See your Name is on the Voters' List

Regina Trades and Labor Council meets on Friday next, Aug. 7th. All delegates are urged to be present as the business before the meeting will be of an important nature.

We have received a copy of the first issue of the Grain Growers' Guide. This is a new farmer's journal published in Winnipeg, and has for its objects the dissemination of information in furtherance of the interests of the farmers and workers generally. We wish the new publication that success which its aspirations and ideals deserve.

W. A. McLroy, late president of the Bricklayers' Union is again back in the city looking fine and dandy. He looked like a bloated capitalist when he strolled into the office, but a few days later he had assumed the garb of an honest man, and was handling the trowel of his craft.

At a special meeting of the Regina Trades and Labor Council held on Saturday last the following names were endorsed for the position of fair wage officer for the province: Thos. M. Molloy, A. S. Wells, W. Gallagher. Moose Jaw Trades Council will submit a similar number of names, when it is hoped that the government may decide to select one of them to fill the position.

J. E. Paynter, recording secretary of the P.P.A. has been nominated by the executive committee of the Comrades of Equity to contest the Salt-coats division in the next federal election. Mr. Paynter is an independent stalwart, and if the rank and file of the members endorse the nominee of the executive, the farmers of western Canada will have one representative who will be a credit to them, and on whom they can depend to look after their interests in the Dominion House.

Voters' List closes August 6th

If the ever increasing number of men who are now masquerading in the Liberal and Conservative camps, and who have promised to support an independent candidate if one was nominated, would fill that promise if called upon, the election of an independent would be certain. One thing, however, is certain, that when a man is convinced of the righteousness of a cause, he is not to be found in the camps of the enemy, for it takes more than a cigar and a drink to subvert a true man.

How about the label? Union label goods are still the goods.

The carpenters of Moose Jaw have formed themselves into a local of the Amalgamated Society of Carpenters and Joiners. At a meeting held on Thursday night some 17 men signified their intention of joining, and it was stated that had not Walter Scott's meeting been held on the same date quite a number of men would have been present. Another meeting will be held next Thursday night to complete the work of organization, and it is hoped that every carpenter in Moose Jaw will be present. The Moose Jaw Trades and Labor Council kindly granted the use of their hall free for the organization meetings.

Labor Day, Sept. 7th. Is your union in line?

Are you on the Voters' List? If not, why not? Make your application without delay. This may be the only opportunity you will have for five years to demonstrate the fact that you are in one thing at any rate equal to your fellow man. Your vote will count for one just the same as that of your boss.
