

Obituary

MRS. VICTORIA EMSLEY

Mrs. Victoria Emsley passed away in Thurlow this morning at the age of 81 years.

DROVE INTO BARRICADE

On Sunday evening an autoist drove into the barricade at the corner of Bridge and Church Streets, smashing three tiles and rushing on to the pile of gravel. This morning he found his way to the Standard Paving Company and made good his damage.

SUIT CASE MISSED

At 12.30 this morning Isabelle Lewis, of Toronto, complained to the authorities that a large dark brown suit case had been left by her in a car in front of 270 Coleman street at 11.30 o'clock last night and on her return the suit case was missing. The contents were two ten dollar bills, two dresses and so forth.

POLICE CALLS

The police had three calls last night to arrest a man, one for a man under a tree at St. Andrew's Church, the second to the corner of Pinnacle and Dundas Streets, and the third to lower Front, where Louis Rushlow was arrested on a charge of intoxication. The arrested man was lying under a tree. The first two responses did not bring any arrests as the men had left.

FRACTURED WRIST

Mr. Leonard Domenico had the misfortune on Saturday afternoon at two o'clock of breaking his wrist while cranking a car on Bridge St. East, in front of the Domenico fruit shop. The engine backfired and the fracture resulted.

LOOKED SUSPICIOUS

On Sunday evening a call was sent in to the police from the Frankford Road, where it was said two men, one a negro, who looked suspicious, had been loitering around all day. The police had no authority to go out into the country.

CHICKENS STOLEN

On Saturday night chicken thieves visited Mr. R. McDonald's hen shed and stole four hens and a rooster. The coop had previously been rifled and the five were the last.

OIL STOVE EXPLODED

Slight damage was done on Saturday afternoon at 364 North Charles street, the home of Mr. Thomas Yorks, when a coal oil stove exploded. The blaze was easily extinguished.

PRESENTED WITH A PRAYER BOOK

On Friday afternoon a number of the ladies of St. James Church Guild, Tweed, met at the home of Mrs. H. P. Corbett, to say farewell and extend their good wishes for her few home in Belleville. Mrs. Wallace presided, and Mrs. Elliott read an address, during which Mrs. Hammett made the presentation of a copy of the New Prayer Book. Mrs. Corbett has been associated in the work of the choir and has also since the beginning of the year filled the office of President. Refreshments were served and an enjoyable time was spent.

CANCELS LEASE

Having in view the increasing number of young people who use Oshawa Alexandria Park for sport, etc., the Parks Commission has decided to cancel the lease of the South Ontario Agricultural Society, under whose auspices the annual Oshawa fairs are held. The Commission desires to make use of the ground which the fair buildings and race track occupy for sporting and park purposes. The notice to vacate therefore means that the Agricultural Society must remove their buildings by December 31, 1921.

TORONTO MAN DROWNS IN LA GOON

Trusting his safety solely to a flimsy pair of water-wings, John Haberman, aged eighteen, Spadina avenue, Toronto, was drowned in one of the Island lagoons at the foot of Andrews ave. Thursday morning, when the wings slipped from under him. Shortly after eleven o'clock he had gone in bathing, and, although it is stated, he was unable to swim a stroke, he ventured to cross the channel by the means of water-wings. A few feet from safety the wings slipped away from him, and the lad sank in fourteen feet of water.

His predicament was at once notified from the shore and a hurried call was despatched to the Life-Saving Station at the Eastern Gap. In the record time of four minutes, the speed boat with the life savers arrived but Haberman's body had apparently become entangled in the weeds at the bottom, and an hour passed before the grappling hooks located him. The Schaeffer method of resuscitation and a pull-motor were at once applied, but another hour's effort at resuscitation proved fruitless.

Deceased was the saxophone player in Linton's Orchestra and was well known to many Bellevillians. He was a clever musician and very popular with the young people of Belleville, who will learn with sincere regret of his tragic death.

WILL HYPHENATE LICENSE NUMBER

The contract for the motor vehicle license makers for 1921 has been let by the Hon. F. C. Biggs, Minister of Public Works and Highways. The numbers will be hyphenated in groups of two—for instance, 18-92-72. The Canadian-born Secretary of State for New York State, Hon. Francis M. Hugo, originated this plate hyphenation scheme. It was found, after exhaustive tests, that numbers so broken into groups of two were much more readily and accurately seen and remembered.

THREE CASES OF WHISKEY SEIZED

An evident attempt to smuggle liquor across the line into the United States was nipped in the bud this morning by License Inspector McCammon, of Kingston, when he seized a quantity of liquor. Inspector McCammon visited a Kingston express company's offices, and seized three cases of whiskey, one case being choice Scotch whiskey. The liquor was addressed to an American citizen and it was evident that he was going to bring the liquor to his home in the States. Further developments in the case are expected shortly.

GEOLOGICAL SURVEY IN TWEED DISTRICT

Field parties belonging to Geological Survey Branch of the Department of Mines, Ottawa, are carrying on surveys in the Tweed district this season. The work which the Department proposes to complete includes the preparation of a geological map of a belt of territory 15 miles wide extending from Belmont township on the west to Hungerford and Elzevir townships on the east and the examination of all the mines in this area.

