ASSISTING A CRIME.

The Toronto Globe on Saturday had a despatch from Prince Albert, Sask. reporting that Donaldson, Conserva wive, is three ahead with three northern polls to hear from. Then it adds: "A Conservative conspiracy to waylay these boxes was unearthed Shere fast night, and a detachment mounted police were despatched at water to protect the deputy and bal Efort boxes."

Mf this be true, and if all the re ports from Alberta, and Saskatchewan of the partisan uses to which The mounted police are put be true, When it is all up with the chances tof the Conservative candidate, and with the sanctity of the ballot boxes. Reports from the west indicate that The mounted police are used to round ap the ignorant foreign voters and drive them like cattle to the polls, cond Dominion land agents are used to intimidate sattlers by telling them they will lose their homesteads if they do not vote for the Government

The transparency of the story of Conservative conspiracy to despoi ballots that are under the guardian ship of Liberal officers would forbid its publication in any other paper than the Toronto Globe. A I paper that would seriously publish The yarn about the Buffalo Belles as equal to anything, no matter how cheap, no matter how puerile, n matter how fransparent. The Globe as either deceived in its Prince Albert correspondent, or it is willing to b the medium for the conveyance of bare-faced lie. We do not believe it is deceived. If it profits by ex perience, it is not.

When the Minnie M. started out wan its memorable cruise to Wawa anand Michipicotan, with a wad of pluggers, the Conservatives hired the Philadelphia to convey scrutineers to these booths, and the Grits chartered the Ruth to stop the Philadelphia which it did successfully with the aid officialism. And thus the carnival of crime was allowed full sway by these who should have prevented it Well, on that occasion the Globe's correspondent wired his paper that a gang of pluggers was being sent on the Philadelphia to commit crimes against the ballot boxes in outlying districts, but that the vigilant Liberals hired the Ruth and put a stop to the game. The true story came out in court afterwards, but the Globe has never yet apologized to its fool readers who believed its story. On the contrary, it gives them another dose of it now. If they believe such stuff and are influenced by it, it would not be important were it not that the idiots may have votes that counteract the votes of intelligent citizens.

Having in mind what happened at the Soo; and the assistance which the Clobe then gave the conspirators, we expect nothing less at Prince Albert 4han the tampering of the ballots under the wings of the officers sent estensibly to protect them. We wave prima facie evidence in the despatch to the Globe sent by a smart machine operator, and published by a journal that pretends to be respectand that requires to have a sky palot in charge to keep up the deception.-Hamilton Spectator.

GOD BLESS THE HUMAN SUN-BEAMS.

The men both strong and true,
who daily sing or whistle
At all they have to do.
Their eyes are clear and merry,
Their step is firm, but light,
Their laugh's a benediction
And life once more seems bright.

God biess the human sunbeams

The women, who, though sad,
Can still be self-forgetful
And other hearts make glad.
Theirs is a blessed mission:
Their smile can make night day,
Their cheery words of comfort
Soon drive all clouds away.

The children fair and fond,
Who come into our presence,
Life's hardest lessons conned.
Their prattle falls like music,
Just as a tear-drop starts;
Their kisses and caresses
Can ease poor burdened hearts.

God bless the human sunbeams, Men, women, children, too, Who add to life much sweetness Who add to life much sweetless
And leave us less to rue.

Fod bless them all! God bless them!
They do flis work so well,

Reward will follow after
And heaven the story tell.

—Mrs. Finlay Braden.

Some time ago M. Lyons was ill, and to meet expenses porrowed \$25 from H. C. Kehr, manager of D. R. McNaught & Co., Minneapolis. He swore yesterday that he was promised the money at 10 per cent, per year, and was required to sign a note, agreeing to pay \$43.80 in twelve payments, He also paid \$1 for drawing up the note and gave a chattel mertgage on \$300 worth of furniture.

When asked by the magistrate why he agreed to pay \$3.65 a month, he explained that he could not read or write.

"Fraud on ignorant people is worse than knocking a man down and stealing his watch," declared his worship, "Getting people to sign papers to beat them out of \$20 is the meanest, most contemptible kind of fraud, and I think that the whole circumstances should be reported to the Department of Justice. It is outrageous to allow these American grafters to concoct schemes and practise them on the poor people of this country. There ought to be some legislation to remedy such a glaring evil."

Kehr was committed for trial, and gave his own bail for appearance.
