

breakdown cost?

together, breakdowns are very ex-
nsive for a thresherman. That's
y it pays to get good machinery
the start, and that's why we build
r machines with such great over-
length in every part. That's why
choose the highest grade of ma-
ial. That's why we are so par-
ular about the workmanship that
s into "The First Quality Line."

two generations we have made
pecialty of Threshing Machinery,
I have won the reputation of pro-
ing high-grade machinery. It is
your interest to see the White
eshing Machines and White
ctors before you make your in-
tment.

Fairbanks-Morse
"Z" Engine with
Bosch Magneto

Now-There is Only One Farm Engine

JUST think of the famous "Z" Engine with a Bosch high-tension, oscillat-
ing magneto—which delivers a steady succession of hot, intensive sparks.
Every farmer in Canada should at once call on the nearest "Z"
Engine dealer and see the result of this recent epoch-making combination—
FAIRBANKS-MORSE "Z" ENGINE WITH BOSCH MAGNETO.
Mechanical perfection, plus power—and right price—to date sold the "Z"
Engine to over 250,000 farmers. This quality and quantity production
enabled us to contract for a large proportion of the extensive Bosch facilities
for making this one possible "Z" betterment, which establishes a new farm
engine standard. And all Bosch Service Stations throughout Canada will
assist our dealers in delivering maximum engine service.
