

## Rebels in P.E.I. on Weekend

Unknown to many students on this campus there is a UNB Varsity volleyball team, known as the Red Rebels.

This is the third year the team has been in operation and coached by Mal Early. Despite their youth, the team has never finished lower than third in the Maritime Intercollegiate.

With the return of captain Hans Lammens, and eight veterans, the prospects look even brighter, for this year. The addition of rookie

standout Aubrey Morris, former Fredericton Junction star, Phil Peterson, and six freshmen provide the much needed depth for the team.

The Red Rebels venture to the University of Prince Edward Island for an invitational tournament this weekend. Also on hand will be seven other powerful teams, led by the Mount Allison Mounties, reigning MIAA champions.

So far this season the Rebels

have a record of seven wins against three losses. In early December, at Mount A, the team missed the finals in the collegiate section by virtue of a narrow 11-9 loss to the host Mounties.

The only home tourney of this year will be held on January 17, at 8:30 a.m. Twelve teams will compete, featuring three of the top competitors in New Brunswick, one of which being the power packed Rebels.

3 vs 8

# A CAREER... you'll get life for it

Your career is a lifetime proposition. And we figure if you have to work, you should work at something you'll enjoy.

Improve the odds when choosing a career by learning more about yourself.

#### STEP ONE:

Take inventory of your real interests and abilities.

#### STEP TWO:

Calculate your chances of success.

How? By completing the Biographical Inventory Blank (BIB) . . . a multiple-choice inventory of auto-biographical questions. There are over 500 items to answer and there is no time limit for completion. All of the questions in the BIB relate to your own past experience. The BIB is based on the psychological fact that people will tend to act in the future as they have acted in the past. Thus, your past behavior can be related to that of persons who have done well in certain fields or occupations.

Your BIB responses will be recorded and assessed with techniques developed during thirty years of intensive research, financed mainly by various government departments. This continuous research was initiated during WW II with recent applications by NASA and the Peace Corps.

Now you can benefit from this past research when you're choosing your career.

Career Assessment Ltd. will find out what your thing is and where you can do it, too. We'll give you:

1. A confidential counselling resumé of your results on the BIB.
2. Occupationally-oriented assistance for those who desire additional job exposure.

The Biographical Inventory Blank will tell you more about yourself, and the fields in which your interests will best fit your abilities. Then, your career decision will be made that much easier.

Make sure your career is **your** thing . . . it's a life sentence.

Watch this newspaper for further details on the Biographical Inventory Blank.