The surveys necessary for the preparation of the geological map are being performed by parties under the direction of Messrs. R. A. MacDonald and E. E. Fueland. The geological and mining investigations are being carried out by Dr. M. E. Wilson.

MARKED CHEQUE A FORGERY

The Kingston branch of the Bank of Toronto on Thursday received a cheque from the Royal Bank of Canada that was cashed in Montreal and is declared to be a forgery. The cheque was made by Walter M. Glover and stamped "Accepted" by the Bank of Toronto, Kingston, which is declared to be a forgery as the stamp does not resemble the genuine one in use in the bank office here. The amount of the cheque is \$56.50 and is endorsed "Frank L. Strange." Nothing is known of the parties whose names appear on the cheque, nor was the cheque ever seen in the Bank of Toronto, at Kingston. It is now in possession of the Royal Bank, which is out the \$56.50.

UNLOADED 80 LB. STEEL RAILS

The C.P.R. has recently unloaded two and a half miles of 80 lb. steel on its Brockville sub-division to replace the present rails. The steel will be placed between the Back Pond and Fairfield station.

BELMONT PLACES STRUCK BY LIGHTNING

Friday's electrical storm did considerable damage east of Norwood, says the Norwood Register. Mrs. P. L. Logan's house was struck by a bolt which travelled through the building scorching and tearing things as it passed. Fortunately no one was injured but Mrs. Logan's son, who works on the C.P.R. had a rather narrow escape. He was in bed at the time and the lightning came so close as to singe the hair on his arm.

Mrs. Spinks, Belmont, had four cows killed in the same storm; while it is stated, he was unable to swim a stroke, he ventured to cross the channel by the means of water-wings. A few feet from safety the wings slipped away from him, and the lad sank in fourteen feet of water.

with the team to put them in the stable when the bolt struck the barn. He saw the fall of fire coming. It entered the cow stable and ripped things to pieces pretty well before it disappeared.

GOOD CITIZENS GONE

Tweed lost two good citizens this week in the persons of Mr. and Mrs. H. Corbett, who have left town to take up their residence in Belleville, says the Tweed News. They have resided in this village for about eighteen years. During that time Mr. Corbett has been on the run as mail clerk between Tweed and Kingston. He has been promoted to the position of senior clerk, and his new run will be between Belleville and Peterboro.

Both Mr. and Mrs. Corbett were active members of St. James' Church, and their removal is a decided loss to that congregation. We wish them the best of luck in their new home.

STILL DISCOVERED AT BOBCAY-GEON

License Inspector Thornbury, of Lindsay, was summoned to Bobcaygeon on July 12th to investigate what was supposed to be an illicit still. He made the trip on the 13th and found a crude still, made from a boiler. The case was placed in the hands of the Inland Revenue Inspector, Mr. Buller of Peterboro, and the case proceeded with. The owner of the still was fined \$112 for having the boiler in his possession and for allowing it to be used for the purpose of making booze. The man who actually made the "wet goods" was also fined a similar amount.

The inspector also visited a store at Noyes's Creek, where it was reported that a still was in operation, but none was found. All that could be discovered was a small remnant of half a gallon of "wet goods," which was said to be dandelion wine. A third place was visited with the same object in view, but nothing suspicious was found.

DRAW FOR SEMI-FINALS

The draw for the semi-final and final games in the race for the amateur baseball championship of Ontario has been made. The first play-down commences on August 14 in the Georgian Bay district. Guelph City League gets a bye in group B. Brantford and the Inter-Country League play down in group C, and Woodstock and Haldimand in group D. Group E, of Hamilton and North Wellington play down on Sept. 15th, while in group F, Central Ontario winners play off on Sept. 18 and 25.

\$1.25 FOR APPLE BARRELS

While the apple crop promises in some sections to be good, the present still have a tendency, it is feared, to place the Canadian apple in the luxury class. In both the United States prices for barrels and handling will and Ontario \$1.25 is being quoted for apple barrels for immediate delivery, with still higher prices in view.

BIG FORCE OF MEN ON NEW HIGHWAY

Within the next three months over three thousand men will be employed on the Provincial Highways system of Ontario, according to a statement made yesterday by W. A. McLean, Deputy Minister of Highways. Throughout the system this fall repair work will be carried on together with some construction where sections of the highways require it. At the present time, while some work is being done on the roads, the Department is concentrating its efforts upon securing material and getting the organization in shape. A resident engineer has been appointed for practically every seventy-five miles of highway, 25 having been named altogether. These engineers are locating gravel and stone suitable for crushing, and it is an interesting fact that considerable deposits of splendid road material have been found in districts where the visible supply was small. The engineers have been "prospecting" in districts where gravel and stone have been scarce and likely looking ridges are bored for gravel.

The Government has been systematically taking over the highways designated, up-to-date about 75 per cent. of the roads being in the possession of the Crown.

