Green Ceylon and India tea which is now being introduced into Canada, in the well-known packages of the "Salada" Tea Company, has got one great advantage over Japanese tea, and that is, while it is of the same flavor and the same light coloring liquor, it is very much stronger and absolutely free from adulteration, which practically no Japanese tea is. Ceylon Green Tea is sold in the sealed lead packets of the "Salada" Tea Company and is always fresh and fragrant as well as healthful.

With reference to to-morrow night's production of "The Prisoner of Zenda," Mr. Cairns says: "Everyone who sees the production will hear a delightful story well told by thoroughly capable people. The costuming is gorgeous, the scenery and settings very handsome, and I believe the production will more than please everyone who sees it. The company played a return date in St. Thomas to a packed house and the newspapers of that city were loud in their praise of the production."

The great amount of design work done at the Victoria Avenue Green House is sufficient proof of the excellence of the work. Nothing but the best at the lowest prices. Telephone 181.

Miss Jennie Illingworth is ill in the Public General Hospital. Mr. and Mrs. Richard Smith, of Seaford, are the guests of Mr. and Mrs. James Anderson, Barthe street.

Mrs. Garner's condition is reported as even more unfavorable to-day.

THEORIES ABOUT CATARRH

Peculiar Ideas Regarding a Common Disease.

Mark Twain's cure for a cold in the head was simple, but he claims very effective in his own case; his plan was to eat nothing for twenty-four hours, or presumably until the trouble had disappeared.

Twain's not able to speak from personal experience as to the effectiveness of this treatment, it certainly has the merit of extreme economy, but it occurs to us that the application of it to a case of nasal catarrh might be attended with difficulties.

Catarrh, as everyone knows, is a chronic cold in the head, and Mr. Twain's treatment, if it should become a fad, would make us a nation of fasters, an army, emulating the example of the immortal Tanner who achieved world wide fame, by fasting forty days.

Catarrh is certainly becoming a national disease and there is little doubt but that errors in diet, particularly over eating is a very common cause. Most people, however, are more interested in the cure of the trouble, than in the cause, and modern medical science has produced more effective and less heroic remedies than Mr. Twain's.

Guaiacol is a new remedy, very effective in some forms of catarrh. Eucalyptol is another which on account of its antiseptic properties is very valuable while many severe cases of chronic catarrh have been cured by the sanguinaria or extract of blood root alone.

Within a year an enterprising chemist has combined all of these remedies in tablet form, palatable and convenient and the superiority of this tablet over other catarrh remedies is so apparent that all druggists now carry them in stock to supply the popular demand.

They are called Stuart's Catarrh Tablets, and it is doubtful if any medicine has achieved a national popularity in so short a time as this.

Stuart's Catarrh Tablets are used by thousands of travelling men because they can be carried in the pocket and used any time and in any quantity, being free from Cocaine, opiate or any poisonous drug.

They clear the head and throat of the use of which often as inconvenient any annoying as the disease itself.

For nasal catarrh, they are far superior to any wash, lotion, or ointment, the use of which often as inconvenient any annoying as the disease itself.

For coughs, colds, bronchial catarrh and all other chest troubles, these tablets give immediate relief and a permanent cure where lotions, douches and inhalers make no impression whatever.

This preparation is a boon to catarrh sufferers, and any druggist will tell you that Stuart's Catarrh Tablets is a remedy that has come to stay.

A good time is anticipated at Charing Cross on Sunday and Monday, it being the occasion of the anniversary services of the Methodist church. Rev. Dr. Hanson of this city, is to preach morning and evening. A fine supper follows on the Monday evening. After tea a splendid program is arranged for—good music, fine solos, excellent readings, and addresses by Rev. Dr. Hanson, W. H. Shaw, of Cedar Springs, and Rev. J. Gallopway of Dresden.

THE CROW WAS LOADED.

An Amusing Incident That Happened at Funder Bay.

Dick Willoughby relates an amusing incident that happened to him at Funder Bay.

Dick was driving a tunnel on a ledge back of his cabin, and was in the habit of leaving a stick of giant powder on a rock in a sunny place at the mouth of the tunnel to thaw out. On several occasions when he went to get his powder it had mysteriously disappeared, and he was at a loss to account for it. As it was considerable of an annoyance to have to go to the cabin and get more powder and wait for it to thaw, Dick concluded to watch proceedings and wait for the thief.

He laid the stick of powder in its usual place, and had waited but a short time when he saw a raven sail out of a tree and swoop down upon the explosive. The bird tore at the tough paper cover until it could get at the powder, then began to greedily devour it. Giant powder is made up of nitro-glycerine, sawdust and grease and a whole stick of it makes a very hearty breakfast for a raven. The stick had nearly disappeared when Dick thought it time to avenge his loss and was in the act of raising his rifle when the raven gave a defiant caw and arose in the air with the remainder of the stick of powder grasped in his claws. When up some distance the powder slipped from the bird's grasp and came tumbling to the ground. Dick saw the powder drop and dodged behind a boulder, fearing it would explode when it struck the rocks; however, it did not. The raven perched in a tree, and Dick drew a bead and let drive. Immediately following the report of the gun Dick was not a little startled at receiving quite a shock and heard a second and louder report, while the air was filled with small bits of raven meat and feathers.

After the smoke of battle had cleared away all that Dick could find of that raven was the bill and claws and a bunch of black feathers. The shock of the bullet passing through the bird's body had exploded the powder it had devoured.—Juneau News.

THE NEW BARRACKS.

These worthy and useful religious people have suffered great inconveniences from their uncomfortable housing and surroundings in the old wooden barracks opposite the C. P. R. Depot. Hence a vigorous effort was crowned with success to improve the building, and Messrs. Cucksey & Pritchard, the contractors, took up the contract, which almost amounts to complete reconstruction. The front is veneered in unstained brick of a handsome, very dark red. Hammered grey stone to first row of window sills, same material for string courses, keystones and impostes. Handsome, large circular arches for main entrance and opposite windows in second story. The officers will reside in the front part of the new edifice, with rooms pleasantly facing the south. The larger meeting hall on the ground floor, is 50 x 36 and the smaller, 20x32 feet. The cost is to be \$2,000, to be finished Nov. 15. Heating in the meantime, is by wood stoves, but eventually it will be by a hot air furnace. The outside dimensions of the barracks, are 94x38 feet. Adjutant Combs, a most intelligent young officer, with a clear, resonant voice, and a good singer and instrumentalist, has charge, not only of Kent and Chatham, but of Essex, including Windsor.

IT PAYS TO

Watch the advertisement of The Canada Business College, Chatham, Ont.

Which is to appear in next Saturday's issue of this paper. It will show you what this school is doing in qualifying its pupils to fill choice positions, and assisting them to find these places when they are ready.

Seventy-two of our pupils secured good positions during July and August of this year. Saturday's ad. will contain half the list, showing where they are placed, the others will appear the following Saturday. Watch for it if you are interested.

230 of our pupils secured good positions in the 10 months ending July 1st, 1900. We can send you the list showing you where they were placed.

While other business schools are claiming to be doing considerable in the way of assisting their pupils, yet we believe ours is the only business school that publishes a list of pupils placed, so that the public can be satisfied of the truth of the claim.

Write for our handsome catalogue, if interested.
