which his relatives and most intimate friends to the number of about fifty were invited. Between boating and participating in different games on the island, the day was pleasantly spent. During the atternoon the pleasure was heightened by an interesting event in the shape of la presentation to Mr. Fielding. The gift was a very handsome ebony walking stick with solid silver head, bearing the following inscription:—"Presented to Mr. John Fielding on his 52nd birthday, by a few friends in Guelph, July 4th, 1882."
The presentation, which was made by Ald. Hewer, was accompanied by a flattering address, read by Mr. S. Myers. Mr. Fielding was completely taken by surprise, but made a feeling reply in which he thanked them deeply for the very handsome gift. The party returned to the city last night highly delighted with their outing.

OAPT. O'FARRELL, of Chicago, Ill., says: "I am only too happy that I used Sr. Jacons Oil. My leg was suddenly crippled with their outing.

gratified with what they saw. In fact so much so that we heard a veteran farmer from the neighborhood declarer if he was not so old he would go to the college him self for a term or two. No doubt as time goes on this formerly much abused institution, which is now very popular, will become much more so, and the information received even in so brief a time as a visit of a few hours will be of lasting benefit. Guelph is a very pretty and substantially built city, and the buildings now being erected are of a superior character. The Bell Organ Company have erected a very handsome briek building near the G. T. station which is four stories high with a fine clock tower and mansard roof. A lever fine block is being erected on the corner of Wyndham and McDonnell streets, where the Western Hotel used to be.
