Which Sets the Example. "Money," Enables Them To Be Johnny on the Spot.

How other places are putting forth concentrated efforts to secure new industries is indicated by the fact that all over the province reports emanate about new industrial plants locating in various towns and cities.

Three weeks ago the outside world was told about Hamilton having secured the Firestone Tire and Rubber Company, of Akron, Ohio, which will employ 1500 to 2000 hands in a tire plant and two or three other allied factories, provided Barton Township concessions carry a by-law granting certain concessions. Hamilton went after this industry. For months its Industrial Commissioner had been negotiating with the company and he finally overcame competition from other places. On top of this report followed other announcements about Hamilton's Industrial Commissioner bringing other industries to his city. Hamilton is expending money in its efforts to build up its industrial community and is getting results.

The above city, however, seems to be only one of many. These towns and cities have the advantage of being able to make investigations, not by letter but by visits to the parent plants across the border. They get the American men interested in their towns and frequently with good results. The paragraphs at the end of this article indicate the general efforts that are being made by Ontario towns and cities in the industrial field which seem to indicate more than anything else the necessity in this city of having the necessary funds so that it can make efforts for a share of the American plants to be erected in Canada which will be worth while. Under present conditions the only means of getting into touch with these companies is by letter. Where is the central fund which should be available in order to enable the city to be on the job as soon as it is whispered an American firm is about to locate in Canada?

ANOTHER MOTOR INDUSTRY PROSPECT FOR ONTARIO  
Nash Motor Company intends to establish a branch plant in Canada for the manufacture of some motor parts and for the assembling of cars for the Canadian and British markets. C.W. Nash, President of the company, who was formerly associated with the General Motors Corporation, made an announcement last week that Whitley was being considered as the prospective site of the Canadian plant. A tract of about 60 acres has been selected as a likely spot for such an undertaking. The export of cars to other parts of the Empire from the Canadian plant is looked upon as an additional incentive for locating a branch plant in the Dominion.

Industrial Loan Proposed.  
The Galt City Council held a special meeting last night when a by-law to make a loan of \$20,000 to the Perfect Machine Co. for the purpose of extensions was given its first and second readings. It is expected it will go to the voters in about six weeks' time.

### A New Industry.

Negotiations which have been on the way for some time between Chatham and the Wilson Packing Company, of Chicago have been completed, and a delegation from the company arrived in Chatham yesterday to formally take over the plant, the old part of the Chatham Packing company. This new company will start operations immediately and will run the plant to capacity. It means a valuable new industry for Chatham.

### BELLEVILLE SEEKS INDUSTRIES

Belleville intends to develop its industries. A move was made in this direction recently, with the organization of an industrial corporation capitalized at \$200,000, to aid and finance manufacturing enterprises that locate in that district. Messrs. R. J. Graham, H. W. Ackerman, W. B. Deacon, C. M. Reid, W. C. Springer and Col. L. W. Marsh were appointed as directors of the holding company. The securing of an automobile tire value manufacturer enterprise was in prospect, and a number of Belleville citizens indicated their willingness to buy stock.

## CRITIC OF HYMNS CAUSES DISORDER

OTTAWA, Oct. 28.—Scenes of disorder occurred at yesterday's session of the Ontario and Quebec Baptist Convention. It seems for a few moments that Rev. J. Henderson, of Toronto, would be forcibly ejected. He refused to sit down when told to do so by the President.

The cause of all the trouble was an address given by E. H. Scammell, Assistant Deputy Minister of Soldiers' Civil Reestablishment, and a member of the First Baptist Church, Ottawa. He said that if the Church expected to get the returned men again in their midst they would have to change their methods. He asked: "How can you expect men who have made the sacrifice our soldiers have made to come to church and sing: 'I'm but a stranger here, Earth is a desert drear, Heaven is my home.' Several delegates at this stage shouted: 'Yes, they will sing that.' Rev. Henderson rose to his feet, and, shouting at the top of his voice, said they certainly could expect soldiers to sing these hymns. He had found that soldiers were held, kept and drawn together by the old-fashioned God and the old-fashioned Christ. The President—I call on you to sit down. Mr. Henderson—Before I sit down I will renounce this blasphemy and heresy. For several minutes many tried to speak at the same time. Mr. Henderson finished what he had to say, despite the repeated protests of the President. At the conclusion of the address Mr. Scammell was loudly applauded. Dr. Wallace remarked: 'Whatever mistakes you have made in speaking tonight, and you have made mistakes, are forgiven and forgotten.'

