

CITY AND COUNTRY

(From Thursday's Morning Leader.)
The management of the C. P. R. recently announced that it will shortly have 800 miles of its line double-tracked.

Patrons of the Auditorium roller rink are advised to take early advantage of the opportunity to buy in advance tickets for the opening dance night at the rink. The box office is now open.

A specimen of wheat grown on Walter Simpson's farm six miles north-west of the city was brought to the Leader office yesterday morning. It measured 3 1/2 inches and is well headed out. It is declared to be just five days behind last year's growth.

T. N. Willing, chief inspector of weeds, has just made a trip in connection with insecticide work, from Hanley through the Goose Lake country to Saskatoon. Mr. Willing reports that the meetings were well attended and that the crops, especially west of the river, were looking well.

The Saskatchewan Construction company, Regina, has obtained the contract for the land titles office at Battleford. Their tender was \$31,000. As in the case of the Yorkton land titles office, the specifications called for a one-story fire-proof building, the contract for which structure was recently awarded to the same firm.

Captain Frank Crandall, from Port Hyma, representing the William Pearson company, of Winnipeg, was at the Alexandra hotel yesterday on business in the city connected with the company's steamship service on Last Mountain Lake. Having given the Leader some information as to crop conditions (printed elsewhere) he stated that the Canadian Pacific Railway company are buying a right of way on the eastern side of the lake for the construction of the line to connect Regina and Bullock. It appears as though work on the line will be begun almost immediately.

From Friday Morning's Leader.

Mr. Geo. Nesbitt and wife, of Oak River, Man., are spending a few days with Mr. and Mrs. G. A. Hogarth, on their return trip from the coast. Mr. Nesbitt is a highly prosperous farmer of the Oak River district.

Both day and night gangs of workmen are employed at the palatial King's Hotel in an effort to bring it to completion. Manager Lewis has agreed to look after a limited number of the Exhibition people next week, but the hotel will not be formally opened to the public for the reception of guests for a couple of weeks.

A. E. Collins, of the Provincial Auditor's department, whose father was killed by a C. T. R. train at Toronto on Tuesday, received a telegram yesterday stating that his mother, who is over 70 years of age, was dangerously ill as a result of the shock sustained in the death of her husband. Mr. Collins will leave for his home in Toronto by this morning's train.

To meet the Conservative leader, R. L. Borden, who intends to spend October 12 to October 18 in trying to convert the wayward electors of Saskatchewan, it is proposed to hold the provincial Conservative convention at Regina during his visit. The first Conservative Association for Saskatchewan was organized in August 1905, "when," says The West, "it was decided to conduct a non-party campaign in local politics. There has not been a meeting of the association since." Several Conservative gatherings will take place in the province, and be addressed by Mr. Borden, after which he will proceed to Manitoba.

From Saturday Morning's Leader.

Accompanied by roars of thunder and brilliant flashes of lightning, which earlier in the evening broke out intermittently in the west and northwest, a heavy rain fell in the city hours last night.

Citizens' evening was observed last night at the Roller Skating Rink. The Labach orchestra was in attendance and delighted the skaters with a large number of selections, of which the following may be mentioned: "Went you come to my house," "Take me on the rollers," "Jersey Carnival," "Rolling," "Daddy Dear," "The Bowery Girl," "Karama" and "Way down east among the shady palms." There were a good number of skaters at the rink. An acceptable change was made in the position of the band, which, owing to the noise of the rollers, moved down into the centre of the rink. This was a distinct improvement and the movement of skaters around the musicians formed quite a pretty picture.

From Monday Morning's Leader.

Prof. Henry Burton Shorman, Ph. D., of the University of Chicago, and his wife, who is a graduate of the same seat of learning, are in the city the guests of Prof. Shorman's brother-in-law, Mr. W. F. Kerr, editor of The Leader.

At a meeting in Saskatchewan of sixteen members from the tithing Church of England parishes in that city, a memorial was drafted to be sent to the provincial synod at Regina, asking for the formation of a new diocese in the centre of Saskatchewan. The proposed boundaries are the provincial boundary lines on the east and west, on the south the boundary line between townships 24 and 25 on the north, the line between townships 40 and 41, as far westward as Hague, then a straight line running north-westerly to the intersection of the Beaver River and the western boundary of the province.