CLAUDE MUSSET, KILLED

Claude Musset, aged twenty-two years, son of Mr. and Mrs. John Musset, Cape Vincent, N.Y., met with an accident in Belle yards of the New York Central Railroad, near Syracuse last Friday, which resulted in his death.

freight car standing on a siding. He was struck and received a fractured skull which rendered him unconscious. He was taken to St. Joseph's hospital, in Syracuse, N.Y., but all efforts to save his life were futile.

MONTREAL TO BEAVERTON BY WATER

The handsome cruising yacht "Wanderer," which was in Lake Simcoe waters last summer, arrived in Beaverport last Thursday and will cruise the lake for some time and if possible pass through to the Georgian Bay.

While the Trent Canal is practically open and it is possible for small craft to pass it is somewhat doubtful whether such vessels as "The Wanderer" could as yet make the passage safely. The yacht is a fine specimen of marine construction for summer service and is but one of many we may expect to see in these waters in the near future. The tourists of "The Wanderer" are enthusiastic in their admiration of the four-hundred odd miles of canal and lake travel of the Trent system and declare it the ideal of a summer outing.

LORD'S DAY ACT

The superintendent of an organization at present in Belleville was this morning fined fifteen dollars for contravention of the Lord's Day Act. The work was done by some of his foremen and the manager admitted the charge.

WON SCHOLARSHIP

Congratulations are due to Miss Nina Yeomans, elder daughter of Dr. and Mrs. H. A. Yeomans, because of her success in winning the Hamilton Fluke Bigger Scholarship in Modern History at the recent First Year examinations in Arts at Toronto University. Miss Yeomans is a graduate of Belleville High School and her success reflects credit upon her alma mater. She has entered the Honor Department of Political Science and has taken modern history as an additional subject.

VOYAGEURS RETURN

The Belleville Y.M.C.A. boys have returned from a 12-day outing by canoe up the Trent Valley waterway. The voyage began at Lakeside and extended from there to Fenelon Falls and return to Lakeside. There were 12 boys in the journey outwards and 10 upon the return, two being compelled to make an earlier return by train. Mr. Brockel, general secretary of the "Y" accompanied the boys on their tour.

REPAIRS AT BRIDGE

The city is repairing the approach to the lower bridge on the north and east side, as well as the sidewalk in front of the business places just north of the bridge entrance.

HALLOWAY

The L.O.L. of this place celebrated the 12th of July in Madoc.

Mr. and Mrs. Stoneburg, of Ameliasburg, and Mr. and Mrs. Alyea, of Toronto, spent Sunday the 11th at the home of Mr. J. Lowery.

Mrs. R. Townsend had a narrow escape on Saturday the 10th. While painting the upper windows of their residence the ladder turned, causing her to fall to the ground, about sixteen feet. Dr. Ward, of Foxboro, was quickly summoned and it was found that no bones were broken, although she received a severe shaking up. She is still confined to her bed, although doing as well as can be expected.

Misses Daisy Currie, of Toronto, and Irene Russell, of Foxboro, were guests of Miss Bessie Spencer a couple of days last week.

Mrs. F. Covert and daughter, of Brockport, N.S., have returned home after spending a few days with her aunt, Mrs. A. Townsend, and sister, Mrs. H. Garrison.

Miss Martin, of Rawdon, spent a few days last week with her cousin, Miss Bessie McMullen.

Miss Vera Rose has returned home after spending the past week with her cousin in Strling.

We are glad to note that the two pupils of Prof. Mulheron from this vicinity, who tried their musical exams in Strling, were successful. Miss Eva Ross for Junior Primary, and Mildred Elliott for Primary.

Mrs. S. Elliott has been spending the past week with her daughter, Mrs. R. Townsend.

Mr. and Mrs. B. Lowery and daughter Hope and Mr. and Mrs. Pacey, of Trenton, spent Sunday last at the home of Mr. J. Lowery.

TWEED

Mr. James Arbuckle spent the week end in Toronto.

Miss Madeline Kindred is visiting friends in Havelock.

Miss Helen Sexsmith is visiting Thomasburg friends.

OAK HALL

Quite a number from here spent the 12th at Peterboro and Madoc.

Mr. and Mrs. Fred Jaques and Mrs. Sherman of Brighton, also Mr. and Mrs. Harry Board of Godolphin, spent Sunday at Mr. Wilmot Rose's.

Some of our young people spent Sunday with Mr. and Mrs. King, near Madoc.

Mr. and Mrs. Hugh Badgley and daughter spent Sunday with Mr. and Mrs. Casey, of Thurlow.

Mr. Neil Davis and family of Foxboro, visited friends here recently. We are sorry to report that Mr.

Claud Dufee had the misfortune to seriously injure his hand while turning a separator.

Mr. and Mrs. Robert Foster of Trenton, spent the week end at Mr. Charlie Scott's.

It Rubs Pain Away.—There is no salve so efficacious in overcoming pain as Dr. Thomas' Electric Oil. The hand that rubs it in rubs the pain away and on this account there is no preparation that stands so high in Public esteem. There is no surer pain-killer procurable, as thousands can attest who have used it successfully in treating many ailments.