## UNION GOVERNMENT LOSES THREE SEATS

Three Ridings Select Farmers.

ASSINIBOIA.

O. R. Gould (Grain Grower) ... 3,727  
CARLETON, N. B.  
I. W. Caldwell (U.F.O.) ... 3,506  
GLENGARRY-STORMONT.  
W. Kennedy (U.F.O.) ... 2,000  
QUEBEC EAST.  
E. Lapointe (Lib.) ... 5,000  
VICTORIA, B. C.  
Hon. Dr. Tolmie (Union) ... 2,057

In Monday's byelection the farmers were successful in Assiniboia, Sask., Glengarry, Ont., and Carleton-Victoria, N. B. Hon. Dr. Tolmie, minister of agriculture, a Unionist, was re-elected in Victoria, B.C., and Mr. E. Lapointe, who resigned his seat in Kamouraska to contest Quebec East, was elected in the latter seat.

In all there were eight vacancies in the House, but in two, Kingston, Ont., and Prince, P. E. I., Sir Henry Drayton and Hon. Mackenzie King were, respectively, elected by acclamation last week. In North Ontario the election was postponed owing to the sudden death of Mr. Cowan, the Unionist candidate.

## CONFIDENT BY-LAW WILL BE CARRIED

Of Verdict on Firestone By-law Vote

Confidence was expressed by C. W. Kirkpatrick, commissioner of industries, Hamilton, yesterday, that the by-law to be submitted to ratepayers of Barton township next Monday, authorizing a fixed assessment on the property owned by the Firestone Tire and Rubber company would carry by a substantial majority. The industrial commissioner pointed out that at least last week two industrial by-laws granting bigger concessions to the Canada Cable company and Leaside Munitions Limited, than at asked of Barton Township were carried without a dissenting voice.

A two-thirds majority is necessary to authorize a fixed assessment.

## NEGRO MURDERS WOMAN ON STREET IN BRANTFORD

BRANTFORD, Oct. 28.—Mrs. Arthur Giles, an Englishwoman, aged 38, was stabbed to death on Market street, a busy thoroughfare, yesterday afternoon by a colored man, George Jones, aged 26. Jones went about 4.30 p.m. to the boarding house at 717 Market street, of Mrs. Giles and family, went upstairs and there threatened in the presence of the daughter, to take the life of the mother. The daughter, aged 18, showed fight. In the meantime Mrs. Giles made her escape and ran across the road. She was closely followed by Jones, who ran with an eight-inch knife outstretched and, reaching his victim on the sidewalk, stabbed her several times. Death was almost instantaneous.

Roy Thornton, a local traveler, was an eyewitness and with his umbrella beat Jones into unconsciousness. Then the police arrived and Jones was taken to the county jail. The victim had three children and her husband is employed at the Waterloo Engine Works Company. A warrant had been issued about six weeks ago for the arrest of Jones, who was alleged to have been running away with Mrs. Giles.

## GOURLAY SHOE CO. TO LOCATE IN ACTON

On Friday of this week the ratepayers of Acton will vote on a by-law to transfer the agreement with the Reliance Shoe Company which has removed to Toronto to the Gourlay Shoe Company of this city, which finds the present building on Mansion Street not suitable.

Mr. Sid Gourlay is in Acton to-day in connection with the business.

Every man and woman living in Canada owes it to the country to buy Victory Bonds.

## A FEW SWEEPINGS FROM THE VICTORY LOAN "CLEAN-UP"

(By Dinty Moore)

The Township of Wellesley has already subscribed 25 per cent. of its objective the first day.

Here's a slogan: EVERYBODY SUBSCRIBE FOUR TIMES YES FOR THE VICTORY LOAN" by Leslie Staebler.

Horror: There may be a shortage of ink the way the boys are transferring it on application forms to-day.

Dr. MacFarlane and Don. Pequegnat were trolling King St. on the dry side but didn't fail to cast their net around a bunch of minnows and a lot of big stuff. They sold twenty-four people Victory Bonds yesterday. Oh boy! You other salesmen will have to shake a wicked foot to stay in the race.

Alex. Merner sailed around all day yesterday with his bumbushoot and goshes raking in the dough like a coon shooting craps making a natural every time. Will have to watch Alex.

The first day sure looks good but it's only a patch on to-day. Go to it boys, and get our flag first.

The New Hamburg Heavyweights stepped into the ring and knocked out a lot of dough that hadn't seen daylight for years. There's a pile of this antique wealth tucked away right here in town. GO GET IT.

