**New C.P.O.S. Liner.**

The Empress of Canada, a twin screw geared turbine oil burning passenger liner, built to the order of the Canadian Pacific Ocean Services, Limited, especially for their trans-Pacific service, was recently launched at the yards of the Fairfield Ship Building & Engineering Co., Limited, Govan, Scotland.

The christening ceremony, which was performed by Mrs. G. M. Bosworth, the wife of the chairman of the Canadian Pacific Ocean Services, Limited, went through without a hitch.

The ship is 653 ft. long, 77 ft. 9 ins. wide and has a depth to the bridge deck of 53 ft. 6 ins. Her gross tonnage is about 22,000 tons, and she is arranged to carry about 490 first class, 106 second class, 238 third class passengers and 547 of a crew. Of the cargo spaces, a large portion has been fitted for the carriage of silk. The ocean speed is about 21 knots. The vessel is built to the highest class of Lloyd's register, to full Board of Trade requirements and sub-divided in full accordance with the requirements of the Bulkhead convention.

A complete system of telephones with a central exchange is fitted to the special and private suites and various offices, etc.

The dining saloon is on the upper deck and will accommodate 325 persons, a large reception room is situated forward of the dining saloon with passenger elevator at the fore end; on this deck also is a swimming pool 30 ft. long by 18 ft. wide, and a gymnasium.

Throughout the vessel special attention is everywhere given to the fact that the Empress of Canada is to serve in semi-tropical climate; public rooms are therefore large and airy and the ventilation amply arranged. The maiden voyage of the Empress of Canada will be a tour of the world, starting from Liverpool, March 15, 1921.

**Breaking the News Gently.**

In our opinion, says the Kansas City Times, this Higginsville soldier deserves the medal for skill in breaking bad news. His letter said:

"How is everyone at home? I am fine and dandy. Say, mother, you ought to have seen my new bed last night. It was one of the nicest white iron beds, with springs, mattresses, sheets, blankets and a soft pillow. It was in a hospital, where I am now. The front is the only place I see any fun now. As I haven't been paid for six months, I am near broke.

**Long Thumb—Strong Will.**

If the top joint of your thumb is long, it shows that you have good will power. Well-developed, reasoning faculties are possessed by those people who have thumbs, the second joints of which are long.

Thumbs that work easily are owned by careless, happy-go-lucky, spend-thrift individuals. A stiff, firm-jointed thumb, however, shows that the person is keen, tactful, self-possessed, and cautious—the sort of man who will get on in the world.

**CHILDHOOD INDIGESTION**

Nothing is more common in childhood than indigestion. Nothing is more dangerous to proper growth, more weakening to the constitution or more likely to pave the way to dangerous disease. Fully nine-tenths of all the minor ills of childhood have their root in indigestion. There is no medicine for the little ones to equal Baby's Own Tablets in relieving this trouble. They have proved of benefit in thousands of homes. Concerning them Mrs. Jos. Lunette, Immaculee Conception, Que., writes: "My baby was a great sufferer from indigestion, but the Tablets soon set her right, and now I would not be without them." Baby's Own Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

**Peaceful Autumn.**

Golden-rod waving in veiled air; Michaelmas daisies, too, so fair. Peaceful Autumn, Peaceful Autumn.

A glance doth prove all Nature's working. Not a leaf its task is shirking. In late blossoms bees are lurking. Peaceful Autumn, Peaceful Autumn.

Foreward'd by the receding sun, The birds' long journeys have begun. Peaceful Autumn, Peaceful Autumn.

Granaries are overflowing, Golden pumpkins, moon-like, glowing; Near the river cattle lowing. Peaceful Autumn, Peaceful Autumn.

Drawing his bow across his wings, The lively music master sings. Peaceful Autumn, Peaceful Autumn.

Flaming maples, beauty giving, Voices of all creatures living, Join in chorus of Thanksgiving. Peaceful Autumn, Peaceful Autumn.

**Your Promised Land.**

Mebbe we ain't all in clover, But we're goin' to play our part; Got so much for to say grace over, Dunno where to start! It's a fine old world, Where the blessings fall, Till you can't get 'round To count 'em all!

**Jack Tar's Jargon.**

As soon as anything new comes to the lives of our sailors they at once find a nickname for it, says a London weekly. Thus, when wireless came, its operators were immediately dubbed "Sparks" by the entire Navy.

