ECHOES

FROM
ERIEAU

Master James Boyd has been appointed as agent of The Planet at Chatham. Subscribers of this paper who desire to receive it regularly at their homes will please report the matter to him and he will receive and forward any orders from those who desire The Planet sent to their cottages.

Mrs. and Miss Ryan spent Sunday at Chatham.

Claude Eberts returned to Chatham yesterday.

W. Golder, of Cleveland, is visiting Miss E. Merritt.

Miss Ila Stephens, of Chatham, spent Sunday with Chris Smith.

Miss Felice Richardson, of Chatham, is the guest of Miss Ryan, of Chatham.

Mrs. and Mrs. Peter Haggart are registered at Lakeview House this week.

Miss Marguerite Ardagh is the guest of Miss Laura Phillimore for a few days.

Miss Pearl Morgan returned to Chatham, Erieau, after spending a few days in Chatham.

Miss Kate Garrett, who has been spending July at Sandy Knave, returned to Chatham to-day.

Miss Nellie Abram returned home yesterday, after visiting her grandmother, Mrs. Abram, of Shagannap.

Mr. Jas. Richardson, of Detroit, returned home this morning, after spending Sunday at the Lakeview House.

Miss A. C. Blackburn and son Graham, of Madison, Wis., and Miss Cora Haggart, of Chatham, who have been

For Drunkenness and Keeley Drug using Cure

Over 300,000 CURES

Address: Keeley Institute, 788 Queen St. West, Toronto, Ont.

visiting at Kent Bridge, returned to Erieau Monday evening.

Laddie, the Scotch collie belonging to J. W. Young, followed a rig to Blenheim on Sunday and, as a consequence, spent Monday in Blenheim. W. D. Samson has kindly consented to become guardian of the collie during his sojourn in Blenheim.

It looked very hazy all day yesterday and cottagers were asking each other if it were going to rain. All doubt on that score was dispelled, however, when the Baden-Powell hoisted her sails and started out for a cruise. The rain was as good as here.

A GOOD RECORD

Harry Fleming, teacher in School Section No. 5, 8th concession Raleigh Township, made a record for himself this year. Eight of his pupils passed the Public School Leaving and one passed the entrance. This was the largest number of Public School Leaving candidates passed from any rural school. The province gives a grant of \$25 for every five pupils or more passing the Public School Leaving from any one school and the county gives a grant of \$10 for each successful candidate. Mr. Fleming's pupils thus obtain \$1100, which is the largest grant ever obtained by any rural school. Last year Mr. Fleming passed nine entrance pupils and this year he passed seven, each time holding the record for rural schools in the county. He is a clever young teacher and is to be congratulated on his success.

Cleveland's BAKING POWDER

The most economical of all leavening agents, and makes the finest food.

RAILWAY COMMISSIONERS.

Notice of Resolution Fixing Their Salaries.

Ottawa, Aug. 4.—The Minister of Justice yesterday gave notice of a resolution fixing the salaries of the Commissioners and Secretary of the Railway Commission provided for in the bill now before the House. The resolution only speaks of three commissioners, so that it is evident the Government have determined not to extend the number to five, as suggested by the railway companies. The chief commissioner will get a salary of \$10,000 and each of the other two commissioners \$8,000 per annum. The Secretary's salary will be fixed by the Governor in Council, but is not to exceed \$4,000. The stipends of the other officers, staff, and appointees of the board, and the expenses incident to the carrying out of the provisions of the bill, are subject to the approval of the Governor in Council. The salaries of the commissioners and the Secretary will be paid out of unappropriated funds in the hands of the Receiver-General, and all other salaries, remunerations, and expenses out of money to be provided by Parliament.

There will be a considerable demand for raspberry pulp in the United Kingdom, for September shipment, according to the advices received by the Department of Agriculture from Mr. Harrison Watson, curator for the Canadian Institute in London. This is owing to the shortage in the crop there, which cannot be supplied from the continent, as the same conditions prevail there. It is estimated that from 400 to 500 tons will be required, at a price ranging from 32 shillings to 35 shillings per cwt. of 112 lbs.

IMMENSE COAL AREA.

Enough at Sydney to Last Over a Century.