From Tuesday Morning's Leader.

Wallace Hunt, of Winnipeg, is in the city in charge of the Teltley Tea exhibit at the Fair.

R. S. Lake, M. P., for Qu' Appelle, who has recently returned from a trip to England, is a visitor in the city.

Representatives of the Tourist Associations, both of Vancouver and Victoria, are attending the Fair. W. E. Flumert, representing the former, and Hubert Cuthbert, the latter, Mr. Cuthbert has a very fine exhibit of fruit shows in the main building.

A telegram received by The Leader from Winnipeg yesterday after-

noon states that the proposed Press excursion to the Pacific coast, which was to have started on Friday, has been cancelled on account of a sufficient number of newspaper men not having decided to take the trip.

It is understood that the Attorney General of Saskatchewan will not appeal against the recent decision of Judge Newlands in the Supreme Court to the effect that homesteaders are not liable in respect of arrears of taxes due from the previous occupant of the homestead.

Among the visitors to the Exhibition is Mr. Israel Groat, proprietor of the Maple Leaf Shorthorn herd, of Elmira, Ont., whose "Victoria's Favorite," a rich roan, was grand champion at the Guelph winter fair, 1906. At this winter fair Mr. Groat not only won the championship, but he also held the reserve championship, the first time such a thing has happened in the history of the winter fair. Mr. Groat is attending the Exhibition here merely as a visitor and unfortunately not as an exhibitor.

Members of Regina High School board met last evening in the city chambers. There attended P. McAra, Jr., chairman, H. W. Laird, J. Balfour, J. F. L. Embury, W. H. Duncan, J. J. Keesee Hunter and secretary treasurer. Geo. S. Gamble was appointed secretary-treasurer, his salary to be \$150 a year. Estimates to the amount of about \$2,000 were submitted. The board referred to a committee a number of applications for the position of classical master and commercial master, with instructions to report at the next meeting.

At the home of his sister, Mrs. Powell, Albert street, there died on Friday afternoon Mr. William Black at the age of 67 years. The informant took place on Sunday. Deceased came from Douglas, Isle of Man, a little more than four years ago. Besides his sister deceased leaves an only daughter, who was at one time engaged in the Agricultural Department. When the offices were divided, consequent upon the formation of the Territories into two provinces, Miss Black was removed to the land office at Medicine Hat.

The palatial King's Hotel, the finest hostelry in Western Canada, the Royal Alexandra, Winnipeg, is almost completed, although not quite completed, was informally opened yesterday in order to provide accommodation for some of the Exhibition visitors. A table d'hotel dinner was served at six o'clock and was enjoyed by many. All evening the spacious rotunda was crowded with citizens and visitors who were loud in their praise of the magnificence of the new house. The dining room, which has a seating capacity for 150 guests, was particularly admired, and the great 60 foot bar extremely well patronized. The formal opening of the hotel will not take place until the house is thoroughly completed which it is expected to be in about ten days or two weeks.

MEETS LAURIER

Hon. Geo. P. Graham Has Long Interview With Sir Wilfrid

OTTAWA, July 25.—Hon. Geo. P. Graham, leader of the opposition in Ontario, was in the city today, and had a long interview with Sir Wilfrid Laurier. As Mr. Graham's name has been mentioned, along with other names in connection with the vacant portfolio in Ontario, his presence here at the present moment gave rise to the report that he had been sent for in regard to the matter. Although this is not correct, the likelihood is that the political situation in the province was discussed. Mr. Graham rendered valuable service to the Dominion Liberals at the last general election, and therefore his views are desirable by the Liberal party, as the province is of great importance, apart, altogether from what every opinion he may entertain as to entering the Dominion field.

OUR DOLLAR OVERALL

Our Dollar Overall was always popular with farmers and those who need an overall for choring about, rather than a garment to work in all day. Weeks before the rise in the cotton market we ordered our assortments of eight ounce duck as usual, in grey and black shades. The overalls are here at last year's figures, and by anticipating our own and your needs far in advance this store protects you against the abnormal rise in the market.

The Dollar Overall of genuine eight ounce duck in grey or black shades, in overall or pant cut, with or without bib. On sale in men's section.