Weird and strange is the vocabulary of our sea dogs. Almost all words seem to serve—provided they have no apparent relation to the thing referred to. A soldier is a "grabby" or "leather-neck." But a "soldier's wind" means nothing military—it is merely a fair breeze.

A marine calls his bluejacket pal a "flatfoot," in return for which he is hailed as "Joey." The ship's cook is "slushy," and an artificer is "chippy chap." Even the chaplain does not escape. He is the "devil dodger."

A grumbler "flogs the cat," while a bad-tempered man "lies under the truck." A "schooner on the rocks" isn't as ominous as it sounds—it is just a pan of vegetables; while preserved meat is "Fanny Adams." A "fanny," however, is a lot of rum.

A funny man is "Cuts," and a storyteller is "Tom Pepper." "Gold dust," of course, is the paymaster, though the less respectful call him "Pusser" and "Paybob." The commander is the "bloke."

A "holiday" isn't a good time, it is a gap left in the clothes-line when washed garments are hung up to dry. A "handy billy" is a small pulley; and the "bullgines" drive the ship. The order "Haul away handsomely!" does not mean pull hard, but pull slowly and carefully.

A gunner is "Buo lights," because he is responsible for the "fireworks." The master-at-arms is "Jaunty"; a ship's corporal a "crusher"; a petty officer is "Tanky."

"Sailors are 'matloes," and "Andrew is the Navy."

**FREQUENT HEADACHES A DANGER SIGNAL**

**The Victim Nearly Always Suffers From Weak, Watery Blood.**

There are few ailments that cause more genuine misery than nervous or sick headaches. Only those who have endured the suffering, sometimes for days at a stretch, can realize the agony of the victims. Noises increase the pain; food is unthought of, for it only adds to the distress. When the attack is on there is little to be done until it passes away. These headaches are nearly always a danger signal that too frequently pass unheeded. They are the symptoms of many maladies, such as anaemia, constipation, indigestion, etc., and when these are cured the headaches permanently disappear. Headaches are more often a sign of weak, watery blood than anything else, and the most successful treatment, therefore, is a medicine that will rebuild the blood and make it rich and red. This can best be done through a fair course of Dr. Williams' Pink Pills, which has a special action on the blood, and through the blood on the nerves. In this way Dr. Williams' Pink Pills have been found invaluable in a wide range of diseases due to poor, watery blood, such as anaemia, rheumatism, indigestion, after effects of influenza, neuralgia, etc. The effectiveness of this tonic treatment is illustrated in the following case: Mrs. Geo. Arn, R.R. No. 6, Simcoe, Ont., says: "Some years ago my daughter, then a young girl of eleven, became very much run down and nervous. She was troubled greatly with sick headaches, and frequently with vomiting spells, and although we lived just across the road from the school, she was not able to attend. She was taking medicine all the time, but it did not seem to do her any good. I had often read of Dr. Williams' Pink Pills, and finally decided to give them to her. By the time she had taken two boxes she seemed much better, and before the fifth box was finished, she was again in the best of health and has always since enjoyed the best of health. I am satisfied it was Dr. Williams' Pink Pills that restored her, and I have since seen equally good results in other cases."

You can get Dr. Williams' Pink Pills through any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

**That Grievance.**

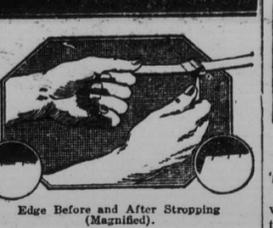

Have you got a grievance? We most of us have; yet harboring a grievance is one of the most foolish forms of hoarding.

Women usually have a great many more grievances than men. They are more introspective, also more intuitive. They feel even the slightest things they cannot see. Men are more frank with one another. If they are annoyed they say so; women sometimes smile, even when they feel very hurt.

It is a well-known fact that many women-run concerns—including clubs—break down owing to disagreements among the ladies. Women take offence, and as has been said already, they do not always show it, but they nurse a grievance, until it becomes a bitter sense of wrong and a heavy mind burden.

Now, why shouldn't we have any grievances? It's wrong and un-Christian, of course, but never mind that for the minute; we must avoid them out of expediency. They will hurt us far more than the person against whom we feel aggrieved.

I have a relation—we most of us have—who almost always has a "quar-

Edge Before and After Stropping (Magnified).

