How Our Selection of Men Aids Your Selection of Oils

THE quality of all things depends, to a great extent, upon the workers and those who instruct and train them. Training and experience increase the product of your fields and produce higher quality grain. So it is with oil refining.

Scientific Refining, as originated by us, is founded upon this vital principle. We realized that nature had given us her best crude material, that in many respects mechanical processes were fully developed and that, therefore, the test of quality depended upon the workmen.

En-ar-co National Motor Oil Made By Graduate Workmen

What the training camp is to great armies, En-ar-co instruction is to the refining of petroleum products. Skilled instructors train each man. Advancement depends upon knowledge. And so each workman seeks to merit his master degree—to become an En-ar-co Graduate.

Thus we select men for responsible tasks. And these are the men who produce petroleum products for better lubrication—greater power. Thus we produce oils that are as nearly perfect as human hands and minds can make.

For All Types of Motors

Tractors, Automobiles, Aeroplanes, Trucks, Gas Engines and Motor Boats give better service and last longer when lubricated with En-ar-co National Motor Oil. And there's equal satisfaction in White Rose Gasoline and other En-ar-co Products. Try them now. Learn for yourself, what many thousands know—that the best is none too good for your motor.

Get This Handy Oil Can — Sent FREE

Send the coupon for a long spouted can that enables you to oil the hard-to-reach parts. You'll find no other like it anywhere.
