- Q Did Mr Gignac call that meeting?
- A No. It was the majority of the Council.
- Q mad the majority of the Council a right to call that meeting without consulting the President?
- A / In a case of that kind, yes. We were having trouble and we thought at the time that by having a man acting as general president who was against the strike, that we ought to come to some kind of an understanding with him.

- A yen
- Q And, you had another meeting on the 23rd?

- Q I thought it was the 23rd?
- A No: it was the 18th.
- Q So, if I have an entry that it was the 25th
