Health and Comfort Secured in Summer Time By Using

Malt Breakfast Food.

Oatmeal and ordinary prepared breakfast foods are positively hurt-ful to many people in summer weather as they contain too much insoluble starch, and are too irritating and heating. Malt Breakfast Food is heating. quite free from starch. It is the most easily digested food, it keeps the blood at normal temperature, it sus-tains strength and energy and builds flesh, bone and muscle. See your Grocer.

"I would say," replied the patient "Go thou and do likewise." -

Philadelphia Press. The popular view of the relation of the blood to human character and conduct is marked in many a familiar expression. We speak of their being "bad blood" between people at enmity, of "blue blood" as indicating ancestry, of "black blood" as describing a treacherous nature, and in many another phrase mark our belief many another phrase mark our belief that in the mental, moral and physical man, "the blood is the life." The one basis of a healthful, happy and useful life is pure blood. With the blood pure, disease has no permanent lodging place in the system. For this reason the use of Dr. Pierce's Golden Medical Discovery rids the body of diseases which have their origin in impurity of blood. It absolutely purifies the blood, carrying off the waste and poisonous matter, increasing the action of the blood making glands, and building up the body by supplying the blood in quantity and quality such as is essential to a condition of health. It cures ninety-eight people out of every hundred who give it a fair trial.
