## FROM COAST TO COAST

You are interested in your country—not only in your own city or town. To keep abreast with business developments in Canada, you must know of their progress throughout the Dominion. You may learn this week by week in the **Monetary Times**, and especially during the next few weeks, as special reviews and notes on the outlook will appear in these columns.

## Western Crop Reports

You want to know the latest about the Western Crops. This is only natural. The crop situation affects the prosperity of the whole country. For the very best news and reports, read the **Winnipeg Market Record**, which is authorized by the Winnipeg Grain, Produce & Fruit Exchanges to publish the reports of their daily market sessions. Subscription rate, \$1.00 per annum in advance. Specimen copies sent on application to  
 330 SMITH STREET, WINNIPEG.

## WE OFFER BONDS

of a large transcontinental railroad with a bonus of preferred and common stock.

WARDEN & FRANCIS  
 Confederation Life Bldg., - Toronto

## An Index

of the business bringing powers of a trade journal for a given article, is best determined by its class of readers. You know that,

THE CANADIAN  
ENGINEER

PUBLISHED WEEKLY

is the only distinctly weekly engineering paper in Canada, and is eagerly sought for its real news value.

## Our Clientele

City and town engineers, and clerks, waterworks officials, engineers in charge of the various provincial departments of public works, resident engineers, superintendents of central power stations, civil, mechanical, structural and contracting engineers, and manufacturers in all parts of the Dominion.

If you have a proposition to interest such, it will pay to use our journal.

Rates and copy of last issue on request.

The subscription price of the Canadian Engineer is \$2.00 a year. If it is worth that to you, we shall be glad to have your subscription.