Charles Kranz and John Schwartz had a whole of a time writing down the large amounts. They ruined three fountain pens the first day and were talking in a whisper by night.

## N. Y. DRUG CLERKS TO GO ON STRIKE

WANT EIGHT HOUR DAY AND CLOSED SHOP.

New York, Oct. 28.—A strike that will vitally affect New York's millions was voted early to-day by representatives of the N. Y. drug clerks. After an all night meeting the men voted 140 to 70, to walk out during the week, leaving the date to be determined by their officers. The clerks demand an 8-hour day, a closed shop, and an average increase in wages of 35 per cent.

## COLD WELCOME FOR MANDATE

UNITED STATES DOES NOT WANT TO ACCEPT.

Paris, Oct. 28.—Entente representatives in peace conference apparently are persuaded that the United States will not voluntarily accept any mandate in the near east, and it now seems assured that the Turkish question will not be touched by the present peace conference, but will probably be taken up by another conference to be held within a few months.

## WIFE VICTIM OF JEALOUSY

OPERATOR SHOT AND KILLED WIFE, ARRESTED FOR MURDER.

Rochester, N.Y., Oct. 28.—Joseph Perry, night clerk in the Postal Telegraph Co., main office, shot and killed his wife, Grace Perry, night chief operator in the Stone Exchange of the Rochester Telephone Co., at their home in the outskirts of the city last night. Jealousy is believed to be the motive. Perry turned his revolver on the policemen who attempted to arrest him, but the mechanism failed. He was arrested on a charge of murder in the first degree.

## GOVT. RECOGNITION CLAIMED BY O. B. U.

TORONTO, Oct. 28.—What the One Big Union consider official recognition as a legal trades union by the Dominion Government is inferred from a letter of the Department of Labor to Mr. Biles, of the Toronto branch, asking for a list of the officers.

The Department endeavors to make a list of all day Labor bodies of the Dominion," reads the letter in part, "to whom are supplied copies of the Labor Gazette and other publications issued from time to time." In a statement today Mr. Bales declared that this official recognition will put an end to the endeavor of the International Trade Union League to have a clause inserted in all Government contracts, prohibiting the employment of O.B.U. members who it is claimed are in sympathy with the I.W.O.

Canada expects every citizen, whatever his birth or descent may be, to help maintain the freedom and privileges he has found in Canada by buying Victory Bonds.

## PORT ARTHUR SEAT FOR SIR ADAM BECK

(Special to The Record)

TORONTO, Oct. 28.—A seat in the Legislature is to be found for Sir Adam Beck in Port Arthur, according to Brig-Gen. Don Hogarth, present Conservative member, who last night, following a conference with Sir Adam, announced his intention of resigning his seat in favor of the Hydro chairman. He pointed out that the industrial expansion of Port Arthur is bound up in Hydro development and expressed the opinion that his constituents would uphold his course of action.

Gen. Hogarth returned from overseas only two months ago. He was re-elected by a majority of 800 in a 3-cornered fight. Sir Adam Beck has made no statement as yet, but it is indicated that he will accept the Port Arthur seat if it is offered him.

"Personally, I do not expect to see Sir Adam Beck become Premier. The day following the election, before his name had been mentioned for the U.F.O. leadership, I sent him a telegram expressing deep regret at his defeat and expressing the hope that he would accept another seat. I need Sir Adam in the House," said Gen. Hogarth.

Sir Adam has not yet indicated whether he will accept a seat offered, but General Hogarth appeared confident that the Hydro Chairman would avail himself of the opportunity of re-entering the legislature. He admitted that he has been thinking largely of the interests of his own constituency when he made his offer to Sir Adam, also expressing the opinion that the province as a whole would benefit.

## OFFICIAL FIGURES SHOW BIG MAJORITIES FOR "YES"

Ald. N. Asmusen's Official Majority Over Mr. Haehnel, 2141. Over 15,000 Votes Were Polled In The Riding.

SUMMARY COMPLETED TO-DAY.

The official summary of the election results in North Waterloo has been completed by the Returning Officer and the Election Clerk, Mr. Charles Froehlich and Mr. J. Herb. Smith, of Waterloo, respectively.

The figures show big majorities for "Yes," on every one of the four questions. A noticeable fact is that the total of the returns from the various deputy returning officers on each question as in other ridings throughout the province are not equal as they should be if every question was voted on by every one who east his ballot.

The official majority for Ald. Asmusen is 2141. In this city 8715 ballots were cast in the election of a member and 16355 in the whole riding.

