Pacr O. J. Wood: Dear Sir.—Some time last summer
we were induced to use some of your Hair Restorative
and its effects were so wonderful, we feel it our duty to
you, and the sfilleted, to report it
Our little son's head for some time had been perfect y
covered with sores, and some called it scaid head. The
hair almost entirely came off in consequence, when a
friend, seeing his ufferings, advised us to use your
lisir Restorative we did so with little hope of success,
but to our surprise, and that of all our friends, a very
few applies thous removed the disease entirel, and a new
and luxuriant crop of nair started out, and we can now
say that our boy has as healthy a scalp, and as luxuriant
a crop of hair as any other child. We can, therefore,
and do hereby recommend your Restorative, as a perfect remedy for all diseases of the soalp and hair.

We are yours respectfully.

PROF. WOOD, — Dear Fir: My hair had for several years
been beoming prematurely gray, accompanied by a
harshness which rendered the constant application of oil
necessary in dressing it. When I commenced using your
Hair Restorative about two months ago it was in that
condition; and having continued its use till within the
last three weeks, it has turned to its natural color, and
assumed a softness and lustre greatly to be preferred to
those produced by the application of oils or any other
preparation I have ever used I regard it as an indispensable article for every lady's toiler, whether to be
used as a list Restorative or for the simple purpose of
dressing or besuttifying the hals. You have permission
to refer to me all who entertain any doubt of its performing, all that is claimed for it

Ayer's Sarsaparilla,

A compound remedy, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is remoted. greater alterative power as to anoth an elective, antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our affineted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the follow.

ing complaints: —
Scrofula and Scrofulous Complaints, Erep. TIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, Syphilis and Syphilitic Appections, Mercurial Disease, Dropsy, Neuralgia or Tic Douloureux, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPE-LAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY

of the Bloop.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul emptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul and your feelings will tell way.

Piles and Piles no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no ting health. Sooner or later something must go wrong, and the great machinery of life is disordered

or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or

any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system. secure their complete eradication from the system, the remedy should be judiciously taken according

Ayer's Cherry Pectoral has won for itself such a renown for the cure of every variety of Throat and Lung Complaint, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been employed. As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.

Lynch's Patent Paper-wetting and Letter-copying Machine. A VERY desirable article for those who have many letters to copy, as it does away with the use of brush, wet cloths, dipping bowls, &c., and dampens the paper with a single roll of the machine. Also very desirable for those having but few letters to copy and have no press, as a good copy can be taken by the use of the dry roller, after damping. Sold by the proprietors, Cutter, Tower & Co.