**It's the stropping that counts!**

Any razor is soon ruined by unskilled stropping. There is one and one only razor that sharpens itself—the AutoStrop Razor. You can't strop it wrongly—just slip the strop through the frame and a few strokes to and fro will renew the blade edge.

Any dealer will demonstrate the AutoStrop Razor to you, guarantee satisfaction, or refund of purchase price.

rel" on with some member of the family. Someone has not invited her, or they have slighted her, or done or left undone something, and she seizes upon it, and has a "grievance." This grievance she carefully nurses until it becomes a full-grown child of real unhappiness.

It's a nasty, spoilt child, too, and she always brings it with her when she comes to call, and lets it annoy you while she shows it off.

Of course, we can all make grievances. They are easily made—you needn't work overtime to get them done. You only want a great sense of your own importance, much conceit, a narrow outlook, and a thorough want of sympathy with everyone else to start a whole crop of grievances.

So let's get rid of them before they spoil our lives. We must throw them off, and make an effort to leave them on the sands of Time. Let the broad sea of selfishness and understanding sweep them away into its depths.

**Oh, What a Surprise!**

The christening had gone off splendidly, and even the very juvenile "star" had behaved beautifully; though the name he had received, "Reginald Homer," would seem to be sufficient justification for a revolt.

In the vestry afterwards, the clergyman was making the usual entries. When writing down the second name, he paused thoughtfully.

"Strange," he thought, as he recalled the original Homer, the great Greek poet. "It's a curious name for the sonny of a navy."

Then he turned to the proud father. "Your favorite poet?" he asked, pointing to the name.

"Poet, sir," repeated the man, with a surprised look. "Poet, sir? Lor, no; I keeps pidgins!"

**MONEY ORDERS.**

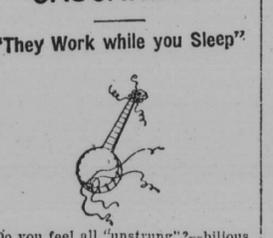

When ordering goods by mail send a Dominion Express Money Order.

Although wool prices declined to some extent this season, farmers should not be too anxious to get out of the sheep business. A fair-sized flock of sheep on the average farm will never be a losing proposition.

The tendency among shippers of farm produce, in view of increased railroad freight rates, is to favor good roads and the use of motor trucks. Will any but the highest type of road meet the demands of the increased amount of heavy traffic, and will the cost of such roads be less than the increased cost of railroad freight service?

He—"Yes, dearest, I suppose I must." (After a pause). "Has your father got a telephone?"

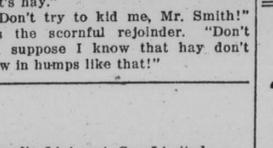

**Thought He Knew Better.**  
Johnny paid his first visit to a farm the other day. All his life he had lived in the heart of a great city, and when he suddenly came in sight of a hay-stack, he stopped and gazed earnestly at what appeared to him as a new brand of architecture.  
"Say, Mr. Smith," he remarked to the farmer, pointing to a haystack, "why don't they have doors and windows in it?"  
"Doors and windows!" smiled the farmer. "That ain't a house, Johnny, that's hay."  
"Don't try to kid me, Mr. Smith!" was the scornful rejoinder. "Don't you suppose I know that hay don't grow in humps like that!"

**Beyond Expression.**

An elderly lady was questioning the ex-artilleryman. "And what was the most terrible sight you witnessed in the war?" she said.

"Well it was like this," replied the soldier. "We had just spotted a German machine gun nest with about twelve enemy gunners that were holding up our advance. We located the nest and put the first shot right in the middle of the Jerries."

"How dreadful!" interrupted the old lady, "did it kill them all?"

"No'm," replied the soldier sadly, "it was a dud."

**Make Love—Live Long.**

The art of love-making has a direct influence on the heart and blood. It stimulates the working capacity of the former organ, and keeps it up to concert pitch. As a result, the blood circulates with greater strength, and every part of the body is accordingly strengthened.

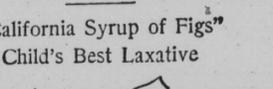

Love-making, moreover, has a very decided influence in stimulating the working of the liver. Patent medicines would have to go out of business to a considerable extent if the world were more generally given to the art of making love with genuine feeling.