Toronto, Aug. 4.—"The people of Canada have no conception of the value of the property the Dominion Coal Company have out there," said Dr. Bruce Riddan, who has just returned from a trip to Sydney, Cape Breton. "The area of coal land extends for a distance of forty-five miles from Sydney to Louisbourg. Five collieries are now working, raising 11,000 tons of coal a day. The general manager, Mr. Dick, told me they could easily sell four times the quantity of coal they are now raising. They cannot keep up with the demand. The coal area owned by the company is so extensive that other shafts and collieries can be put in to meet any future demand. The amount of coal is considered by experts to be so enormous that in 100 years, even if it is used at the rate it is now, the supply will not be exhausted. Excellent, up-to-date machinery is in use, and the way the product is perfect, while their shipping facilities are most modern." Dr. Riddan said that the miners are principally Nova Scotians, born in the country. There is no foreign element there. Good money is made. Dr. Riddan, who represents Sydney in the Dominion Parliament, told him that many of the miners have savings banks, with from \$2,000 to \$5,000 each. Many of the miners make \$100 a month. The two Sydney men, as they are called in Cape Breton, show every evidence of prosperity. One general store in North Sydney would compare favourably with any large department store in Toronto, Dr. Riddan says.

The Sydney people say they can assemble the products which go to make steel and iron, cheaper than any other place in the world.

DR. F. FOWLER DEAD.

Prominent Kingston Physician Passes Away.

Kingston, Aug. 4.—The death occurred last night of Dr. Fife Fowler, aged 80 years, after an illness of ten days. The deceased was born in Elgin, Scotland, and was educated in the Grammar School and Edinburgh University. He also had the degree of M.D. from Edinburgh University. Dr. Fowler spent nearly two years in Greenland, and in 1854 came to Canada, settling in Kingston, where he had since resided. He was a charter member of the Royal College of Physicians and Surgeons, now affiliated with Queen's University, and was on the teaching staff forty-six years. For a quarter of a century he was dean of the medical faculty of the Ontario Medical Council and President of that organization in 1892. He was also President of the Oddfellows' Relief Association. His widow, one son, Mr. H. C. Fowler, barrister, of Toronto, and four daughters survive.

COUNTY FED SUGAR.

Will the American Brand be Excluded.

London, Aug. 3.—In the House of Commons to-day, replying to Mr. Lough (Liberal), who asked whether communications had passed between the Governments of the United States and Great Britain relative to the possibility of the prohibition of American bounty-aided sugar if the sugar convention bill passed, Viscount Cranborne, Foreign Under Secretary, said that the decision whether the sugar was aided by bounties lay entirely with the commission dealing with the subject. In the absence of such finding, there was no call for any action on the part of the British Government.

A FATAL ACCIDENT.

Geo. Hanson, Contractor, Fell Forty Feet to His Death.

St. Mary's, Aug. 4.—Geo. Hanson, a stonemason and contractor, met a terrible death yesterday afternoon by falling forty feet to the ground from a scaffold on which he was working. The joist on which he was working gave way, owing to the great weight of stone and mortar which had been piled upon it, and Hanson was badly crushed. Another workman, James Clyde, also fell and was badly cut and bruised, but will likely recover.

PARRY SOUND BY-LAWS CARRIED.

Parry Sound, Aug. 3.—By-laws were voted on to-day for \$10,000 for waterworks improvements and extensions, and \$3,000 for piers for a steel bridge. Both by-laws carried by large majorities.

RIOT IN BUFFALO.

Forty-five Italians Were Placed Under Arrest.

Buffalo, N.Y., Aug. 4.—A fierce riot broke out in front of the Niagara elevator on Ohio street yesterday, and as a result 45 Italians were under arrest, and detectives are looking for more. Fortunately one was hurt, although scores of shots were exchanged. The fight took place between employees of the Niagara elevator and Italians who are employed at the plant of the Buffalo Union Furnace Co.

It is said that the riot was provoked by an employee of the Niagara elevator, who called "scab" at the Italians as they were passing along Ohio street.

DIED AT BROCKVILLE.

Sudden Demise of Mr. Fulford—Rev. Mr. Sycamore to Leave.

Brockville, Aug. 4.—Last evening at 6:30 Mr. J. G. H. Fulford, an old resident, passed away suddenly. He had not been well for some time, but was able to be about his residence and was taking tea with the family when he suddenly leaned back and expired. He was the eldest son of the late Hiram Fulford, and was born near the town. Deceased was a brother of Senator Fulford, and 69 years old. He was married in 1858 to Miss Davies, daughter of the late Mr. C. Davies of Easton's Corners, and they had six children, but only one is living. The widow also survives.

Yesterday Rev. J. C. Sycamore of the Baptist Church announced to his congregation that he had accepted the call to Hamilton, and that his pastorate here would end this morning. The regret at his departure is not confined to his own congregation, for, while eminently successful there, he is a man the people and is universally esteemed.

THE MARKETS.
