

CANCER CAN BE CURED

I will gladly furnish to every sufferer positive and indisputable proof that my **Mild Combination Treatment** does cure Cancer.

The past ten years of my professional life has been devoted to the exclusive study and treatment of Cancer in Kansas City. I have received scores of testimonials from grateful people who will gladly write you personally of their own experience. Many claim that my **Mild Combination Treatment** saved their lives.

Dr. O. A. Johnson

I will also furnish ample evidence of my integrity, honesty, financial, and professional ability. No matter how serious your case may be, no matter what treatment you have tried,

DO NOT GIVE UP HOPE but write for my new book, "Cancer and Its Cure," which is sent FREE together with large new book of testimonials. If you want proof get these books. They tell you just what you should do. If you know of anyone suffering from this dread disease do them a favor by sending them this advertisement.

DR. JOHNSON REMEDY CO.
1233 Grand Ave., Suite 509 KANSAS CITY, MO.

Help Wanted

Intelligent man or woman to distribute circulars and take orders. \$2.00 a day and commission. Permanent. Edw. McGarvey, 290 Wellington St., W., Toronto.

Ross Rifle Barrels

More depends on the barrel of a rifle than on any other single part.

That the barrel of the Ross Military Rifle is flawless and faultless has been proven on many a competing field.

The barrel of the Ross Sporting Rifle is as perfect as that of the Ross Military Rifle, and is made in various lengths. Nothing more could be said of its superior quality and construction.

The straight pull, the quick-loading magazine, the simple, satisfying and beautiful finish, make it a fire-arm to delight the heart of the sportsman.

If your dealer does not keep the Ross Rifle, we can send direct. Write for catalogue:

ROSS RIFLE CO.
Quebec, P.Q.

in life's lottery, by the rejection of Le Gardeur for his sake! It is the hand of that shadowy babe which plucks away the words of proposal from the lips of Bigot, which gives his love to its vile mother, and leaves to me the mere ashes of his passion, words which mean nothing, which will never mean anything but insult to Angelique des Me-loises, so long as that woman lives to claim the hand which but for her would be mine!"

(To be continued).

Questions & Answers

POLL EVIL

Mare got head caught in ladder and pulled back until she threw herself. She has developed poll evil. Would the accident cause the trouble? Is the disease contagious? I took her to my veterinarian and he gave me a blister for it.

G. C.

Ans.—No doubt the accident caused the trouble. It is not contagious. Do as your veterinarian advises. It is probable he will have to operate, but in some cases external applications effect a cure. When pus forms and an operation is necessary, it is usually necessary to operate more than once, as fresh sinuses form, and it usually requires from 3 to 12 months to cure; therefore, do not blame your veterinarian if the case proves tedious.

ABSCESSES ON HORSES

Team running on pasture and working a little have developed abscesses. An abscess formed at the root of one horse's tail, which, when lanced, healed immediately, but a lump remains. The other horse's fetlock swelled, and several abscesses have broken. The hooves remain open and discharge a fetid fluid.

A. S.

Ans.—This is a form of blood-poisoning, and it is hard to give the cause. It is possible there is some weed in the pasture that caused the alteration in the blood. Change the pasture, or keep the horses in the stable. Flush out the cavities of the abscesses three times daily until healed with a five-per-cent. solution of carbolic acid. Lance any fresh ones that appear, and treat as above. Purge each with 8 drams aloes and 3 drams ginger, and give each 1½ ozs. Fowler's solution of arsenic twice daily for ten days.

VETERINARIAN PRACTICING

What procedure is necessary for a veterinary student to become eligible to practice as a veterinary surgeon in the Province of Manitoba? I understand that candidates are given an examination by the Manitoba Veterinary Association Board of Examiners. Is any preference given to students of any particular college, or does the result of the examination rest on the student's ability and knowledge regardless of where he obtained his training? W. A. H.

Ans.—Candidates for registration as veterinary surgeons in Manitoba are required to produce a diploma showing them to be graduates of a recognized veterinary college having a curriculum of not less than three sessions of six months each, and must then pass the examination of the Board here and pay the examination fee of twenty-five dollars. There is no distinction made between colleges that are recognized as up to the required standard, and all graduates are required to pass the examination. The regular examination is held in the beginning of April, but special examinations are also held at other times if the Board deems it necessary.

F. TORRANCE,
Registrar for Manitoba.

GOSSIP

SCROGGIE'S CATALOGUE

W. H. Scroggie, of Montreal, has an attractive advertisement in this issue announcing that their new

and winter catalogue is ready for distribution. This great departmental store has become very popular among a rapidly-increasing host of customers. Increased business has made it necessary to move into new and much larger quarters, where facilities are provided for filling orders promptly. Write them for their catalogue.

WHICH IS YOU?

Which of these women is you? One has consented to use a disk filled "bucket bowl" cream separator, and will spend twenty minutes twice a day washing the 40 to 60 disks it contains, as shown in the right hand pan. One has insisted on having a simple, sanitary Sharples Dairy Tubular and will spend only twenty seconds twice a day washing the tiny piece in the left hand pan—the only piece Dairy Tubular bowls contain.

Be the left hand woman. Insist on a Tubular.

The manufacture of Tubulars is one of Canada's leading industries. Sales exceed most, if not all, others combined. Write for catalog 186
