

"Hammer Brand" Hard Wall Plaster

It neither loosens nor falls off; it allows carpenters to follow plasterers without loss of time; and lasts as long as the building.

CARTER'S

**GENUINE
DRY RED LEAD**

When specifying a paint to be used on your metal work, or if you are looking for a safeguard against rust and corrosion, insist on Carter's Genuine Red Lead; mixed with pure Linseed Oil. Its uniformity of film, ease of application and greatest covering capacity makes it the best product on the market to-day. We also manufacture Orange Lead, Litharge and Dry White Lead.

Write Us for Prices and Particulars.
