People of this vicinity! Do you realize what this means to you? If you do, come down here the opening day and buy merchandise for a year. Reason for store being closed Friday, July 7th, is to arrange stock and mark down and smash former prices to the bone. Cash will be king. This is your chance—make the most of it. Remember Sale Starts Saturday, July 8th—nothing sold before. Important to everyone: All former prices smashed and hammered to pieces. S. A. Thompson's reason for this sale, and why he is obliged to make this great sacrifice is simply this, and which any ten year old child can easily see: The weather conditions have been so unusually unreasonable and late this spring that the Clothing and Furnishing business has been below normal in all sections of the country. With the excellent crops last fall, we were influenced to buy very heavy in all lines, anticipating a big business this spring. This did not come and now we find ourselves like many merchants with an immense stock on hand and bills coming due which must be paid. This store is now packed with new Spring and Summer goods, and realizing that we must do a phenomenal business to unload this immense stock and rather than take any chances on future weather conditions, we have decided to sacrifice our entire profit in order to turn everything into cash. This is your chance—make the most of it. Don't delay. Everything yours as marked. \$1 does the work of \$2

**All Should Know It! — All Should Heed It! — Nobody Should Miss It!**
