SYNOPSIS OF Coal Mining Regulations

Coal mining rights of the Dominion, in Manitoba, Saskatchewan, Alberta, the Yukon Territory, the North-West Territory and British Columbia, may be leased for a term of twenty-one years at an annual rental of \$1 an acre, not more than 2,560 acres will be leased to one applicant.

Application for a lease must be made to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal sub-divisions of sections, and in unsurveyed territory the tract applied for shall be staked out.

Each application must be accompanied by a fee of \$5, which will be refunded if the rights applied for are not available but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

Every lessee of coal mining rights which are not being operated shall furnish the district agent of Dominion Lands with a sworn statement to that effect at least once in each year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of \$10 an acre.

For full information application should be made to the Secretary of the Department of Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

The Clothes I Make are the Clothes You Want

Because they continue to look well after you've worn them awhile. They don't curl up and break down the front and try to turn inside out. I always make them as you want them and there's a great deal in that.

My prices are remarkably low considering the fine quality of goods and style of make-up.