The number of electors in each is about 11000 and 21000 respectively. 441 ballots were rejected or not used in the election, and 397 in the referendum. The results:

## CLOSURE IS POSSIBLE ON GRAND TRUNK BILL

(Special to Record.)

Ottawa, Oct. 28.—Is closure coming in the House of Commons on the Grand Trunk Bill? A few days ago opinion would have been almost unanimous that there would be no closure first, because it would not be necessary, and second, because the Government had no intention of applying it. A change has been coming steadily, however, and now the protracted debate in the Commons in the committee stage has brought the matter to the front.

The opposition is asking an endless series of questions. They declare they are merely safeguarding the public interests in subjecting the proposed agreement to the close scrutiny.

Hon. Meighen, Reid and other ministers have repeatedly declared that

there would be ample time for the fullest discussion. So specific have these declarations been that the Government is not likely to suggest closure unless or until the opposition becomes obviously those of a blockade rather than a search for information.

It will be difficult to decide just where the border line comes. Meanwhile the government will not hurry the coming of closure, for this interim period is allowing them to size up the situation in the Senate and to see what steps if any are necessary to ensure the passage of the Bill through the Upper House. There is no doubt of the Government's ability to carry the legislation in the Commons, the only question there is the length of the debate.

## HOUSE APPROVES DRY LAW AFTER WILSON VETO

WASHINGTON, Oct. 28.—President Wilson yesterday vetoed the Prohibition National Prohibition Enforcement Bill. Two hours later, however, the House passed the bill over his disapproval by a vote of 176 to 55.

The opposition commanded 21 votes more than the necessary two-thirds to pass a bill over the President's veto. The Senate concurred in the House action to-day.

In disapproving the bill to enforce war-time prohibition, the President likewise vetoed the national prohibition amendment which becomes operative on January 16 next.

The veto message came as one of the great surprises of the session. It was generally expected, on account of his illness, that the President would allow the bill to become a law by default. When his stiff and definite message of protest against the enforcement of war-time prohibition came to the House it created a real sensation.

## TEN LOST WHEN BOAT HIT PIER

CAUGHT IN BAD NORWESTER ON LAKE MICHIGAN.

Muskegon, Mich., Oct. 28.—Ten persons lost their lives this morning when the Crosby Liner City of Muskegon, formerly the City of Holland, while trying to make harbor here struck the south pier at Muskegon channel and was smashed to pieces sinking in four minutes. Three of the victims were passengers, the remainder being crew. There were about 35 passengers aboard but the vessel lay against the pier so that most of them were able to make their way to safety.

The City of Muskegon left Milwaukee in clear weather last evening but was caught in a raging Norwester that struck Lake Michigan early this morning. Riding the storm well Capt. Ed. Ward Miller decided it was safer to attempt to make harbor than to turn about. Just as the bows of the vessel came into the channel, a big wave caught it and smashed the craft against the end of the pier.

## BECK TO REMAIN HYDRO CHAIRMAN OR BECOME LEADER

Toronto, Oct. 28.—When the U.F.O. Committee of Nine went into session at the farmers' headquarters this morning, the Sub-Committee of Three with two Labor representatives reported on the Hamilton conference and the question of Leadership. The I.L.P. were not promised two or more seats in the Cabinet. The U.F.O. and I.L.P. at the joint caucus to-morrow will consider a joint legislative program. The prospects are good for a hard and fast Coalition Government.

The name of Sir Adam Beck has not been entirely dropped by those who are canvassing the Leadership situation. On the whole Labor is more disposed to have him as Premier than are the Farmers, but high authorities on both sides of the coalition believe that the Hydro champion will be retained as chairman of the Hydro and not given Cabinet position.

## COLD WEATHER HELPS BOLSHIES

MAY SAVE PETROGRAD FROM CAPTURE BY LOYAL RUSSIANS.

London, Oct. 28.—Winter, moving southwards from the Arctic regions, is coming to the aid of the Bolshevik troops in Petrograd, and the ability of General Yudenitch to capture the former capital before cold weather puts an end to his campaign seems doubtful. Soviet forces, fighting desperately against the North-western Russian army, have succeeded in recapturing Tsarakoye-Selo and Pavlovsk, south of Petrograd, and appear to be in position to prolong the defense of the city for an indefinite period.

"Doesn't her singing move you?" "It did once when I lived in the adjoining flat," Boston Transcript.

Canadians will loyally support the Victory Loan because the national safety, the national honor, and national prosperity are at stake. The Victory Bonds you hold now are a comfort. Increase your comfort by subscribing to the limit of your means to the Victory Loan 1919.
